**Bylaws:** By Statute (PA 288 of 1967)

**Purpose:** The Plat Act requires that plats must be approved by two engineering firms the one which makes the drawings and a second disinterested firm. The Road Commission, the Drain Commission and the Health Department must approve preliminary plats before the Plat Board takes any action. It is then acted on by the County Plat Board and, finally, is submitted to the State Department of Consumer & Industry Services, Subdivision Control Unit.
