TO: MEMBERS OF THE SAGINAW COUNTY BOARD OF COMMISSIONERS

Honorable Commissioners:
In accordance with Article VI, Section 6.13, this memo is included with the 2001 Rules to provide clarity relating to conduct and procedure at Official Board Sessions, and any other matters which may be appropriate.

One of the duties as Board Chairman is to preserve order. The Board Rules assist the Chair with this in the sections pertaining to reporting, questioning and voting on committee recommendations.

The Rules provide that committee reports be introduced by the Committee Chair who is encouraged to summarize the reports. Members with questions are recognized by the Board Chair and the questions are addressed through the Board Chair. Members are encouraged to keep debate on a reasonable plane; questions and/or debate on the Board Floor should stay within the parameters of the motion consistent with the Rules adopted by the Board.

There are guidelines on the number of times and length of time a member may speak on an issue. Voting is open and members have the option of voice vote, hand vote or roll call. Members are allowed by privilege to request that a question be postponed. In addition, there is opportunity to speak under commissioners' initiatory motions and commissioners' audiences.

When a member requires more extensive information, it is recommended that he/she contact the Board Chair, Committee Chair or Staff Person prior to the Board Session, when possible. Commissioners are welcome to attend Standing Service Committee meetings for a better understanding of the issues.

To avoid disruptions and out of courtesy, please have all cell phones and pagers turned off or on vibrate while the Board is in session.

Following these procedures maintains the dignity in which the Board has successfully conducted its business throughout the years, and allows us to be more efficient, effective and cohesive.

Respectfully,
Robert L. Fish, Board Chairman

REPORTS OF REGULAR COMMITTEES
FROM: COMMITTEE ON COUNTY SERVICES -- 1.1 JANUARY 23, 2001

Your committee has considered communication 1-23-4 from John Schmude, Director, Parks & Recreation Commission asking to increase certain fees for the 2001 season. (See attachments)

We met with Mr. Schmude who informed us the Parks Commission is requesting the pavilion reservation fee at each County park be increased from $40 to $50 per day, and from $80 to $90 per day for the tandem pavilions at Haithco Park to keep pace with the cost of providing park services. In addition, Parks is asking to increase the awning rental fee (it has only one) from $50 to $75 per day to recover a portion of the cost of loading, transporting and
erecting the awning. All other Saginaw County Parks & Recreation fees would remain the same as in 2000.

It is the recommendation of your committee to approve the proposed fee increases for pavilion rental, as outlined above. We further recommend that the awning rental be increased to $100 per day to offset the entire cost of renting out the awning; and further that the proper County officials be authorized to implement same.

Respectfully submitted,

COMMITTEE ON COUNTY SERVICES

FROM: COURTS & PUBLIC SAFETY COMMITTEE -- 3.1 JANUARY 23, 2001

Your committee has considered communication no. 1-23-3 from Prosecutor Michael Thomas asking for a salary waiver to hire James T. Borchard in the position of Assistant Prosecutor at the step 6 level. Funds are available within the Prosecutor's budget.

Prosecutor Thomas informed us that he served with Mr. Borchard in the County Prosecutor's Office almost twenty-five years ago. Mr. Borchard left to establish a successful twenty plus year career in the private practice of law. He is a partner with the law firm of Smith, Bovill, Fisher, Meyer & Borchard.

Mr. Borchard would like to return to the Prosecutors Office to dedicate his remaining professional career to trying cases in Saginaw County's Courtrooms. He is committed to the Prosecutor's goal of reducing crime in the County and making it a safe community in which to live. Mr. Borchard comes from a family who has dedicated their professional lives to the pursuit of justice in Saginaw County. He is well known to the Circuit, District, and Probate court Judges and has a good reputation with each of them.

It is our recommendation to approve the salary waiver for the Assistant Prosecutor I position at the step 6 level, effective immediately; further, that the proper County officials be authorized to make the necessary personnel changes.

Respectfully submitted,

By Commissioner Smith: That the Report of the Committee be received and the recommendations contained therein be adopted. Approved.
In communication no. 1-23-16, Michelle R. McInerney, Financial Services Director asks the Board to request a filing extension for the 2000 audit due to the size and complexity of the County. Your Executive Committee considered the request due to time frames.

Section 7 (4) of the Uniform Budgeting and Accounting Act (Act 2, PA of 1968, as amended) requires one copy of the annual financial audit report and one copy of the auditing procedures shall be filed with the State Treasurer within 120 days after the end of the fiscal year. The governing body may request a 60-day extension if evidence is presented to the State Treasurer that the audit is in progress and will be completed within that period.

In the past, the County Treasurer in conjunction with the County's financial auditors Rehmann Robson, PC have filed for this extension on behalf of the County. However, beginning with fiscal year audits ending in 2000, the State Treasurer requires that extensions come from the governing body of the municipality, filed within 120 days from the end of the fiscal year or January 31, 2001 for Saginaw County.

We recommend the Chairman of the Board be authorized to request the State Treasurer for a 60-day extension of the filing date for the 2000 financial audit.

TO: MEMBERS OF THE SAGINAW COUNTY BOARD OF COMMISSIONERS

Honorable Commissioners:

In accordance with Article VI, Section 6.13, this memo is included with the 2001 Rules to provide clarity relating to conduct and procedure at Official Board Sessions, and any other matters which may be appropriate.

One of the duties as Board Chairman is to preserve order. The Board Rules assist the Chair with this in the sections pertaining to reporting, questioning and voting on committee recommendations. The Rules provide that committee reports be introduced by the Committee Chair who is encouraged to summarize the reports. Members with questions are recognized by the Board Chair and the questions are addressed through the Board Chair. Members are encouraged to keep debate on a reasonable plane; questions and/or debate on the Board Floor should stay within the
parameters of the motion consistent with the Rules adopted by the Board.

There are guidelines on the number of times and length of time a member may speak on an issue. Voting is open and members have the option of voice vote, hand vote or roll call. Members are allowed by privilege to request that a question be postponed. In addition, there is opportunity to speak under commissioners' initiatory motions and commissioners' audiences.

When a member requires more extensive information, it is recommended that he/she contact the Board Chair, Committee Chair or Staff Person prior to the Board Session, when possible. Commissioners are welcome to attend Standing Service Committee meetings for a better understanding of the issues.

To avoid disruptions and out of courtesy, please have all cell phones and pagers turned off or on vibrate while the Board is in session.

Following these procedures maintains the dignity in which the Board has successfully conducted its business throughout the years, and allows us to be more efficient, effective and cohesive. Respectfully, Robert L. Fish, Board Chairman

IN LOVING MEMORY OF
KATHY DAVIS and ERICA DAVIS

It is with great sadness that the community joins family and friends in mourning the tragic deaths of Kathy Davis and her daughter Erica.
During their short lives, both received many blessing from God. Each was a beautiful child of His Creation. They were treasured and loved by their family and friends.

Kathy, a hard-working woman and loving mother, raised Erica in the ways of the Lord; they were members of the Straight Gate Christian Center. She was active in each of her children's activities, both Shannon and Erica. She taught them to be responsible and trustworthy, and looked forward to sharing every moment of their lives.

Erica, a lovely young lady, just beginning her journey; bright and spirited, a National Honor student, High School cheerleader, President of the Archonettes, National Writer Essay winner, recipient of the United States Academic Achievement Award, and listed in Who's Who Among High School Students. Erica had plans to attend Eastern Michigan University to become a Math Teacher. She was to be crowned Queen of the 2001 Zeta Archonette Ball.

For each of you who knew Kathy and Erica, continue to cherish and embrace the memories you have of them. Together, they have returned to the Lord who created them; their earthly chores done, their heavenly peace begun.

Respectfully,

REPORTS OF REGULAR COMMITTEES

FROM: COURTS & PUBLIC SAFETY COMMITTEE -- 1.1 FEBRUARY 27, 2001

Your committee has considered communication no. 2-27-13 from Sheriff Charles Brown requesting a salary waiver at the step 6 level for Sergeant William Gutzwiller who was recently promoted to Lieutenant and Jail Administrator after the retirement of Lieutenant William Thompson.

Lieutenant Gutzwiller has worked in the Sheriff Department for thirteen years. His duties have included Corrections Officer, Road Deputy, Road Sergeant, and Administrative Sergeant. He has experience in writing and coordinating grants, directing divisions within the department and supervising shifts.

It is our recommendation to approve the salary waiver for Lieutenant William Gutzwiller at the step 6 level, effective immediately, with the cost to be paid with funds from within the Sheriff Department budget. We further recommend that the proper
County officials be authorized and directed to make the necessary personnel changes.

Respectfully submitted,

COMMITTEE ON COURTS & PUBLIC SAFETY

Richard F. Mallette, Chair  Patrick A. Wurtzel, Vice-Chair
Jeanine A. Collison   Eddie F. Foxx
James M. Graham    Robert L. Fish

APPROPRIATIONS AUTHORIZATION: It is the recommendation of your committee to concur with the above.

James M. Graham, Chair  Connie D. Smith, Vice Chair
By Commissioner Mallette: That the Report of the Committee be received and the recommendations contained therein be adopted. Approved.

FROM: COURTS & PUBLIC SAFETY COMMITTEE -- 1.2  FEBRUARY 27, 2001

Your committee has considered communication no. 2-27-12 from Sheriff Charles Brown requesting approval to complete projects in the Jail, Courthouse and Law Enforcement Division.

The purchases are outlined below. Funding is available in the Sheriff’s Restricted Capital Improvement budget.

1) **One dental x-ray machine** - The new machine will replace the old one which is beyond repair. The cost including remodeling of the area and floor is $4500.

2) **Two defibrillators** - Placing defibrillators in two locations will help save lives and reduce liability. One would be in the medical department of the Jail and the other at the deputies station in the Courthouse. The cost is $2560 each for a total of $5120.

3) **Six hand-held radios, six chargers, and twenty batteries** - These items will replace the aged original equipment in the Law Enforcement Division. The cost is approximately $17,000.

We recommend the purchases requested by the Sheriff to complete projects be approved, as outlined above; further, that the proper County officials be authorized and directed to amend the budget accordingly.

FROM: COURTS & PUBLIC SAFETY COMMITTEE -- 1.3  FEBRUARY 27, 2001

Your committee has considered communication no. 2-27-14 from Sheriff Charles Brown asking to expand the Sheriff Department
fleet by purchasing two additional twelve-passenger vans. The cost would be paid with funds received from Ameritech as a signing bonus for a three-year telephone contract. The Sheriff informed us the vans are needed to handle the increased number of prisoner transports to State correctional facilities as a result of Jail expansion over the past several years. The vehicles would also be used to move local work crews throughout the County, and for Sheriff support officers to attend local events on behalf of the Department. It is our recommendation that the County's fleet be increased by two with the purchase of the vans for the Sheriff Department at a cost of approximately $42,000 for both vehicles, in accordance with County Policy; further, that the proper County officials be authorized and directed to amend the budget accordingly.

FROM: COURTS & PUBLIC SAFETY COMMITTEE -- 1.4  FEBRUARY 27, 2001
Your committee has considered communication no. 2-27-21 from Timothy Genovese, Emergency Services Director regarding the Emergency Operations Center currently located in the basement of the Jail.
After a physical inspection of the Center equipment and facility, Mr. Genovese met with representatives from the Controller's Office, Sheriff Department, 911 Center, Courts & Public Safety Committee Chair and Board Chair. The inspection found the Center in need of serious attention.
It was their consensus that the best move would be to create a Primary Emergency Operations Center located on the 2nd Floor of the Saginaw County 911 Center. The secondary backup would be the Center located in the basement. To accomplish the relocation and upgrades, the following is required:
1) Move and/or add phone lines $2,500.00
2) New phone instruments (13 single set/1 speaker phone) 750.00
3) White board 300.00
4) Pin boards (4 at $175) 700.00

Your committee has considered communication no. 2-27-6 from Marc McGill, Controller/CAO requesting a new clerical position to be shared between the Jail Reimbursement and Emergency Services Departments.

The Jail Reimbursement Department generates approximately $1.5 million annually in revenue for Saginaw County. Since 1993, the population at the Jail has more than doubled and the demands on the Jail Reimbursement Coordinator have increased at a proportional rate.

The Emergency Services Coordinator has applied for FEMA Funds for the recent snow emergency, which is expected to result in hundreds of thousands of dollars in emergency funding to Saginaw County. The Coordinator has a great need for clerical support so he can devote more time to developing and maintaining the Emergency Management System.

Both the Jail Reimbursement and the Emergency Management Coordinator believe it would be feasible to have one full-time employee to work in both departments through a cooperative arrangement. The approximate cost would be $33,548 annually, based on a factoring estimate of T08, step 1. The total cost for the balance of this year would be $16,774 with funds available in the Fiscal Year 2001 Jail Reimbursement revenues. In future years, the cost for the position would be split between the Jail Reimbursement and Emergency Services budgets.

It is our recommendation to establish a new clerical position as outlined above, subject to factoring evaluation. We further recommend the proper County officials be authorized and directed to make the necessary budgetary and personnel adjustments.

Plan to the Department of Environmental Quality (DEQ) upon approval of two-thirds of the local governmental units. We met with William Wright, Director, and Suzanne Kelley, Planning Department who informed us in communication 2-27-1 that the Plan was approved by more than two-thirds of the local units and was forwarded to the DEQ for approval. After reviewing the Plan, the DEQ requested minor changes outlined in the attached letter. The Solid Waste Planning Committee has concurred with the changes, and is asking the Board to do the same.

It is the recommendation of your committee that the changes be approved as recommended by the Solid Waste Planning Committee, thus completing the final step in adopting the Solid Waste Management Plan Update. Department of Environmental Quality

RE:Saginaw County Solid Waste Management Plan
Dear Ms. Dumroese,

In response to your September 21, 2000 letter and the recommendations made at the Saginaw County Solid Waste Planning Committee’s meeting on January 9, 2001, the Saginaw County Board of Commissioners respectfully requests the DEQ to approve the Saginaw County Solid Waste Management Plan with the modifications recommended in your letter and at the January 9 meeting.

The Saginaw County Board of Commissioners met in regular session on February 27, 2001 and reviewed the recommended changes to the Saginaw County Solid Waste Management Plan. The Board of Commissioners concurred with your recommendation of the changes as described below:

I. On page III-44, the following sentence will be added to the first paragraph, "If the Chairman of the Saginaw County Board of Commissioners does not appoint the two representatives from the affected municipality within 30 days, the Saginaw County Solid Waste Planning Committee will continue to serve as the SRC without the two appointed representatives. If an
appointment is made later, these representatives would join the committee’s review process in progress.”

II. On page III-44, the Fees section will refer to pages III-41 through III-43 and the reference to III-40 through III-43 will be deleted. The page numbers referenced on III-45 in Step 1 will be replaced with page number III-41 through III-43.

III. On page III-50, the following paragraph will be added, “A proposed facility must be located on land which has the zoning designation as outlined on pages III-53 through III-54 in order to be consistent with this Plan. The remaining columns on pages III-51 through III-54 are for information purposes only and are not siting criteria. Compliance with the other siting concerns expressed on these pages will not be evaluated and is not necessary to be consistent with the Plan. City, village, or township zoning approval is not permitted as a requirement for plan consistency under Part 115.”

IV. On page III-46, the first sentence under the Note under Step 4 will be changed to read, “If the TRC does not meet within ten (10) days after receipt of the applicant’s supplementary package addressing deficient material of fails to make a certification of whether or not the applicant package is complete within the time frame identified in Step 4, the package is automatically complete and will be forwarded to the SRC for review.”

V. On page III-46, under Step 5 of the Siting Process, the following sentences will be deleted, “The results of the local zoning review must be available in time for presentation at the public hearing in order to be considered. Local zoning review must address criteria from the local ordinance or this plan. The following tables identify key criteria from each local zoning ordinance as they were known to the DPA at the time of plan preparation. The DEQ will not accept a local zoning denial by itself as justification for not siting a solid waste disposal facility.”

VI. On page III-47, the following sentence will be added to the first paragraph that states, “If the BOC is unable to arrive at a determination of consistency within ninety (90) days, the proposal will be considered consistent by the County with the Plan.”

VII. On page III-48, the following sentence, “If the Site Review Committee determines that a proposed site is in compliance with the Plan, they will notify the applicant, the Saginaw County Health Department and the Michigan Department of Environmental Quality that the proposed site is in compliance with the Saginaw County Solid Waste Management Plan.” will be replaced with, “If the BOC determines that a proposed site is in compliance with the Plan, the DPA will notify the applicant, the Saginaw County Health Department and the
Michigan Department of Environmental Quality that the proposed site is in compliance with the Saginaw County Solid Waste Management Plan.” In addition, the first sentence in the second paragraph should state, “If the BOC determines that a proposed site is inconsistent with the Plan, the DPA will notify the applicant, the County Health Department and the MDEQ, along with stated reasons for the determination.”

VIII. On page III-50, the local regulations listed as siting criteria will be deleted.

IX. On page III-53, the following sentence will be added to the third table, “The criteria for siting Resource Recovery/Recycling Facilities will only be used if the facility is categorized as a disposal area.”

X. On page III-54, the last table outlining the criteria for Composting Facilities will be deleted.

A copy of County Ordinance #108 and the Circuit Court decision from November 6, 1999 will be attached to the plan.

Thank you for your consideration and we look forward to approval of the Saginaw County Solid Waste Plan so that we may continue our efforts for comprehensive, convenient, and cost effective waste reduction and resource recovery efforts.

Sincerely,

FOR THE BOARD:
Robert L. Fish, Chair
Saginaw County Board of Commissioners

Your committee has considered communication 2-27-27 from James Koski, Public Works Commissioner asking the County to pledge its full faith and credit to the Reese Intercounty Drain project.

We met with Mr. Koski who informed us in January 1998, a petition was received to make improvements to the Reese Intercounty Drain, located in the Village of Reese in Tuscola County, and in Blumfield Township in Saginaw County. After waiting for grant approval to construct a portion of the drain, the Public Works Commissioner is now at the point of issuing bonds.

The bonds will be issued not to exceed $675,000. Tuscola County will be responsible for 97% of the total cost, with Saginaw County picking up the remaining 3%. The cost will be spread over a fifteen year time period. The breakdown will be approximately as follows:

- Saginaw County at Large
  *(Formula 14A-50% to Rd Comm)*
  $2,128.28
- Blumfield Township at Large
  5,062.50
- Drainage District
  13,059.22

Total Saginaw County $20,250.00

Interest of approximately 6% will be added to the cost.

We agree with the request. Under the proper order of business the appropriate resolution will be submitted.

FROM: COMMITTEE ON COUNTY SERVICES -- 2.5  FEBRUARY 27, 2001
Your committee considered communication no. 2-27-9 from the County of Saginaw Building Authority sending its Report and Recommendations regarding the Civic Center, as requested by the Board of Commissioners on August 15, 2000 in Report 2.9. Commissioners received a copy on February 1, 2001.
To summarize, in Report 8-15-2.9 the Board requested the Building Authority to address the following:
- Contracting with a professional consulting firm to perform a feasibility study on the future of the Center;
- Soliciting request for proposals from experienced, private, for-profit, customer-focused management firms to operate the Center; and,
- Contracting with a professional engineering firm to perform a study which would examine and estimate costs associated with bringing the facility up to County quality standards.

The Report from the Building Authority, 2-27-9, recommends the Board endorse Option #3 to accomplish the following:
- Closing the current Saginaw Civic Center previously operated and funded by the City, and creating a new County Events Center at the same location;
- Providing a professionally-operated Center with a profit-driven, customer-focused, experienced management firm;
- Providing a first class facility that all County residents can call their own and of which they can be proud;
- Providing for new, expanded, and higher quality events for the enjoyment of all County residents; and,
- Enhancing the quality of life of County residents by providing them with a vibrant Events Center complete with arena and theater, much the same as other progressive, metropolitan communities in the United States.

The proposed funding source for Option #3 renovations in the amount of $14,000,000 (attached) is a 0.4500 millage covering a ten year period; and continuation of the 5% Hotel/Motel Tax. (A 1% increase in the 4% Hotel/Motel Tax was approved by the Board to keep the Civic Center operating during the transition period of January 1 - September 30, 2001.)
Our review, included an in-depth presentation from the Building Authority, and input from staff and the community. The Building Authority and the Civic Center Task Force are to be commended for completing their study. The Report reflects the value of the public and private sectors working together to resolve community wide issues.

Your County Services Committee recommends the following:
1. The Saginaw County Board of Commissioners place before the electorate of Saginaw County the attached ballot language, subject to final review by County Civil Counsel.
2. The Clerk be directed to place the ballot language before the electorate at a Special Election scheduled for Tuesday, May 8, 2001.
3. The estimated cost of the Special Election, as indicated by the Clerk in the amount of $60,000, be paid with funds from the Election Budget and the General Fund Contingency Account.
4. The firm of SMG be selected to operate the Center, contingent upon voter approval of the ballot question.
5. The issue of whether to propose a continuance of the 1% increase in the 4% Hotel/Motel Tax beyond September 30, 2001 be held at this time.
6. The naming of the facility be held at this time.
7. The proper County officials be authorized and directed to proceed with the foregoing recommendations; make the necessary budgetary adjustments; and sign the required documents on behalf of the County, subject to review by the Controller as to substance and Counsel as to legal form.

Your committee has considered communication 1-23-11 from Johnathan Miller, Director, Information Systems & Services (ISS) and Geographic Information Systems (GIS) asking to delete a vacant Programmer/Analyst position and replace it with an additional Workstation Coordinator I position.

We met with Mr. Miller who informed us the County is gearing toward more personal computer (PC) use, thereby increasing demands for PC support. Mr. Miller proposes to create a "Help Desk" to provide first line contact for computer related problems. All Workstation Coordinator I staff (3) would be trained and rotated on Help Desk. The coordinators would resolve problems and answer questions when possible, and route calls to appropriate personnel when unable to provide assistance. This proposal would expedite solutions to PC related problems, and would result in a savings to the County of approximately $12,008 annually. (See organizational chart attached to report 2.7.)

It is our recommendation to approve the request from Information Systems & Services to delete a vacant Programmer/Analyst position and create an additional (one) position of Workstation Coordinator I; further, that the proper County officials be authorized and directed to amend the budget accordingly.

FROM: COMMITTEE ON COUNTY SERVICES -- 2.7           FEBRUARY 27, 2001

In 1996, Saginaw County realized the need for a more highly-technological method of information management and made a decision to develop a Geographic Information System (GIS). A special GIS Advisory Committee consisting of probable users was created to provide direction and make recommendations. A consultant was hired to study the County's GIS needs, and develop a cost-benefit study. In 1999, the County entered into a two year contract with 3DI, LLC for digital mapping services, including, orthophotos, planimetric and cadastral. (See attachment A for additional information about GIS)

Communication 2-27-18 from Johnathan Miller, the new Director of Information Systems & Services (ISS) and Geographic Information Systems (GIS) informed the Board the GIS Department is experiencing a budget shortfall, and made recommendations to address the situation. The shortfall is due to the difficulty of
accurately determining the total cost and time frame needed to implement the project.

We met with Mr. Miller who informed us as part of the Controller's reorganization in 2000, GIS became an activity of the ISS Department effective January 1, 2001. In accessing the status of the GIS, Mr. Miller determined that the GIS budget is currently at $400,000. To complete the final digital mapping needed to make the GIS system fully functional during this budget cycle, Mr. Miller is requesting an additional appropriation of $390,069. He is also proposing to delete the current GIS Manager position and utilize the current ISS Programmer / Operations Manager to manage the day to day operations of GIS. This would save the County approximately $80,000 annually. Mr. Miller has experience with GIS, and would assimilate the other duties previously preformed by the GIS Manager. (See Attachment B - Proposed Organizational Chart)

During our review of the proposal, Marc McGill, County Controller recommended that any additional appropriation be limited to $100,000, and if necessary extend the time-line for completing the GIS mapping into the next budget cycle. He also suggested using existing 2001 ISS budget funds that have accrued as a result of position vacancies.

We recommend the following:

1) The ISS Director be authorized and directed to work with 3DI LLC to determine new projected time-lines for completion of the Planimetric and Cadastral Mapping for the GIS project;
2) The Board subsidize the GIS budget with $100,000 from the Contingency for the Digital Mapping contract with 3DI;
3) An amount up to $100,000 be transferred from the ISS budget to further offset the cost of funding the 3DI contract and GIS operations;
4) The position of GIS Manager be discontinued, effective April 1, 2001;
5) The proper County officials be authorized and directed to amend the budget accordingly.

GIS is a collection of data which includes accurately scaled aerial photographs (orthophotos) converted into computer files and displayed on a computer screen. The final product will be capable
of being printed into maps and will be used by many County Departments, i.e., Emergency Management, Equalization, Health, ISS, Mosquito Control, Planning, Public Works, Register of Deeds, Treasurer, in addition to local governments, and other outside agencies. The project was planned in increments to allow the cost to be spread over several years.

During the last two years it has been difficult to recruit employees for the on-call positions, and it seems appropriate to make changes based on the inability to fill this position as it is now structured. The Commission on Aging budget will support any additional cost.

At the same time, the ATPA Board approved a policy change which will reduce the "hard match" to 25%, effective January 2002.

To address the reductions, the Courts and Public Safety Committee did two things. It asked your Legislative Subcommittee to consider legislative amendments; and, it asked the Budget Audit Subcommittee to meet with Prosecutor Thomas about shortfalls in his budget.

In reference to the legislation, there is currently a $1.00 assessment fee for insurance which is paid by car owners to support the Auto Theft Teams in reducing theft. In Lansing, there is proposed legislation that would charge the $1.00 fee to motorcycle and commercial truck drivers, as well.

We recommend supporting the proposed legislation and under the proper order of business the appropriate resolution will be submitted.

ABSENT --- None

Commissioner Hare offered the following resolution and moved its adoption. The motion was seconded by Commissioner Graham.

WHEREAS, the Board of Commissioners of the County of Saginaw (the "County") has heretofore adopted a resolution establishing the Saginaw County Delinquent Tax Revolving Fund (the "Fund") pursuant to Section 87b of Act No. 206, Public Acts of Michigan, 1893, as amended ("Act 206"); and

WHEREAS, the purpose of the Fund is to allow the Saginaw County Treasurer (the "County Treasurer") to pay from the Fund any or all delinquent real property taxes that are due and payable to the County and any school district, intermediate school district, community college district, city, township, special assessment district, the State of Michigan or any other political unit for which delinquent tax payments are due; and

WHEREAS, it is hereby determined to be necessary for the County to borrow money and issue its notes for the purposes authorized by Sections 87c, 87d and 89 of Act 206; and

WHEREAS, it is estimated that the total amount of unpaid 2000 delinquent real property taxes (the "delinquent taxes") outstanding on March 1, 2001, will be approximately $11,930,065, exclusive of interest, fees and penalties.

NOW, THEREFORE, BE IT RESOLVED by the Board of Commissioners of the County of Saginaw, State of Michigan, as follows:
Authorization of Borrowing

1. Pursuant to and in accordance with the provisions of Act 206, Public Acts of Michigan, 1893, as amended, and especially Sections 87c, 87d and 89 thereof, the County shall borrow the sum of not to exceed Nine Million Five Hundred Thousand Dollars ($9,500,000) and issue its notes (the "notes") therefor for the purpose of continuing the Fund for the 2000 tax year. The exact amount to be borrowed shall not exceed the amount of delinquent taxes outstanding on March 1, 2001, exclusive of interest, fees and penalties. The County Treasurer shall designate the exact amount to be borrowed after the amount of the 2000 delinquent taxes outstanding on March 1, 2001, or the portion of the 2000 delinquent taxes against which the County shall borrow, has been determined.

Note Details

2. Pursuant to provisions of applicable law and an order of the County Treasurer, which order is hereby authorized, the notes may be issued in one or more series; shall be known as "General Obligation Limited Tax Notes, Series 2001"; shall be in fully registered form in denominations not exceeding the aggregate principal amounts for each maturity of the notes; shall be sold for not less than 98% of the face amount of the notes; shall bear interest at fixed or variable rates not to exceed the maximum interest rate permitted by applicable law; shall be dated, payable as to interest and in principal amounts, be subject to redemption in whole or in part prior to maturity, including any redemption premiums, and be subject to renewal, at such times and in such amounts, all as shall be designated in the order of the County Treasurer. Notes or portions of notes called for redemption shall not bear interest after the redemption date, provided funds are on hand with the note registrar and paying agent to redeem the same. Notice of redemption shall be given in the manner prescribed by the County Treasurer. If any notes of any series are to bear interest at a variable rate or rates, the County Treasurer is hereby further authorized to establish by order, and in accordance with law, a means by which interest on such notes may be set, reset or calculated prior to maturity, provided that such rate or rates shall at no time be in excess of the maximum interest rate permitted by applicable law. Such rates may be established by reference to the minimum rate that would be necessary to sell the notes at par; by a formula that is determined with respect to an index or indices of municipal obligations, reported prices or yields on obligations of the United States or the prime rate or rates of a bank or banks selected by the County Treasurer; or by any other method selected by the County Treasurer.

Payment of Principal and Interest

3. The principal of and interest on the notes shall be payable in lawful money of the United States from such funds and accounts as provided herein. Principal shall be payable upon presentation and surrender of the notes to the note registrar and paying agent.
when and as the same shall become due, whether at maturity or earlier redemption. Interest shall be paid to the owner shown as the registered owner on the registration books at the close of business on such date prior to the date such interest payment is due, as is provided in the order of the County Treasurer. Interest on the notes shall be paid when due by check or draft drawn upon and mailed by the note registrar and paying agent to the registered owner at the registered address.

Note Registrar and Paying Agent

4. The County Treasurer shall designate, and may enter into an agreement with, a note registrar and paying agent for each series of notes that shall be the County Treasurer or a bank or trust company that is qualified to act in such capacity under the laws of the United States of America or the State of Michigan. The County Treasurer may from time to time designate a similarly qualified successor note registrar and paying agent.

Disposition of Note Proceeds

5. The proceeds of the sale of the notes shall be deposited into a separate account in the Fund (the "2001 Account") and shall be used to continue the Fund. The County Treasurer shall pay therefrom and from unpledged funds in the Fund, uncommitted funds in the County General Fund and/or any other legally available funds, if the notes are sold at a discount, the full amount of the delinquent tax roll against which the County has borrowed, delivered as uncollected by any tax collector in the County and that is outstanding and unpaid on or after March 1, 2001, in accordance with the provisions of Act 206.

2001 Collection Account

6. There is hereby established as part of the Fund an account (hereby designated the "2001 Collection Account") into which account the County Treasurer shall place delinquent taxes against which the County has borrowed, and interest thereon, collected on and after March 1, 2001, all County property tax administration fees on such delinquent taxes, after expenses of issuance of the notes have been paid, and any amounts received by the County Treasurer from the County and any taxing unit within the County, because of the uncollectibility of such delinquent taxes. The foregoing are hereby established as funds pledged to note repayment.

Note Reserve Fund

7. There is hereby authorized to be established by the County Treasurer a note reserve fund for the notes (the "2001 Note Reserve Fund") if the County Treasurer deems it to be reasonably required as a reserve and advisable in selling the notes at public or private sale. The County Treasurer is authorized to deposit in the 2001 Note Reserve Fund from proceeds of the sale of the notes, unpledged moneys in the Fund, uncommitted funds in the County General Fund and/or any other legally available funds, an amount not exceeding ten percent (10%) of the face amount of the notes.

Security for Payment of Notes
8. All of the moneys in the 2001 Collection Account and the 2001 Note Reserve Fund, if established, and all interest earned thereon, are hereby pledged equally and ratably as to each series to the payment of the principal of and interest on the notes and shall be used solely for that purpose until such principal and interest have been paid in full. When moneys in the 2001 Note Reserve Fund, if established, are sufficient to pay the outstanding principal of the notes and the interest accrued thereon, such moneys may be used to retire the notes.

Additional Security

9. Each series of notes, in addition, shall be a general obligation of the County, secured by its full faith and credit, which shall include the County's limited tax obligation, within applicable constitutional and statutory limits, and its general funds. The County budget shall provide that if the pledged delinquent taxes and any other pledged amounts are not collected in sufficient amounts to meet the payments of principal and interest due on each series of notes, the County, before paying any other budgeted amounts, will promptly advance from its general funds sufficient moneys to pay that principal and interest. The County shall not have the power to impose taxes for payment of the notes in excess of constitutional or statutory limitations. If moneys in the 2001 Collection Account and the 2001 Note Reserve Fund, if established, are not sufficient to pay the principal of and interest on the notes, when due, the County shall pay the same in accordance with this section, and may thereafter reimburse itself from the delinquent taxes collected.

Release of Pledge of 2001 Collection Account

10. Upon the investment of moneys in the 2001 Collection Account in direct non-callable obligations of the United States of America in amounts and with maturities that are sufficient to pay in full the principal of and interest on the notes when due, any moneys in the 2001 Collection Account thereafter remaining may be released from such pledge created pursuant to Section 8 hereof and may be used to pay any or all delinquent real property taxes that are due the County and any school district, intermediate school district, community college district, city, township, special assessment district, the State of Michigan or any other political unit to which delinquent tax payments are due for any other year or for any other purpose permitted by law.

Michigan Department of Treasury Approval

11. The County Treasurer is hereby authorized to apply to the Michigan Department of Treasury for an order permitting the County to issue the notes authorized by this resolution or to file a Notice of Intent to Issue an Obligation and pay the requisite filing fee for an exception from prior approval to issue the notes. The County Treasurer is authorized to apply to the Michigan Department of Treasury for such other orders or waivers as the County Treasurer shall determine.

Sale of Notes
12. The County Treasurer is hereby authorized to offer the notes at public or private sale as determined by order of the County Treasurer and to do all things necessary to effectuate the sale, delivery, transfer and exchange of the notes in accordance with the provisions of this resolution. Notes of one series may be offered for sale and sold separately from notes of another series. If the notes are to be sold publicly, sealed proposals for the purchase of the notes shall be received by the County Treasurer for such public sale to be held at such time as shall be determined by the County Treasurer and notice thereof shall be published in accordance with law, once in The Bond Buyer or the Detroit Legal News, both of which are hereby designated as being a publication printed in the English language and circulated in this State that carries as a part of its regular service, notices of sale of municipal bonds. Such notice shall be in the form prescribed by the County Treasurer.

The County Treasurer is hereby authorized to cause the preparation of an official statement for the notes for the purpose of enabling compliance with SEC Rule 15c2-12 (the "Rule") and to do all other things necessary to enable compliance with the Rule. After the award of the notes, the County will provide copies of a final official statement (as defined in paragraph (e)(3) of the Rule) on a timely basis and in reasonable quantity as requested by the successful bidder or bidders to enable such successful bidder or bidders to comply with paragraph (b)(4) of the Rule and the rules of the Municipal Securities Rulemaking Board.

Continuing Disclosure

13. The County Treasurer is hereby authorized to execute and deliver in the name and on behalf of the County (i) a certificate of the County to comply with the requirements for a continuing disclosure undertaking of the County pursuant to subsection (b)(5) or (d)(2) of the Rule, as applicable, and (ii) amendments to such certificate from time to time in accordance with the terms of such certificate (the certificate and any amendments thereto are collectively referred to herein as the "Continuing Disclosure Certificate"). The County hereby covenants and agrees that it will comply with and carry out all of the provisions of the Continuing Disclosure Certificate. The remedies for any failure of the County to comply with and carry out the provisions of the Continuing Disclosure Certificate shall be as set forth therein.

Execution and Delivery of Notes

14. The County Treasurer is hereby authorized and directed to execute the notes for the County by manual or facsimile signature and the County Treasurer shall cause the County seal or a facsimile thereof to be impressed or imprinted on the notes. Unless the County Treasurer shall specify otherwise in writing, fully registered notes shall be authenticated by the manual signature of the note registrar and paying agent. After the notes have been executed and authenticated, if applicable, for delivery to the original purchaser thereof, the County Treasurer shall
deliver the notes to the purchaser or purchasers thereof upon receipt of the purchase price. Additional notes bearing the manual or facsimile signature of the County Treasurer and upon which the seal of the County or a facsimile thereof is impressed or imprinted may be delivered to the note registrar and paying agent for authentication, if applicable, and delivery in connection with the exchange or transfer of fully registered notes. The note registrar and paying agent shall indicate on each note that it authenticates the date of its authentication. The notes shall be delivered with the approving legal opinion of Dickinson Wright PLLC, attorneys of Detroit, Michigan.

Exchange and Transfer of Fully Registered Notes

15. Any fully registered note, upon surrender thereof to the note registrar and paying agent with a written instrument of transfer satisfactory to the note registrar and paying agent duly executed by the registered owner or his or her duly authorized attorney, at the option of the registered owner thereof, may be exchanged for notes of any other authorized denominations of the same aggregate principal amount and maturity date and bearing the same rate of interest as the surrendered note.

Each note shall be transferable only upon the books of the County, which shall be kept for that purpose by the note registrar and paying agent, upon surrender of such note together with a written instrument of transfer satisfactory to the note registrar and paying agent duly executed by the registered owner or his or her duly authorized attorney.

Upon the exchange or transfer of any note, the note registrar and paying agent on behalf of the County shall cancel the surrendered note and shall authenticate, if applicable, and deliver to the transferee a new note or notes of any authorized denomination of the same aggregate principal amount and maturity date and bearing the same rate of interest as the surrendered note. If, at the time the note registrar and paying agent authenticates, if applicable, and delivers a new note pursuant to this section, payment of interest on the notes is in default, the note registrar and paying agent shall endorse upon the new note the following: "Payment of interest on this note is in default. The last date to which interest has been paid is [place date]."

The County and the note registrar and paying agent may deem and treat the person in whose name any note shall be registered upon the books of the County as the absolute owner of such note, whether such note shall be overdue or not, for the purpose of receiving payment of the principal of and interest on such note and for all other purposes, and all payments made to any such registered owner, or upon his or her order, in accordance with the provisions of Section 3 hereof shall be valid and effectual to satisfy and discharge the liability upon such note to the extent of the sum or sums so paid, and neither the County nor the note registrar and paying agent shall be affected by any notice to the contrary. The County agrees to indemnify and save the note
registrar and paying agent harmless from and against any and all loss, cost, charge, expense, judgment or liability incurred by it, acting in good faith and without negligence hereunder, in so treating such registered owner.

For every exchange or transfer of notes, the County or the note registrar and paying agent may make a charge sufficient to reimburse it for any tax, fee or other governmental charge required to be paid with respect to such exchange or transfer, which sum or sums shall be paid by the person requesting such exchange or transfer as a condition precedent to the exercise of the privilege of making such exchange or transfer.

The note registrar and paying agent shall not be required to transfer or exchange notes or portions of notes that have been selected for redemption.

Book Entry System
16. At the option of the County Treasurer and notwithstanding any provisions of this resolution to the contrary, the County Treasurer is hereby authorized to enter into an agreement with a custodian or trustee for the purpose of establishing a "book entry" system for registration of notes to be fully registered. Pursuant to provisions of such agreement, the notes may be registered in the name of the custodian or trustee for the benefit of other persons or entities. Such agreement shall provide for the keeping of accurate records and prompt transfer of funds by the custodian or trustee on behalf of such persons or entities. The agreement may provide for the issuance by the custodian or trustee of certificates evidencing beneficial ownership of the notes by such persons or entities. For the purpose of payment of the principal of and interest on the notes, the County may deem payment of such principal and interest, whether overdue or not, to the custodian or trustee as payment to the absolute owner of such note. Pursuant to provisions of such agreement, the book entry system for the notes may be used for registration of all or a portion of the notes and such system may be discontinued at any time by the County. The note registrar and paying agent for the notes may act as custodian or trustee for such purposes.

Issuance Expenses
17. Expenses incurred in connection with the issuance of the notes, including without limitation any premiums for any insurance obtained for the notes, note rating agency fees, travel and printing expenses, fees for agreements for lines of credit, letters of credit, commitments to purchase the notes, remarketing agreements, reimbursement agreements, purchase or sales agreements or commitments, or agreements to provide security to assure timely payment of the notes, fees for the setting of interest rates on the notes and bond counsel, financial advisor, paying agent and registrar fees, all of which are hereby authorized, shall be paid by the County Treasurer from County property tax administration fees on the delinquent taxes, from any other moneys in the Fund.
not pledged to the repayment of notes and general funds of the County that are hereby authorized to be expended for that purpose.

Replacement of Notes

18. Upon receipt by the County Treasurer of satisfactory evidence that any outstanding note has been mutilated, destroyed, lost or stolen, and of security or indemnity complying with applicable law and satisfactory to the County Treasurer, the County Treasurer may execute or authorize the imprinting of the County Treasurer's facsimile signature thereon and thereupon, and if applicable, a note registrar or paying agent shall authenticate and the County shall deliver a new note of like tenor as the note mutilated, destroyed, lost or stolen. REPORTS OF REGULAR COMMITTEES

FROM: COMMITTEE ON HUMAN SERVICES -- 1.1 March 27, 2001

Your committee has considered communication 3-27-1 from John Niederhauser, Health Officer, Saginaw County Department of Public Health asking to accept its portion of a grant from the Saginaw Intermediate School District for All Student Achieve Program--Parent Intervention and Education (ASAP-PIE) in the amount of $184,539.

The ASAP-PIE grant will expand and enhance current services (lead screening, physical health assessment, immunizations, hearing and vision, and developmental screening) to families with children ages birth to five years of age residing in Saginaw County. The operation will involve one (1) F.T.E. Nursing Supervisor (H-10), one (1) F.T.E. Public Health Nurse (P-06), and one (1) F.T.E. Health Technician (T-09). The Board of Health approved the grant and no additional revenue is requested from the County.

It is our recommendation that the Saginaw County Department of Public Health be authorized to accept the ASAP-PIE grant with the three (3) additional positions to provide health care services to families in Saginaw County as outlined above; further, that the proper County officials be authorized and directed to execute the necessary documents and amend the budget in accordance with County policy and procedure.

ENVIRONMENTAL HEALTH SERVICES DIVISION
REVISED AND NEW SERVICE FEE CHARGES

FOOD SERVICE PROGRAM
The recent passage of the new food code, Act 92 of the Public Acts of 2000, resulted in the creation of a new type of food service facility, Special Transitory Food Unit (STFU). In addition to the STFU, the new code also established a state-wide fee schedule for STFUs. As a result, the Environmental Health Services Division must charge services fees for licensing, inspection, and plan review of a STFU. In accordance with Act 92 and the fees established by the law, we are requesting a new service fee be established for a STFU as follows:
  STFU license - $77.00
  STFU inspection - $90.00 (each inspection, two inspections required per year)
Temporary food establishments are frequently primitive food stands set up at festivals, carnivals, bazaars, and other public events. Environmental Health issues approximately 600 temporary food service licenses each year. The cost of providing this service for fiscal year 99-00 was approximately $21,000. The revenue from license fees totaled $6,920. The fees for temporary food service licenses have not changed since 1991. Therefore, we are proposing to raise the temporary food service license as follows:

<table>
<thead>
<tr>
<th>CATEGORY</th>
<th>CURRENT</th>
<th>PROPOSED</th>
</tr>
</thead>
<tbody>
<tr>
<td>From 1 - 7 Days</td>
<td>$10.00</td>
<td>$30.00</td>
</tr>
<tr>
<td>From 8 - 14 Days</td>
<td>$20.00</td>
<td>$50.00</td>
</tr>
</tbody>
</table>

The proposed new service fee would place Saginaw County below the median statewide fee and is expected to generate an additional revenue of $12,000 per year.

The department would also like to propose a $10.00 late fee be established for temporary food license applicants who fail to submit their license applications in a timely manner. The new food code requires application for a license be submitted 30 days before the event. A late fee would be imposed if license application is not made at least five (5) days prior to the event. Each year, approximately 40 license applications are submitted late to the Environmental Health Services Divisions. The proposed late fee would generate approximately $400 in revenue and would allow the department to provide a service to the public in a cost effective manner.

ON-SITE SEWAGE DISPOSAL PROGRAM
After reviewing the on-site sewage disposal program, the department would like to propose a new service fee to recover the cost of additional service time expended for the permitting of engineered or innovative sewage disposal systems. Technology has improved tremendously since the implementation of the Environmental Health Code. Engineered or innovative systems require significantly more service time for review as well as inspection of the system. Each year, approximately 20 engineered and/or innovative systems are reviewed and installed. Therefore, we are proposing a $100 fee for the review of these systems, with the fee to be assessed as the proposal is submitted for review. The $100 service fee would be in addition to the permit application fee. This new fee is expected to generate $2,000 per year and offset the costs for review, inspections, and monitoring of these systems.

**FROM: COMMITTEE ON COUNTY SERVICES -- 3.3 MARCH 27, 2001**

At the December 2000 session, the Board authorized the Parks Commission to submit a grant application to the Michigan Department of Transportation (MDOT) for 2002 funds for development of a 141' bridge over Swan Creek and asphalt the rail trail between Benkert Road and Swan Creek Road. The Parks Commission will be notified later this month as to whether the grant funds will be awarded.

In this connection, we received communication 3-27-8 from John Schmude, Parks Director asking the Board to authorize a grant application in the amount of $493,000 to the Michigan Department
of Natural Resources (MDNR) for rail trail development. Mr. Schmude informed us Parks plan to submit the MDNR grant request one of two ways. If the MDOT grant submitted in December 2000 is approved, the MDNR grant will be submitted for construction of the asphalt trail including equestrian trail and amenities from Martin Road to Benkert Road and would include the fishing platform adjacent to the Swan Creek and equestrian trail from Benkert Road to Swan Creek Roads. If, however, the MDOT grant is not approved in March 2001, the MDNR grant request will be submitted for construction of the asphalt trail including equestrian trail and amenities from Martin Road to the edge of the Swan Creek and would include the construction of a fishing platform. This is a reimbursement grant, which means the County advances the funds, and is reimbursed by the grantor when the corresponding portion project is complete. The local match must be in place prior to the County advancing any monies. The grant application must be received by April 1, 2001 to be eligible for grant funds. We agree with the request. Under the proper order of business, the appropriate resolution will be submitted.

At the December 2000 Session, the Board adopted the Hay Management Study which determined the compensation for all existing, non-union County positions. In addition, amendments were made to Personnel Policies #332 and #335 for placing employees that were hired after the implementation of the Study.
Policy #332 identifies when a non-union position should be referred to Hay Management for classification:
1) New positions that are not equivalent to an existing position;
2) Existing positions that have experienced a significant change in job responsibilities.

Neither the Study nor the Policy included a process to use when determining whether a position factored by Hay Management and appealed by a department head should be resubmitted. (each position classification or appeal is charged at a rate of $300.)

Your Labor Relations Subcommittee asked that staff develop some guidelines. These were presented in communication no. 3-27-5 from Cathy J. Snyder, Administration Director.

Based on our review, we recommend the following guidelines be adopted to assist your committee in determining when a position should be referred to Hay Management for a second review:
1) Hierarchy: i.e., the position has been scored in a way that results in a supervisor making less than a subordinate, or other similar circumstances.
2) Departmental equity: i.e., the position has been scored in a way that results in two co-workers, in the same department, with equivalent duties, responsibilities and qualifications, to be compensated unequally, or other similar circumstances.

Your Budget Audit Subcommittee considered communication no. 3-27-10 from Michelle R. McInerney, Financial Services Director, submitting the County of Saginaw Comprehensive Annual Financial Report for Fiscal Year ended September 30, 2000. A copy of the Report was previously distributed to each commissioner.

Gerald Desloover and Thomas Smith, Rehmann Robson and Company, appeared before the committee to present the report and address questions. The statements present fairly, in all material respects, the financial position of the County of Saginaw. The County received an unqualified opinion.

The Audit offers several opportunities for strengthening internal controls and operating efficiencies. They do not affect the general purpose financial statements of the County. County staff responded to the comments and suggestions and presented them to the Budget Audit Subcommittee and Rehmann Robson.

Accordingly, it is the recommendation of your committee that the County of Saginaw Comprehensive Annual Financial Report for Fiscal Year ended September 30, 2000 be accepted.

FROM: COMMITTEE ON COUNTY SERVICES -- 1.2 APRIL 24, 2001
We herewith submit the report of the real and personal property by class. The Saginaw County Department of Equalization has, in accordance with the constitutional and statutory provisions, examined the assessment rolls of the various townships and cities in the County of Saginaw, as required, and have determined that the real and personal property valuations as set opposite the several townships and cities represent the County Equalized Valuations for the year 2001. We met with Patrick B. McCall, Deputy Equalization Director who informed us the total equalized value of the County has increased by some $305,363,771 to $4,676,385,585 for an increase of 6.99%.
Taxable value is certified the fourth Monday in June and therefore is not a part of this report. However, a conservative estimate of this value would be an increase of $230,000,000 over the 2000 Taxable Value.
Commercial and Industrial Facilities Taxable Values for 2001 total $267,745,870. The captured valuations of the various TIFA, LDFA,
and DDA Districts will be published with the actual breakdown of taxable values after the first of June.
It is the recommendation of your committee that the Equalization Report for Saginaw County for 2001 by class be accepted.

RESOLUTIONS
RESOLUTION A APRIL 24, 2001

OPPOSING THE SHIAWASSEE NATIONAL WILDLIFE REFUGE PROPOSAL TO
ELIMINATE MOSQUITO ABATEMENT ON ALL REFUGE LAND, AND EXPANSION
OF SHIAWASSEE NATIONAL WILDLIFE REFUGE IN SAGINAW COUNTY

At a regular meeting of the Board of Commissioners of the County
of Saginaw, held in the City of Saginaw, on the 24th day of April,
2001, at 5:00 o'clock, p.m., Eastern Daylight Savings Time.
PRESENT --- Raymond F. Bartels, Thomas A. Basil, Robert D. Blaine, Jeanine A. Collison, Robert L. Fish, Eddie F. Foxx, James M. Graham, Kenneth B. Horn, Richard F. Mallette, Michael P. O'Hare, Carl E. Ruth, Connie D. Smith, Robert M. Woods Jr., Patrick A. Wurtzel

ABSENT --- Todd M. Hare

The following was offered by Commissioner Woods and seconded by Commissioner Graham:

WHEREAS, The draft Comprehensive Conservation Plan (CCP) developed for the Shiawassee National Wildlife Refuge is specifically proposing to end mosquito control on all existing refuge lands as well as on all future refuge land throughout Saginaw County; and,

WHEREAS, Mosquito control activities have been allowed for the past twenty years with no adverse impact on the wildlife or the refuge land; and,

WHEREAS, The public health and public comfort level as stipulated in the Food Quality Protection Act would be directly impacted by the elimination of mosquito control on refuge lands; and,

WHEREAS, A Technical Advisory Group for the Saginaw County Mosquito Abatement Commission has conducted a review of all scientific published articles related to the "impact on the food chain for wildlife", a point the refuge uses in their justification of ending mosquito control, this Board agrees with and adopts the position by this scientific committee that states "the risks of discontinuing larviciding, i.e., increased potential for viral disease in man and animal, are great. The benefits of discontinuing are low... Thus the most prudent course is to continue larviciding;" and,

WHEREAS, All Saginaw County residents will be directly and negatively impacted by eliminating mosquito abatement on refuge lands abutting the City of Saginaw, Saginaw Township, Thomas Township, James Township, Bridgeport Township, Spaulding Township, Swan Creek Township, and Tittabawassee Township.

NOW THEREFORE, BE IT RESOLVED, That the Saginaw County Board of Commissioners object to the policy of eliminating mosquito control on refuge lands, and due to this policy of eliminating mosquito control on refuge lands, also object to all expansion of Shiawassee Wildlife Refuge lands in Saginaw County.

BE IT FURTHER RESOLVED, That copies of this resolution be forwarded to all affected townships encouraging their respective Boards to take appropriate action, and that the Mosquito Commission relay this information to the citizenry in the affected areas.

Respectfully submitted

ABSENT: Commissioner Todd M. Hare

The following preamble and resolution were offered by Commissioner Bartels and supported by Commissioner Basil:

WHEREAS, The City of Frankenmuth (the “Local Unit”) has presented to the Public Works Commissioner of the County of Saginaw (the “Commissioner”) a request that the County of Saginaw (the “County”) through the office of the Commissioner issue bonds in the approximate total amount of not to exceed $1,200,000, payable from contractual payments to be made by the Local Unit to the County through the office of the Commissioner and secured secondarily by a pledge of the County’s limited tax full faith and
credit, said bonds to finance part of the cost of sewage disposal system improvements to service the Local Unit (the "Project"); and

WHEREAS, the Commissioner has reviewed said request and the financial and engineering aspects of the Project and has determined the same to be within the scope of the authority of the County and the office of the Commissioner, to be feasible if undertaken through said County agencies but not financially desirable if undertaken by the Local Unit alone, and to be necessary for the public health, safety and welfare specifically of the Local Unit and its inhabitants and generally of the County.

NOW, THEREFORE, BE IT RESOLVED THAT:

1. This Board does hereby give its initial and tentative approval to the Project and does authorize the Commissioner to undertake the financing and construction of the Project, subject, however, to final approval of this Board of Commissioners upon submission to this Board of the documents evidencing agreement between the Local Unit and the Commissioner acting for and on behalf of the County for the acquisition, construction, financing and operation of the Project.

2. The Commissioner shall contract for the necessary engineering services to draw plans for the Project and shall enter into negotiations with the Local Unit for the execution of a contract covering the acquisition, construction and financing of the Project by the Commissioner for and on behalf of the County.

3. The Commissioner shall employ the following consultants in connection with the Project:

   As bond counsel:  Miller, Canfield, Paddock and Stone, P.L.C., Detroit, Michigan

   As financial consultant:  Stauder, Barch & Associates, Inc., Ann Arbor, Michigan

   As engineers:  Spicer Group Inc., Saginaw, Michigan

4. The Local Unit shall undertake to provide by contract for the payment of all costs of retiring the necessary financing and shall further undertake to reimburse the Commissioner for all expenses incurred in connection with the Project, should the financing and construction of the Project not be completed for any reason whatsoever.

5. This Board hereby estimates the total cost of constructing the improvements to be $1,200,000, including all engineering fees, financing costs and contingencies, such estimate subject, however, to revision upon submission of final cost estimates or receipt of bids for the Project.

6. The Commissioner is hereby authorized to notify the Michigan Department of Treasury of the County’s intent to issue the bonds described herein, to pay the related fee and to request an order providing an exception for the bonds from prior approval by the Department of Treasury or to file an application for an order of prior approval for the bonds described herein. The
Commissioner is hereby authorized to file applications for waiver of the requirement for good faith check or any other requirement of the Michigan Department of Treasury.

7. The Local Unit has indicated that it may advance funds for the Project and have requested approval of the County for reimbursement to it from bond proceeds of any Local Unit funds advanced to pay Project costs. This Board intends at this time to state its intentions to permit such reimbursement from proceeds of the bonds requested to be issued by the County for any Local Unit expenditures undertaken for the Project advanced prior to issuance of the bonds.

A reimbursement allocation is an allocation in writing that evidences the Local Units’ use of the proceeds of the bonds to be issued for the Project to reimburse the Local Units or any of them for a capital expenditure made pursuant to this resolution.

(e) The expenditures described in (b) above are “capital expenditures” as defined in Treas. Reg. § 1.150-1(b), which are any costs of a type which are properly chargeable to a capital account (or would be so chargeable with a proper election or with the application of the definition of placed in service under Treas. Reg. § 1.150-2(c)) under general Federal income tax principles (as determined at the time the expenditure is paid).

(f) No proceeds of the bonds paid to the Local Units in reimbursement pursuant to this resolution will be used in a manner described in Treas. Reg. § 1.150-2(h) with respect to abusive uses of such proceeds, including, but not limited to, using funds corresponding to the proceeds of the bonds in a manner that results in the creation of replacement proceeds.
(within Treas. Reg. § 1.148-1) within one year of the reimbursement allocation described in (d) above.

(g) Expenditures for the Project to be reimbursed for the proceeds of the bonds for purposes of this resolution do not include costs for the issuance of the debt or an amount not in excess of the lesser of $100,000 or 5 percent of the proceeds of the borrowing, or preliminary expenditure not exceeding twenty (20) percent of the issue price of the borrowing, within the meaning of Treas. RESOLUTION OF THE
SAGINAW COUNTY BOARD OF COMMISSIONERS
- In dedication of the Deindorfer Woods
as a Michigan Historical Site -

WHEREAS, The Saginaw County Board of Commissioners is proud to join the Oil and Gas Association of Michigan and the Saginaw County Historical Society in commemorating the discovery of the first commercial oil field in Michigan; and,

WHEREAS, For years many believed that geological evidence pointed to the presence of oil and gas in the Saginaw region. Based on this, a group of Saginaw businessmen formed the Saginaw Valley Development Company and drilled ten test wells during 1912-13. For various reasons these wells were not commercially viable and the investors lost a great deal of money, in addition to having to endure a great deal of ribbing from many of their friends and relatives; and,

WHEREAS, Nevertheless, clinging to the belief that oil and gas existed in the area; in 1925 some of the same investors, along with some new ones formed the Saginaw Prospecting Company, and on August 22, the same year, the new company discovered oil at a depth of 1,873 feet on the Deindorfer Woods property; and,

WHEREAS, A headline in the August 23, 1925-edition of the Saginaw News Courier proclaimed that a small amount of oil was found in the well that the Saginaw Prospecting Company is sinking on City property in the Deindorfer Woods. The discovery immediately attracted the attention of Standard Oil and the Sun Oil Companies who sent scouts to Saginaw; and,

WHEREAS, It was this discovery that heralded the birth of the gas and oil industry in Michigan. As it stands, Michigan is now the tenth largest gas producer, and the seventeenth largest crude oil producer in the country.

NOW, THEREFORE, BE IT RESOLVED, That the Saginaw County Board of Commissioners hereby adopts this resolution in recognition of the historical significance of the Deindorfer Woods Oil Well, and
in doing so, we identify for future generations the site of the first commercial oil well drilled in Michigan.

BE IT FURTHER RESOLVED, That this expression of recognition be spread upon the minutes of the May 22, 2001 session as a permanent record of this historic event.

I. Welcome

II. Call to Order—Graham at 5:21 p.m.

III. Public Comments—None.

IV. Agenda—COMMITTEE REFERRALS

1. Courts and Public Safety Committee

R. Mallette, Chair; P. Wurtzel, Vice Chair

1.1) Sheriff Department, re: grant for Internet Crimes Against Children "Satellite" Task Force

---Mallette moved, supported by Ruth to approve 1.1 subject to exceptions. Basil questioned whether the grant included additional personnel. Mallette called on Sheriff Brown who responded by stating the grant does not include any positions. He went on to say that Saginaw County's selection is a "feather in our cap" that we can all be proud of. Motion to approve 1.1 carried.

2. County Services Committee

T. Hare, Chair; R. Bartels, Vice Chair

2.7) Airport Committee, re: write-offs

2.8) Airport Committee, re: Instrument Landing System project

2.9) Michigan Works!, re: Information Technology budget
2.10) County Event Center, re: Quit-Claim deed for the County Event Center premises

2.11) Recommendation, re: Amending Accommodation Ordinance No. 103
---Hare moved, supported by Fish to approve 2.7 - 2.11. There were exceptions to each report.

2.7) McGill responded to Wurtzel's questions about the write-offs - whether the amount listed in the report is the actual write-off amount in its entirety. McGill went on to say the goal is to not have write-offs in 2002. Bartels talked about the operating losses exclusive of unfunded depreciation and capital expenditure which he said, if included, would make the losses higher. Motion to approve 2.7 carried.

2.8) Wurtzel voiced his previous feelings that the area did not have the need for two airports, noting that United Airlines will no longer provide service at MBS. In light of this, he recommended the Board re-think the installation of Instrument Landing System at Browne Airport. Hare pointed out that United Airlines departure will have no affect because United Express will continue to operate at MBS. Bartels supported Wurtzel in his position, saying that the ILS equipment is not necessary and that there is no evidence of any businesses being interested in using Browne Airport. Mallette reiterated that businesses have not supported the Airport. Smith had concerns about spending more money on the infrastructure. Horn responded that a grant pays for most of the ILS project which he said is needed in order for the Airport to attract corporate travel and freight landing. Some discussion took place about how the County is obligated to operate the Airport because of the grants the County has received. The time-line to get out of the grant commitments is fifteen years. Foxx encouraged enhancement of Browne which would result in making it more attractive to private enterprise. It was agreed that the Report did not need to be acted on today, and that easements and land purchases are not complete. Fish tabled Report 2.8 by commissioner privilege.

2.9) Basil questioned why the funds were not included in their budget. The Controller did not know and commissioner members of the Consortium Board could not recall its discussion in committee. Wurtzel tabled Report 2.9 by commissioner privilege.

2.10) Basil questioned whether the deed includes the parking ramp. Jensen responded yes, and also clarified that the City is paying for the repair costs. Motion to approve 2.10 carried with nay votes recorded for Blaine, Horn and O'Hare.

2.11) Horn thanked Hare for the excellent, open debate that occurred at the special meeting of the County Services Committee. Horn reiterated several points: why all or nothing when most municipalities did not support the Civic Center - the ticket surcharge is the fairest way to provide additional funding for the Center - the 1% increase in the hotel/motel tax was supposed to be temporary - our
hotel/motel owners and their families will remain in the community while SMG are strangers with only a five year contract. Wurtzel who said he voted against putting this issue on the ballot stated that this is something that the Board has already discussed and agreed upon; further, it would be unfair to have residents pay for a ticket surcharge. Collison went on to say that the 1% hotel/motel tax increase was the recommendation of the Building Authority and something she felt would not be as drastic as a ticket surcharge. Mallette said he talked with several hotels in his district. They had no problem with the 1%. Motion to approve 2.11 carried with nay votes recorded for Blaine, Horn and O'Hare.

3. Human Services Committee
   R. Woods, Chair; C. Smith, Vice Chair

4. Appropriations - J. Graham, Chair; C. Smith, Vice Chair

   4.2) Recommendation, re: claims
       ---Bartels moved, supported by O'Hare to approve same. Motion carried.

   4.3) Recommendation, re: Senate Bill No. 63, increased fees for Register of Deeds Office

4.4) Recommendation, re: repeal of several Local Acts
       ---Horn moved, supported by Fish to approve 4.3 and 4.4. There was an exception to 4.3. Motion to approve 4.4 carried. Basil was opposed to an increase in fees when the cost to operate the Register of Deeds Office is $390,000 with revenues over 1 million dollars. Motion to approve 4.3 carried with nay votes recorded for Basil and Wurtzel.

REPORTS OF REGULAR COMMITTEES
FROM: COURTS & PUBLIC SAFETY COMMITTEE -- 1.1  MAY 22, 2001
Your committee has considered communication 5-22-12 from Sheriff Charles Brown asking to accept a grant from the Office of Juvenile Justice and Delinquency Prevention to serve as satellite investigative resource for computer related crime.
The Sheriff Department is among the finalists for funding consideration. If awarded, the grant will provide up to $45,000 over two years, and will be used for the purchase of hi-tech hardware and software systems necessary for the forensic analyzation of computers and information used as the mechanism for sexual exploitation of children. Also, up to 10% of the funds may also be used to support investigative overtime associated with computerized investigations. There are no matching dollars required.

It is the recommendation of your committee that the County accept the grant, if awarded, for the Satellite Task Force; further, that the proper County officials be authorized and directed to amend the Budget and execute the necessary documents on behalf of the County subject to review by the Controller as to substance and Counsel as to legal form.

FROM: COMMITTEE ON COUNTY SERVICES -- 2.1  MAY 22, 2001

Your committee has considered a Petition to Alter Boundaries of Chesaning Village (comm. 4-24-11) from Mark Mahlberg, Attorney for said Village asking to annex certain lands from the Township of Chesaning to the Village of Chesaning; along with the Legal Notice announcing the Public Hearing for this day's session, and appropriate Determination and Order.

We met with Mr. Mahlberg and Ms. Marlene Schultz, Acting Manager of the Village who informed us that earlier this year the Board of Commissioners approved a Brownfield Redevelopment Plan for Tuscarora, Inc. The Plan referenced that the new Tuscarora facility would be located on both Village and Township property. The Village has since acquired title to the 4.4 parcel of land in question, which it intends to convey to Tuscarora, Inc. This would allow the entire Tuscarora development to be within the Village. Chesaning Township is in agreement with the proposed annexation.

According to the provisions of MSA 5.1470 as amended, before the Petition may be presented to the Board of Commissioners a Notice shall be given by the Village Clerk by publication in a newspaper published in said Village at least three weeks immediately preceding the presentation of the Petition to the Board. This has been done. The Village of Chesaning is taking care of all costs associated with the proposed annexation.
Under the proper order of business the Determination and Order authorizing same will be submitted, subject to review by Civil Counsel.

FROM: COMMITTEE ON COUNTY SERVICES -- 2.2      MAY 22, 2001
Your committee has considered communication 4-24-7 from the Saginaw County Brownfield Redevelopment Authority asking for approval of the Redevelopment Plan for Gratiot Plaza Inc. A public hearing is being held at this day's session regarding the project. Gratiot Plaza, Inc. is located on the 7100 block of Gratiot Avenue in Thomas Township. When complete, Gratiot Plaza, Inc. will have an estimated SEV of $8,500,000. The current SEV of the property is $310,000. The property will be owned and managed by Gratiot Road Development Partners, Inc. The facility is expected to generate approximately 50 new jobs.
The plan requests the granting of Single Business Tax Credits (for less than $10 Million in new investment) in addition to local tax capture which will be used to fund approximately $18,500 of Baseline Environmental Assessment Activities and $15,000 of estimated Due Care and Response Activities to clean up the site. In addition the Authority voted to capture $3,015 for interest and a 5% administrative cost on the annual tax capture to defray Brownfield administrative costs incurred by the County of Saginaw. The Authority also recommends an additional five years of tax capture occur to be placed into the Local Remediation Revolving Loan Fund. Thomas Township supports the project.
We agree with the request. Under the proper order of business, the appropriate resolution will be submitted to accomplish same.
Respectfully submitted,

Your committee has considered communication 5-22-8 from Michael Thompson, Administration Director asking to continue the existing land lease agreement with James Weiss for farming the 16.97 tillable acres at Browne Airport.

We met with Mr. Thompson who informed us the lease would be at the prevailing rate of $75 per acre. The three-year contract period will be adjusted to conform with the County's fiscal year ending date of September 30. The Airport Committee approved the extension of the farm lease at its March 28, 2001 meeting.

It is the recommendation of your committee to approve the three-year land lease agreement between the County of Saginaw and James Weiss, as outlined above. FROM: COMMITTEE ON COUNTY SERVICES -- 2.7 MAY 22, 2001
At the July 2000 County Services meeting, the committee concurred with Controller Marc McGill's recommendation to hold the request of the Airport Committee to write-off operating losses for FY 2000 until after completion of the 1999/2000 FY Audit. Subsequently, your committee has considered communication 5-22-9 from Michael Thompson, Administration Director sending the results of the Airport Audit for FY ended 9/30/00, and a projection for FY ending 9/30/01, and recommending a write-off in the amount of $110,655 to cover the operating losses exclusive of unfunded depreciation and capital expenditures. (see attachments)
We met with the Controller and Mr. Thompson who informed us that the Airport does not now, nor will it in the foreseeable future have the ability to pay back the losses. An Airport operation budget and financing plan intended to eliminate operating losses for the ensuing FY will be discussed during the upcoming budget cycle. The actual and projected losses for 2000/01 are $74,537 and $36,118 respectively, for a total of $110,655.
It is the recommendation of your committee that the debt of the Airport for FY 2000/01 in the amount of $110,655 be written off as a bad debt against the General Fund Unreserved Undesignated Fund Balance of the County; and further, that the proper County officials be authorized and directed to make the necessary budget adjustments.

Your committee has considered communication 5-22-11 from Michael Thompson, Administration Director forwarding a request from the Airport Committee for an additional appropriation to match grant funds for the Instrument Landing System (ILS).
We met with Mr. Thompson who informed us the County match for the $1,000,000 ILS project is estimated to be $20,000. At this time $12,500 remains available for the ILS project from funds previously appropriated by the County. The remaining $7,500 would
be paid from the Public Improvement Fund. In addition there will
be the cost for easements and land purchases which is being
negotiated by Mr. Thompson.

Your committee has considered Peter C. Jensen's recommendation to
approve the attached Quit Claim Deed in which the City of Saginaw
Quit Claims to the County of Saginaw the premises situated in the
City of Saginaw, Saginaw County, Michigan.
Marc McGill, Controller and Mr. Jensen informed us the Quit Claim further ensures that the County board will have full control and benefit of the property for a period of ten years to life. The Quit Claim further provides that the Board of Commissioners at only their sole discretion may revert the property back to the City, if deemed to be in the best interest of the Board of Commissioners.

The Quit-Claim deed provides the County with more options that leasing the premises would, i.e. the facility could be sold at any time, or be reverted back to the City of Saginaw. If the County were to lease the property, the County would be obligated to wait the entire ten year period of the millage before considering any other options. Further, the Board secures the taxpayers investment in the property through ownership. The reverter clause is only exercisable to the County. The City of Saginaw has indicated they are in agreement with these terms.

It is the recommendation of your committee to approve the acceptance of the Quit Claim Deed as presented by Civil Counsel, and further, the proper County officials be authorized and directed to execute the necessary documents on behalf of the County.

At the February 27, 2001 session the Board agreed to hold the issue of whether to continue the 1% increase to the Hotel / Motel tax to assist operation of the County event center beyond the September 30, 2001 expiration date, pending the outcome of the
County event center millage vote. The millage has since been approved. The current additional 1% on the Hotel / Motel tax for purposes of funding the City of Saginaw Civic Center will end as of September 30, 2001 as originally approved to end. The continuation of the 1% Hotel / Motel tax for purposes of partial funding of the Saginaw County Event Center was part of the original Building Authority recommendation of February 20, 2001. Mr. Peter Jensen, County Civic Counsel has prepared the appropriate language amending Accommodations Ordinance #103 extending the current 5% room tax for up to the ten year period of the millage, effective October 1, 2001. At the request of your Labor Relations Subcommittee, Larry H. Polk, Personnel/Labor Relations Director, prepared a proposal to provide equal opportunity and diversity training for County management and key support staff. He presented this in communication no. 5-22-25.

The training would consist of local current information, and basic methodologies and solution techniques. It will be composed of an information session, including a homework project, and a second session of follow up feedback and reinforcement techniques. The classes would be scheduled in late August or early September.

After researching several training programs, the Bridge Center for Racial Harmony was contacted. They offered to provide the training at an approximate cost of $6,500 for up to 150 employees, a reduced rate with the County's early commitment.

The Bridge Center, a local organization, is familiar with the perceptions of how the public, across the diverse cultural divide of Saginaw County, view each other and the people that provide government services to them.

We recommend that EEO/Diversity training be provided to County management and key support staff through the Bridge Center for Racial Harmony in an amount up to $6,500 with available funds in the Controller's budget; further, that the proper County officials be authorized to make the necessary arrangements for the training classes and to amend the budget accordingly to pay for same.

Your Legislative Subcommittee received a request from the County Services Committee asking us to review Senate Bill No. 63 which proposes to increase statutory fees in the Register of Deeds Office. The information was relayed to the Board in communication no. 3-27-16 from Marc A. McGill, Controller/CAO along with his recommendation to support the Bill. The fee increases require the establishment of a technology fund for the Register of Deeds. Budgetary control would remain with the Board of Commissioners through the Appropriations Act. We believe the additional funds coming into the County would more accurately reflect cost and provide for the technology as needed to continue to serve the public. We, therefore, recommend that Saginaw County support Senate Bill No. 63. Under the proper order of business the appropriate resolution will be submitted.

Your Legislative Subcommittee has reviewed a number of Local Acts with County Attorney Peter C. Jensen, County Controller Marc A. McGill, County Lobbyist, and our State Legislators. Local Acts are approved by the State Legislature for a specific local municipality.

As a result of our study, we determined it would be prudent to repeal a number of Local Acts which affect Saginaw County. The Acts are outlined, as follows:

A. Local Act 653 of 1905 established the method and term for electing a County Board Chair. Recent State Legislative Acts have changed the term for Chairman for all counties in the State, except for Saginaw County because of the 1905 Act. Its repeal will enable Saginaw County to operate in alignment with the other 82 counties in the State.

B. Local Act 540 of 1903, Local Act 10 of 1919, and Local Act 4 of 1921 affect the manner in which the County conforms to budget and accounting controls. All three Local Acts were implemented prior to Public Act 621 of 1968, and Public Act 621 of 1978, The Uniform Budgeting and Accounting Act. Their repeal will enable the County to operate efficiently, and effectively in the same manner as the other approximately 2,500 local municipalities within the State of Michigan.

We recommend that County staff work with our State Legislators to achieve the repeal of these Local Acts.

--- Fish moved, supported by Mallette to approve 4.1. There was an exception. Horn said he objected to the language proposed for the posted sign as listed in the third paragraph of the Resolution: "All weapons are prohibited from this facility. All persons and their parcels entering the building and courtrooms are subject to a search for weapons and restricted items as a condition of entry. Entry into the building will be deemed to imply consent to being searched." His concern related to "the search." In the debate that followed several questions were raised and comments made: Is the language far removed from the current practice where everyone goes through the metal detector?; Does the language restrict those entering from turning around and leaving?; The language was taken from the Judicial Order; This merely affirms and continues current security practices in light of the Concealed Weapons Permit Law. A suggestion was made to delete the last sentence. Fish offered an amendment to address the concern of some commissioners, but at the same time, to continue the security policies as practiced for the last several years. Amendment: That the last sentence be deleted, "Entry into the building will be deemed to imply consent to being searched." The amendment, supported by Smith, carried. Fish moved, supported by Smith to approve the Report/Resolution, as amended. Motion carried.

REPORTS OF REGULAR COMMITTEES

FROM: COMMITTEE ON HUMAN SERVICES -- 1.1   June 26, 2001

Your committee has considered communication no. 6-26-22 from John Niederhauser, Health Officer, Saginaw County Department of Public Health requesting to increase the fee for the influenza vaccine from $10.00 to $15.00.

The cost to provide the influenza vaccine for the targeted population has increased dramatically in the past year due to
several factors: the price of the vaccine has risen from $25.00 to $50.00 for a ten-dose vial; and, the "Safe Needle Act" has increased the cost of syringes from $.09 to as high as $.45. Fees for the flu shots have been in effect since June 1995; the new schedule will allow the Health Department to remain consistent with other provider fees in Saginaw County.

It is our recommendation that the Health Department be authorized to establish a $15.00 fee for influenza vaccines; further, that the proper County officials be directed to implement same.

Respectfully submitted,
COMMITTEE ON HUMAN SERVICES

The Health Department will utilize a new method which allows the technologist to process a greater number of samples in the same amount of time. The cost analysis for the supplies and staff time is $9.82 per sample. The Michigan Department of Community Health and Kent County have a $10.00 fee for the same method.

It is our recommendation that the Health Department be authorized to establish a fee of $10.00 for the laboratory test titled "E. coli in non-potable water;" further, that the proper County officials be directed to implement same.

FROM: COMMITTEE ON HUMAN SERVICES -- 1.4  June 26, 2001
Your committee has considered communication no. 5-22-31 from John Niederhauser, Health Officer, Saginaw County Department of Public Health asking to allocate a new position of Nursing Supervisor and to delete the present position of Program Supervisor. This would eliminate the duplication of titles since the duties, responsibilities and pay grade are identical for these positions. The Nursing Supervisor will be responsible for day-to-day operations of many health programs including Family Planning, Family Planning refills, Family Planning Special Projects, Children's Special Health Care, Early on Community Resource Nurses, Diabetes Program, Maternal and Infant Support Services, and Medicaid Outreach FIMR Support.

It is our recommendation that the request from the Saginaw County Department of Public Health to allocate a new position of Nursing Supervisor and delete the Program Supervisor position be approved; further; that the proper County officials be authorized to make the necessary changes to the personnel complement.

Attachment 6-26-1.5
Your committee has considered communication no. 6-26-12 from Marie Ruemenapp, Director, Michigan State University Extension asking to expand the Family Nutrition Grant program and approve the attached budget.

Saginaw County MSU Extension has been one of numerous sites around the State funded by a U.S. Department of Agriculture grant to deliver the Family Nutrition Program (FNP). FNP is a nutrition program geared at food stamp eligible families that is taught one-on-one in peoples homes or small group settings.

Starting October 1, 2001 there is an opportunity to expand the amount of funding by using the recently funded ASAP-PIE Grant as a match. Most of the grant will be spent on the salary and fringes of MSU staff, increasing from the current 1.75 to 4.95 FTEs. The grant also includes $17,650 to cover the operational budgets for the staff.

It is the recommendation of your committee that Michigan State University Extension be authorized to increase the Family Nutrition Grant program in the amount of $171,339; further, that the proper County officials be authorized to amend the budget and create a special account to handle the $17,650 operational budget.

Your committee considered communication no. 6-26-24 from Sheriff Charles L. Brown asking to accept a $34,465.07 Special Equipment Award from the Department of Natural Resources (DNR) for the 2001 Marine Safety Program.

Your committee considered communication no. 6-26-25 from Sheriff Charles L. Brown asking to accept a $3,606 award from the Bureau of Justice to offset the cost of replacing 15 bullet proof vests. Your committee has considered communication 6-26-21 from Suzanne Kelley, Saginaw County Brownfield Redevelopment Coordinator forwarding a request from Peerless Environment Services asking the County to apply to the Michigan Department of Environmental Quality for a revitalization loan in the amount of $208,955 for the blighted Con-Agr Elevator property located in Richland Township.

We met with Ms. Kelley who informed us the loan would assist the developer (who wishes to remain anonymous at this time due to negotiations for purchase of the property) in covering the cost of the initial phase of cleaning up the property. Preliminary estimates indicate that the length of time for tax revenues to generate sufficient funds to pay back these loans is approximately 8 years. The Brownfield Redevelopment Plan for the project would be submitted at the August Board session. (See attached for further details)

We agree with the request. Under the proper order of business, the appropriate resolution will be submitted to accomplish same.

REVITALIZATION LOAN
400 S. & 451 S. Elm Street
HEMLOCK MICHIGAN

The developer is requesting a $208,955 Revitalization Loan from the Michigan Department of Environmental Quality (DEQ). The loan application, submitted by the County of Saginaw would provide assistance for the developer to do a Phase I Environmental Site Assessment (ESA), a Phase II ESA, Due Care Analysis and Investigation, a Baseline Environmental Assessment, evaluation and pre-demolition of the property, demolition, a Health and Safety Plan, and interim response activities (if needed).

The developer proposes to demolish the existing buildings and construct an office/retail mixed use complex that may include a restaurant and residential units. This project could help draw
other business into the community as well as create 50 to 100 new jobs. This project has a potential investment of millions of dollars. A work plan would have to be submitted to the DEQ and their approval of the work plan must be secured before the project could proceed.

Interest and repayment on Revitalization Loans are not required for the first five years of the loan. Thereafter an interest rate of 2.25% is charged until repayment is made.

The loan would be paid by the Developer from the captured tax increment on the Brownfield project. In recommending this action, the Brownfield Redevelopment Authority cited several necessary stipulations for the loan to be approved as follows:

- All County costs to process the loan to be repaid by the developers upon completion of the loan
- County will be reimbursed first from all captured tax increments for the entire cost of the loan
- All parties to the note will sign personal Guarantees if the project fails to generate sufficient diverted taxes
- These arrangements to be included as part of an approved Brownfield Redevelopment Plan developed at a later date

Administration (MWA) budget; the Midland Michigan Works! Center budget, Bay Road Satellite Center budget, Tri-County Service Center Operation Grant, and Information Technology budget. (See attached)

We met with Dennis Brieske, Assistant Director, Michigan Works! Administration who informed us the County's automated accounting system requires that MWA's budget be acted on prior to the standard budget review process due to its July 1 - June 30 fiscal year.

The 2001-2002 MWA budget reflects a 6.3% increase over the 2000/2001 level. The major increase occurs in wages due to the Hay Study and fringe benefits. Also wages are projected to increase by 3% on October 1, 2000 for non-union positions. The major decrease is in postage. All funds come from the Federal Job Training Partnership Act and the State Work First Program. The Strategic Planning budget is continued through June 30, 2002 based on a State extension.

It is the recommendation of your committee that the proposed 2001/2002 budgets for Michigan Works! Administration be approved as submitted, and forwarded for inclusion into the County's budget process, subject to the final appropriation as set forth by the Board.

FROM: COMMITTEE ON COUNTY SERVICES -- 3.5  JUNE 26, 2001

At the May 22, 2001 session Commissioner Wurtzel tabled by commissioner privilege County Services Committee Report 2.9 that relates to a Michigan Works! Administration (MWA) request to continue an Information Technology budget in the amount of $55,000. Commissioners were unclear why it was not included in their original budget.

We met with Dennis Brieske, Director, MWA who informed us the Board of Commissioners approved the initial Information Technology budget at the December 1999 Board session. The budget provided for implementation of a centralized data base for all Michigan Works! programs to report to the State. The system is independent of the County's Information Systems & Services Department. All funds come from unobligated Work First and Welfare to Work funds.

By the Spring of 2001, Information Technology program funds were running low, and the State advanced additional funds in the amount of $55,000 for the T-1/ISDN data lines and the maintenance of the system (see attached). The budget covers a fourteen-month period ending June 30, 2002. This budget in now in sink with other MWA budgets.

It is the recommendation of your committee to approve the request of Michigan Works! Administration to continue a Work First Information Technology budget, as outlined above; and that the proper County officials be authorized and directed to make the necessary budget adjustments. We further recommend that County Services Committee Report 5-22-2.9 be withdrawn.

The following resolution was moved by Bartels and supported by

WHEREAS, pursuant to the provisions of Act No. 185, Public Acts of Michigan, 1957, as amended ("Act 185"), the Board of Commissioners of the County of Saginaw (the "County") has established a Department of Public Works for the administration of the powers conferred upon the County by Act 185, which department is under the immediate control of the Public Works Commissioner, acting as the Board of Public Works, and under the general control of the Board of Commissioners of the County; and

WHEREAS, by the terms of Act 185, the County and the Township of Taymouth (the "Township") are authorized to enter into a contract (i) for the acquisition, construction and financing of water supply system improvements previously designated by this Board of Commissioners as the Taymouth Township 2001 Water Supply System Improvements and consisting of a water transmission line and related appurtenances to serve property in the Township (the "Project") and (ii) for the payment of the cost thereof by the Township, with interest, and the County is then authorized to issue its bonds to provide the funds necessary therefor; and

WHEREAS, there has been submitted to this Board of Commissioners a proposed contract between the County, acting through its Public Works Commissioner as the Board of Public Works, and the Township, designated the Taymouth Township 2001 Water Supply System Improvements Contract and dated as of June 1, 2001 (the "Contract"), which Contract provides for the acquisition, construction and financing of the Project pursuant to Act 185; and

WHEREAS, there has also been submitted for approval and adoption by this Board, along with the Contract, plans, specifications and estimates of the cost and period of usefulness of the Project; and

WHEREAS, the Contract provides for the issuance of bonds by the County to defray the cost of the Project, said bonds to be secured by the contractual obligation of the Township to pay to the County amounts sufficient to pay the principal of and interest on the hereinafter authorized bonds and to pay such paying agent fees and other expenses as may be incurred on account of the bonds.

NOW, THEREFORE, BE IT RESOLVED by the Board of Commissioners of the County of Saginaw, Michigan, as follows:

1. APPROVAL OF CONTRACT. The Contract is approved and adopted, and the Public Works Commissioner is authorized and directed to execute and deliver the Contract for and on behalf of the County, in as many counterparts as may be deemed advisable, after the Contract has been executed by the appropriate officials of the Township.

5. PAYMENT OF PRINCIPAL AND INTEREST. The principal of and interest on the bonds shall be payable in lawful money of the United States. Principal shall be payable upon presentation and surrender of the bonds to the bond registrar and paying agent as they severally mature. Interest shall be paid to the registered owner of each bond as shown on the registration books at the close of business on the 15th day of the calendar month preceding the month in which the interest payment is due (the "interest payment record date"). Interest shall be paid when due by check or draft drawn upon and mailed by the bond registrar and paying agent to the registered owner on the interest payment record date at the registered address as of said date.

6. BOOK-ENTRY SYSTEM. Initially, one fully-registered bond for each maturity, in the aggregate amount of such maturity, shall be issued in the name of Cede & Co., as nominee of The Depository Trust Company ("DTC") for the benefit of other parties (the "Participants") in the book-entry-only transfer system of DTC. In the event the County determines that it is in the best interest of the County not to continue the book-entry system of transfer or that the interests of the holders of the bonds might be adversely affected if the book-entry system of transfer is continued, the County may notify DTC and the bond registrar and paying agent, whereupon DTC will notify the Participants of the availability
through DTC of bond certificates. In such event, the bond registrar and paying agent shall deliver, transfer and exchange bond certificates as requested by DTC and any Participant or "beneficial owner" in appropriate amounts in accordance with this resolution. DTC may determine to discontinue providing its services with respect to the bonds at any time by giving notice to the County and the bond registrar and paying agent and discharging its responsibilities with respect thereto under applicable law or the County may determine that DTC is incapable of discharging its duties and may so advise DTC. In either such event, the County shall use reasonable efforts to locate another securities depository. Under such circumstances (if there is no successor securities depository), the County and the bond registrar and paying agent shall be obligated to deliver bond certificates in accordance with the procedures established by this resolution. In the event bond certificates are issued, the provisions of this resolution shall apply to, among other things, the transfer and exchange of such certificates and the method of payment of principal of and interest on such certificates. Whenever DTC requests the County and the bond registrar and paying agent to do so, the County and the bond registrar and paying agent shall cooperate with DTC in taking appropriate action after reasonable notice to make available one or more separate certificates evidencing the bonds to any Participant having bonds certificated to its DTC account or to arrange for another securities depository to maintain custody of certificates evidencing the bonds.

Notwithstanding any other provision of this order to the contrary, so long as any bond is registered in the name of Cede & Co., as nominee of DTC, all payments with respect to the principal of, interest on and redemption premium, if any, on the bonds and all notices with respect to the bonds shall be made and given, respectively, to DTC as provided in the Letter of Representations relating to the bonds among DTC, the County and the bond registrar and paying agent. The Public Works Commissioner is authorized to sign the Letter of Representations on behalf of the County in such form as the Public Works Commissioner deems necessary or appropriate in order to accomplish the issuance of the bonds in accordance with law and this resolution.

7. PRIOR REDEMPTION. The bonds shall be subject to redemption prior to maturity as set forth in the form of the bonds in Section 11 hereof.

8. BOND REGISTRAR AND PAYING AGENT. The Public Works Commissioner shall designate, and may enter into an agreement with, a bond registrar and paying agent for the bonds which shall be a bank or trust company located in the State of Michigan which is qualified to act in such capacity under the laws of the United States of America or the State of Michigan. The Public Works Commissioner may from time to time as required designate a similarly qualified successor bond registrar and paying agent.
9. EXECUTION, AUTHENTICATION AND DELIVERY OF BONDS. The bonds shall be executed in the name of the County by the manual or facsimile signatures of the Chairperson of the Board of Commissioners and the County Clerk and authenticated by the manual signature of an authorized representative of the bond registrar and paying agent, and the seal of the County (or a facsimile thereof) shall be impressed or imprinted on the bonds. After the bonds have been executed and authenticated for delivery to the original purchaser thereof, they shall be delivered by the County Treasurer to the purchaser upon receipt of the purchase price. Additional bonds bearing the facsimile signatures of the Chairperson of the Board of Commissioners and the County Clerk and upon which the seal of the County (or a facsimile thereof) is impressed or imprinted may be delivered to the bond registrar and paying agent for authentication and delivery in connection with the exchange or transfer of bonds. The bond registrar and paying agent shall indicate on each bond the date of its authentication.

10. EXCHANGE AND TRANSFER OF BONDS. Any bond, upon surrender thereof to the bond registrar and paying agent with a written instrument of transfer satisfactory to the bond registrar and paying agent duly executed by the registered owner or his duly authorized attorney, at the option of the registered owner thereof, may be exchanged for bonds of any other authorized denominations of the same aggregate principal amount and maturity date and bearing the same rate of interest as the surrendered bond.

Each bond shall be transferable only upon the books of the County, which shall be kept for that purpose by the bond registrar and paying agent, upon surrender of such bond together with a written instrument of transfer satisfactory to the bond registrar and paying agent duly executed by the registered owner or his duly authorized attorney.

Upon the exchange or transfer of any bond, the bond registrar and paying agent on behalf of the County shall cancel the surrendered bond and shall authenticate and deliver to the transferee a new bond or bonds of any authorized denomination of the same aggregate principal amount and maturity date and bearing the same rate of interest as the surrendered bond. If, at the time the bond registrar and paying agent authenticates and delivers a new bond pursuant to this section, payment of interest on the bonds is in default, the bond registrar and paying agent shall endorse upon the new bond the following: "Payment of interest on this bond is in default. The last date to which interest has been paid is _______________."

The County and the bond registrar and paying agent may deem and treat the person in whose name any bond shall be registered upon the books of the County as the absolute owner of such bond, whether such bond shall be overdue or not, for the purpose of receiving payment of the principal of and interest on such bond and for all other purposes, and all payments made to any such
registered owner, or upon his order, in accordance with the provisions of Section 5 of this resolution shall be valid and effectual to satisfy and discharge the liability upon such bond to the extent of the sum or sums so paid, and neither the County nor the bond registrar and paying agent shall be affected by any notice to the contrary. The County agrees to indemnify and save the bond registrar and paying agent harmless from and against any and all loss, cost, charge, expense, judgment or liability incurred by it, acting in good faith and without negligence hereunder, in so treating such registered owner.

For every exchange or transfer of bonds, the County or the bond registrar and paying agent may make a charge sufficient to reimburse it for any tax, fee or other governmental charge required to be paid with respect to such exchange or transfer, which sum or sums shall be paid by the person requesting such exchange or transfer as a condition precedent to the exercise of the privilege of making such exchange or transfer.

The bond registrar and paying agent shall not be required to transfer or exchange bonds or portions of bonds which have been selected for redemption.

11. FORM OF BONDS. The bonds shall be in substantially the following form:

END OF BOND FORM

12. SECURITY. The bonds shall be issued in anticipation of payments to be made by the Township pursuant to the Contract. The bonds shall be secured primarily by the full faith and credit pledge made by the Township in the Contract pursuant to the authorization contained in Act 185. As additional and secondary security the full faith and credit of the County are pledged for the prompt payment of the principal of and interest on the bonds as the same shall become due. If the Township shall fail to make payments to the County pursuant to the Contract which in the aggregate are sufficient to pay the principal of, premium, if any, and interest on the bonds as the same shall become due, then an amount sufficient to pay the deficiency shall be advanced from the general fund of the County. Taxes imposed by the County shall be subject to constitutional limitations.

13. DEFEASANCE. In the event cash or direct obligations of the United States or obligations the principal of and interest on which are guaranteed by the United States, or a combination thereof, the principal of and interest on which, without reinvestment, come due at times and in amounts sufficient to pay, at maturity or irrevocable call for earlier optional redemption, the principal of, premium, if any, and interest on the bonds, or any portion thereof, shall have been deposited in trust, this resolution shall be defeased with respect to such bonds, and the owners of the bonds shall have no further rights under this resolution except to receive payment of the principal of, premium, if any, and interest on such bonds from the cash or securities deposited in trust and the interest and gains thereon and to transfer and exchange bonds as provided herein.

14. PRINCIPAL AND INTEREST FUND. There shall be established for the bonds a Principal and Interest Fund which shall be kept in a separate bank account. From the proceeds of the sale of the bonds there shall be set aside in the Principal and Interest Fund any premium and accrued interest received from the purchaser of the bonds at the time of delivery of the same. All payments received from the Township pursuant to the Contract are pledged for payment of the principal of and interest on the bonds and expenses incidental thereto and as received shall be placed in the Principal and Interest Fund.
15. CONSTRUCTION FUND. The remainder of the proceeds of the sale of the bonds shall be set aside in a construction fund for the Project and used to acquire and construct the Project in accordance with the provisions of the Contract.

16. APPROVAL OF MICHIGAN DEPARTMENT OF TREASURY - EXCEPTION FROM PRIOR APPROVAL. The issuance and sale of the bonds shall be subject to permission being granted therefor by the Department of Treasury of the State of Michigan or an exception from prior approval being granted by the Department of Treasury and the Public Works Commissioner is authorized to file with the Department of Treasury a Notice of Intent to Issue an Obligation and all necessary waivers with respect to the bonds and to pay, upon the filing of the notice, the filing fee of $100. If an exception from prior approval is not granted the Public Works Commissioner shall make application to the Department of Treasury for permission to issue and sell the bonds as provided by the terms of this resolution and for approval of the form of Notice of Sale.

17. SALE, ISSUANCE, DELIVERY, TRANSFER AND EXCHANGE OF BONDS. The Public Works Commissioner is hereby authorized to prescribe the form of Notice of Sale for the bonds, to sell the bonds at not less than 98.5% of par and accrued interest in accordance with the laws of this State and to do all things necessary to effectuate the sale, issuance, delivery, transfer and exchange of the bonds in accordance with the provisions of this resolution; provided however, the bonds shall not be sold unless the Township has approved, executed and delivered the Contract and the County has executed and delivered the Contract. The officers, agents and employees of the County and the Public Works Commissioner are authorized to execute such documents and certificates and to take all other actions necessary and convenient to facilitate the sale and delivery of the bonds.

18. REPLACEMENT OF BONDS. Upon receipt by the Public Works Commissioner of proof of ownership of an unmatured bond, of satisfactory evidence that the bond has been lost, apparently destroyed or wrongfully taken and of security or indemnity which complies with applicable law and is satisfactory to the Public Works Commissioner, the Public Works Commissioner may authorize the bond registrar and paying agent to deliver a new executed bond to replace the bond lost, apparently destroyed or wrongfully taken in compliance with applicable law. In the event an outstanding matured bond is lost, apparently destroyed or wrongfully taken, the Public Works Commissioner may authorize the bond registrar and paying agent to pay the bond without presentation upon the receipt of the same documentation required for the delivery of a replacement bond. The bond registrar and paying agent, for each new bond delivered or paid without presentation as provided above, shall require the payment of expenses, including counsel fees, which may be incurred by the bond registrar and paying agent and the County in the premises. Any bond delivered pursuant the provisions of
this Section 18 in lieu of any bond lost, apparently destroyed or
wrongfully taken shall be of the same form and tenor and be
secured in the same manner as the bond in substitution for which
such bond was delivered.

19. TAX COVENANT. The County covenants to comply with all
requirements of the Internal Revenue Code of 1986, as amended,
necessary to assure that the interest on the bonds will be and
will remain excludable from gross income for federal income tax
purposes. The Public Works Commissioner and other appropriate
County officials are authorized to do all things necessary to
assure that the interest on the bonds will be and will remain
excludable from gross income for federal income tax purposes.

20. REDUCTION OF PRINCIPAL AMOUNT OF BOND ISSUE. If the
Public Works Commissioner shall determine that it is not necessary
to sell bonds in the principal amount of Two Hundred Twenty-Five
Thousand Dollars ($225,000), he may by order reduce the principal
amount of bonds to be sold to that amount deemed necessary. In
the event the principal amount of the bond issue is reduced
pursuant to this section, the Public Works Commissioner shall
reduce the amount of bonds maturing in any one or more years as
necessary.

21. QUALIFIED TAX EXEMPT OBLIGATIONS. The bonds are hereby
designated as Qualified Tax Exempt Obligations as described in
Section 265(b)(3)(B) of the Internal Revenue Code of 1986, as
amended.

22. CONFLICTING RESOLUTIONS. All resolutions and parts of
resolutions insofar as they may be in conflict herewith are hereby
rescinded.

WITNESSETH:

WHEREAS, it is immediately necessary and imperative for the public health and welfare of the present and future residents of the Township that adequate and proper improvements to the water supply system of the Township be acquired and constructed to serve parts thereof lying within the district hereinafter described; and

WHEREAS, the County, under the provisions of Act 185, Public Acts of Michigan, 1957, as amended ("Act 185"), has established a Department of Public Works for the administration of the powers conferred upon the County by Act 185, which department is under the immediate control of the Public Works Commissioner, acting as the Board of Public Works (hereinafter sometimes referred to as the "Board"), and under the general control of the Board of Commissioners of the County of Saginaw; and

WHEREAS, the County of Saginaw, by Board of Commissioners resolution adopted on March 27, 2001, established as a County project under Act 185 the acquisition and construction of water supply system improvements consisting of a water transmission line and related appurtenances running from the intersection of Nichols Road and Verne Road along Verne Road to Dorwood Road, then along Dorwood Road to E. Birch Run Road, then along E. Birch Run Road to Nichols Road, all substantially as described on Exhibit A attached hereto and by this reference made a part hereof (the "Project"); and

WHEREAS, Act 185 authorizes a county to improve, enlarge, extend, finance and operate water supply systems as defined therein; and

WHEREAS, by the terms of Act 185 the County and the Township are authorized to enter into a contract for the acquisition, construction, financing and operation of the Project and for the payment of the cost thereof by the Township, with interest, over a period of not exceeding forty (40) years, and the County is then authorized, pursuant to appropriate action of its Board of Commissioners, to issue its bonds to provide the funds for the facilities to be paid for and used by the Township, secured primarily by the full faith and credit contractual obligation of the Township and secondarily by the full faith and credit of the County; and

WHEREAS, Act 185 provides, in the opinion of the Township and the County, the fairest and most equitable means of acquiring the water supply system improvements necessary for the public health and welfare of the residents of the County within the district of the Township to be served, at the most reasonable cost; and

WHEREAS, the County through the Board has obtained a diagram of the facilities and service area of the Project, as outlined on
Exhibit A, as prepared by Spicer Group, Inc., consulting engineers of Saginaw, Michigan (hereinafter sometimes referred to as the "Engineers"), and has obtained an estimate of cost and period of usefulness as shown on Exhibit B; and

WHEREAS, in order to finance the acquisition and construction of the Project and to issue such bonds, it is necessary that the County and the Township enter into this Contract; and

WHEREAS, it is also necessary for the County and the Township to contract relative to the operation and maintenance of the Project and the use thereof to serve residents and customers of the Township.

NOW THEREFORE, in consideration of the premises and the covenants of each other, the parties hereto agree as follows:

1. The County and the Township approve the acquisition and construction of the Project under the provisions of Act 185, which Project is described on Exhibit A and is hereby designated "Taymouth Township 2001 Water Supply System Improvements." The area to be served by the Project, which consists of the lands in the Township shown on Exhibit A, is hereby designated "Taymouth Township 2001 Water Supply System Improvements District" (hereinafter sometimes referred to as the "District"). The Project shall consist of a water transmission line and related appurtenances substantially as indicated on Exhibit A attached hereto.

2. The County and the Township hereby approve the estimate of cost of the Project consisting of the items set forth in Exhibit B attached hereto, and the estimate of 20 years and upwards as the period of usefulness thereof, all as prepared by the Engineers.

3. After the execution of this Contract by the County and the Township, the Board shall take the following steps:
   (a) Obtain final construction plans and specifications for the Project prepared by the Engineers.
   (b) Submit to the Board of Commissioners of Saginaw County a resolution, duly approved and recommended by the Board, providing for the issuance of bonds in the aggregate principal amount of the present estimated cost of the Project or such different amount reflecting any revision in the estimate of cost agreed to by the County and the Township or reflecting the amount of grant or other funds available to pay the cost of the Project, maturing serially as authorized by law, over a period not to exceed twenty (20) years, which bonds will be secured primarily by the payments hereinafter provided to be made by the Township, to the making of which payments the full faith and credit of the Township are hereby pledged, and secondarily, if 3/5ths of the members elect of the Board of Commissioners so vote, by the full faith and credit pledge of the County.
   (c) The Board will take all necessary procedures to obtain the approval or waiver of approval of the Department of Treasury of the State of Michigan necessary to the issuance of the bonds by
the County, obtain approval of and receive construction bids for
the Project, and, after the Board of Commissioners of Saginaw
County has adopted the bond resolution and subject to the sale
and delivery of the bonds, enter into construction contracts with
the lowest responsible bidders, and sell and deliver the bonds in
manner authorized by law, and construct the Project; provided,
however, the Board shall in no event enter into any final contract
or contracts for the acquisition and construction of the Project
if such contract price or prices will be such as to cause the
actual cost of the Project to the Township to exceed the present
estimated cost of the Project set forth in Exhibit B attached
hereto, unless the Township, by resolution of its legislative
body, (i) approves the increased cost and (ii) agrees to pay the
increased amount in cash or by specifically authorizing the
maximum principal amount of bonds to be issued, as provided in
paragraph 5 of this Contract, to be increased to an amount which
will provide sufficient funds to meet the increased cost and a
similar increase in its installment obligation pledged under the
terms of this Contract to the payment of such bonds.

4. It is understood and agreed by the parties hereto that
the Project is to serve the Township and that the responsibility
of serving the individual users connected to the Project shall be
that of the Township, which shall bill and collect all charges in
connection therewith and shall maintain and operate the Project as
provided in paragraph 13 hereof. The County shall not be
obligated by this Contract to serve any area outside the District
as described in paragraph 1 hereof, or to construct any facilities
other than those designated in paragraph 1 hereof, and the
Township shall not provide such service outside the District or
extend or enlarge the Project without the express written consent
of the County in the form of an amendment to this Contract.

5. The Township shall pay to the County the cost of the
Project. The term "cost" as used herein shall be construed to
include all items of cost of the type set forth in Exhibit B
attached hereto and any other items of cost of a similar nature as
may be set forth in any revision of Exhibit B agreed to by the
parties hereto. The cost of the Project will be funded by the
proceeds of one or more series of bonds to be issued by the County
hereunder in the aggregate principal amount not to exceed the cost
of the Project, or any portion thereof, as determined or estimated
at the time or times of such issuance.

If a grant, advance or payment becomes available from the
State or Federal government or any other source that is in the
best interest of the Project as determined by the Township, the
Township hereby agrees to adopt such resolutions or ordinances as
may be required by State or Federal laws, regulations or orders to
make the County of Saginaw and the Project and District eligible
to accept and receive the grant, advance or payment, and if the
terms of the grant, advance or payment require a local
contribution, the Township hereby agrees to raise and contribute its share thereof as herein provided.

6. No change in the jurisdiction over any territory in the Township shall in any manner impair the obligations of this Contract based on the full faith and credit of the Township or of the County. In the event all or any part of the territory of the Township in the area to be served by the Project is incorporated as a new city or is annexed to or becomes a part of the territory of another municipality, the municipality into which such territory is incorporated or to which such territory is annexed, shall assume the proper proportionate share of the contractual obligation and capacity in the Project of the Township from which such territory is taken, based upon a division determined by the Board, which shall make such determination after taking into consideration all factors necessary to make the division equitable, and in addition shall, prior to such determination, receive a written recommendation as to the proper division from a committee composed of one representative designated by the governing body of the Township from which the territory is taken, one designated by the governing body of the new municipality or the municipality annexing such territory, and one independent registered engineer appointed by the Board. The Township and municipality shall appoint its representative within thirty (30) days after being notified to do so by the Board and within a like time the Board shall appoint the engineer third member. If the Township or municipality shall fail to appoint its representative within the time above provided, then the Board may proceed without said appointment. If the committee shall not make its recommendation within forty-five (45) days after its appointment or within any extension thereof by the Board, then the Board may proceed without such recommendation. In the consideration of the matters herein provided, including the designation of the third member of the committee, any member of the Board who is also an official of the Township or municipality shall be disqualified to act or vote.

7. The Township shall pay the principal of and interest on bonds issued by the County for the Project and all paying agent fees and other expenses and charges (including the County's administrative expenses) which are payable on account of such bonds (such fees, expenses and charges being herein called "bond service charges"). The Board shall notify the Township within thirty days after the issuance of any bonds by the County to finance the cost of the Project, by written communication addressed to its treasurer, of the principal of and interest on the County bonds, and the Board shall also, at least thirty days before each payment is due to be made by the Township, advise the treasurer in writing of the amount payable to the County on such date.

The Township hereby covenants and agrees, not less than thirty (30) days prior to the due date of any principal of or
interest on any such bonds, to remit to the Board sufficient funds to meet said payments in full and any bond service charges as determined by the Board, applicable thereto. If the Township shall fail to make any of such payments when due, the amount thereof shall be subject to a penalty in addition to interest of one percent (1%) for each month or fraction thereof that the same remains unpaid after the due date. The Township may pay in advance of maturity all or any part of an annual installment due to the County, by surrendering to the County bonds issued in anticipation of payments to be made under this Contract, of a like principal amount maturing in the same calendar year. Failure of the Board to furnish the scheduling or give the notice as above required shall not excuse the Township from the obligation to make payment when due. Payments shall be made by the Township when due whether or not the Project has then been completed. The foregoing obligations shall apply to all bonds issued by the County to defray the cost of the Project.

The County agrees that upon the written request of the Township, it shall take all necessary steps to call for redemption those bonds designated in such request, provided that the Township shall have furnished the County with sufficient funds to effect such redemption on or before the date notice of such redemption is to be given.

8. In the event that the Township shall fail for any reason to pay to the Board at the times specified, the amounts herein required to be paid, the Board shall immediately notify, in writing, both the State Treasurer or other appropriate disbursing official and the governing body of the Township of such default and the amount thereof, and if such default is not corrected within ten (10) days after such notification, the State Treasurer or other official charged with disbursement to the Township of funds derived from unrestricted state funds returnable to the Township, is by these presents specifically authorized by the Township to deduct the amount from any moneys in such official's possession belonging to the Township and not pledged, prior to the date of this Contract, to the payment of other debt, but not to exceed in any one fiscal year of the Township 25% of the aggregate amount then in default and to pay said sums so withheld to the Board to apply on the past due obligation of the Township as herein set forth. Any such moneys so withheld and paid shall be considered to have been returned to the Township within the meaning of the Michigan Constitution, the purpose being solely to authorize voluntarily the use of such funds to meet such past due obligations of the Township to the County. In addition to the foregoing, the Board shall have all other rights and remedies provided by law to enforce the obligation of the Township to make payments in the manner and at the times required by this Contract. It is specifically recognized by the Township that the payments required to be made by it pursuant to the terms of this Contract are to be pledged for the payment of the principal of and interest
on bonds to be issued by the County, and the Township covenants and agrees that it will make its required payments to the Board promptly and at the times herein specified, without regard as to whether the Project herein contemplated is actually completed or placed in operation.

9. After completion of the Project and payment of all costs thereof, any surplus remaining from the sale of the bonds therefor shall be retained by the Board and used for the payment of bond principal and interest maturities next falling due, and in such event the contractual obligation of the Township in respect to such maturities shall be reduced by the amount of said reserve. In the alternative, the surplus funds may be used to improve, enlarge and extend the Project or to provide additional water supply system facilities for the Township on the approval by resolution of the legislative body of the Township and of the Board of Commissioners of Saginaw County.

10. If the proceeds of the sale of the original bonds to be issued by the County for the Project are for any reason insufficient to complete the Project in accordance with the plans and specifications therefor, the Board shall, if necessary, submit to the Board of Commissioners of Saginaw County a resolution providing for the issuance of additional bonds in an amount necessary to provide funds to complete the Project in which event the duties and obligations of the Board and the Township as expressed and set forth in this Contract shall be applicable to such additional issue of bonds as well as the original issue, it being at all times fully recognized and agreed that the payments to be made by the Township, in the manner specified in paragraph 7 of this Contract, shall be based upon the cost of the Project. In lieu of the issuance of such additional bonds, any other method may be agreed upon by the County and the Township to provide the necessary funds to complete the Project.

11. The Township, pursuant to the authorization of paragraph (2), Section 12 of Act 185, does hereby pledge its full faith and credit for the prompt and timely payment of the obligations expressed in this Contract and shall each year, commencing with the year 2001, levy a tax on the taxable property in the unincorporated area of the Township in an amount which, taking into consideration estimated delinquencies in tax collections, will be sufficient to pay its obligations under this Contract becoming due before the time of the following year's tax collections: PROVIDED HOWEVER, that if at the time of making such annual tax levy there shall be other funds on hand earmarked and set aside for the payment of such contractual obligations falling due prior to the next tax collection period, then the annual tax levy may be reduced by such amount and PROVIDED FURTHER, that the annual tax levy is understood and agreed to be subject to applicable constitutional and statutory limitations as to rate and amount inasmuch as this Contract has not been approved by a vote of the Township electors. Such other funds may be raised in the
manner provided in paragraph (2), Section 12 of Act 185, it being specifically understood that the Township intends to impose and collect connection, availability or water supply service charges to provide all or part of such other funds.

12. This Contract is contingent upon the County issuing its negotiable bonds as set forth in subparagraph (b) of paragraph 3 of this Contract, to defray the estimated cost of the Project, which bonds shall be issued under the authorization provided in paragraph (1), subparagraph (b), Section 11 of Act 185. If bonds are not sold to finance the acquisition and construction of the Project within three years from the date of this Contract through no fault of the County or if the Project is abandoned for any reason, the Township shall pay all engineering, legal and other costs and expenses incurred by the County in connection with the Project, and the Township shall be entitled to all plans, specifications and other engineering data and materials related to the Project.

13. The Township consents to the establishment and location of the Project as described on Exhibit A and hereby permits and licenses the County to use the streets, highways, alleys and public ways and places in the Township in which to locate, establish, construct, maintain and operate the Project and the facilities thereof. All necessary easements and interests in land for the Project shall be acquired in the name of the County. Upon completion of the Project, the Township, subject to the terms of this Contract, shall operate and maintain the Project in accordance with applicable governmental standards and regulations, including the requirements of any operating permit issued by the Michigan Department of Environmental Quality. The Township shall be entitled to contract with any public or private corporation (including the County) for the performance of such operation and maintenance.

14. The County and the Township each recognize that the holders from time to time of the bonds issued by the County under the provisions of Act 185 and secured by the full faith and credit pledge of the Township to the making of its payments as set forth in this Contract, will have contractual rights in this Contract and it is therefore covenanted and agreed by each of them that so long as any of the bonds shall remain outstanding and unpaid, the provisions of this Contract shall not be subject to any alteration or revision which would in any manner affect either the security of the bonds or the prompt payment of principal or interest thereon. The Township and the County further covenant and agree that they will comply with their respective duties and obligations under the terms of this Contract promptly, at the times and in the manner herein set forth, and will not suffer to be done any act which would in any way impair the bonds, the security therefor, or the prompt payment of principal and interest thereon. It is hereby declared that the terms of this Contract insofar as they
pertain to the security of any such bonds, shall be deemed to be for the benefit of the holders of the bonds.

15. The County and the Township expressly agree that the County and the Board shall not be liable and the Township shall pay, indemnify and save the County and the Board harmless of, from and against all liability of any nature whatever regardless of the nature in which such liability may arise, for any and all claims, actions, demands, expenses, damages and losses of every conceivable kind whatsoever (including, but not limited to, liability for injuries to or death of persons and damages to or loss of property) asserted by or on behalf of any person, firm, corporation or governmental authority arising out of, resulting from, or in any way connected with the ownership, acquisition and construction of the Project, this Contract, or the issuance, sale and delivery by the County of the bonds described in this Contract. It is the intent of the County and the Township that the County and the Board be held harmless by the Township from liability for such claims, actions, demands, expenses, damages and losses, however caused or however arising, including, but not limited to, to the extent not prohibited by law, such claims, actions, demands, expenses, damages and losses even though caused, occasioned or contributed by the negligence, sole or concurrent, of the County or the Board for which the County or the Board may be held liable. In any action or proceeding brought about by reason of any such claim or demand, the Township shall also pay, indemnify and save the County and the Board harmless from and against all costs, reasonable attorneys’ fees and disbursements of any kind or nature incidental to or incurred in said defense, and will likewise pay all sums required to be paid by reason of said claims, demands, or any of them, in the event it is determined that there is any liability on the part of the County or the Board. Upon the entry of any final judgment or a final award by an arbitration panel against the County or the Board on any claim, action, demand, expense, damage or loss contemplated by this paragraph and notwithstanding that the County or the Board has not paid the same, the Township shall be obligated to pay to the County or the Board, as the case may be, upon written demand therefor, the amount thereof not more than sixty (60) days after such demand is made. In the event that any action or proceeding is brought against the County or the Board by reason of any such claims or demands, whether such claims or demands are groundless or not, the Township shall, upon written notice and demand from the County or the Board, resist and defend such action or proceeding in behalf of the County or the Board, as the case may be, but will not settle any such action or proceeding without the consent of the County or the Board, as the case may be. Notwithstanding the foregoing, nothing contained in this paragraph 15 shall be construed to indemnify or release the County or the Board against or from any liability which it would otherwise have arising from the wrongful or negligent actions or failure to act
on the part of the County’s or the Board’s employees, agents or representatives with respect to matters not related to the ownership, acquisition or construction of the Project, this Contract or the issuance, sale or delivery of the bonds issued to finance the Project.

16. This Contract shall become effective upon approval by the legislative body of the Township, by the Board and by the Board of Commissioners of Saginaw County, and duly executed by the authorized officers of the Township and the Board. It shall terminate forty (40) years from the date of this Contract, or upon such earlier date when all County obligations issued pursuant to this Contract and interest thereon are paid and fully discharged or provision has been made therefor and the Township is not in any manner or amount in default hereunder, and upon such termination the Project and all related easements and rights-of-way therefor shall become the property of the Township. This Contract may be executed in several counterparts.

17. All disputes arising under this Contract shall first be referred to a committee to consist of the Township Supervisor of the Township and the Public Works Commissioner. The committee shall meet in an effort to resolve the dispute. If deemed necessary, the committee shall draft for consideration by the respective boards appropriate amendments to this Contract to clarify any item or to address additional matters. If the dispute cannot be resolved, the parties may use any other appropriate legal remedy.

18. The provisions of this Contract shall be in full force and effect and binding upon the successors and assigns of the parties hereto.

IN WITNESS WHEREOF, the parties hereto have caused this Contract to be executed and delivered by their respective duly authorized officers, all as of the day and year first above written.

FROM: COMMITTEE ON HUMAN SERVICES -- 2.1 AUGUST 14, 2001
Your committee has considered communication no. 8-14-17 from John Niederhauser, Health Officer, Saginaw County Department of Public Health asking to establish a fee for community nutrition counseling.
The new service would be made available to non-WIC (Women, Infants and Children) enrolled clients. Counseling is already being provided to clients enrolled in the WIC Program. A cost analysis for staff and supplies, based on an average one-hour session, is $40.00 per client. This service will not compete with diabetes nutrition counseling available from other providers.
It is our recommendation that the Saginaw County Department of Public Health be authorized to establish a fee of $40.00 for community nutrition counseling provided to non-WIC clients; further, that the proper County officials be directed to implement same.

Your committee has considered communication no. 8-14-21 from Sheriff Charles Brown informing the Board that an application has been submitted for a Family Independence Agency Juvenile Accountability Incentive Block Grant to support the internet crime initiative.

This grant will target juvenile offenders who are using cyber technology to perpetrate crimes. Additionally, this grant has a strong public educational component, and will partially support expenses for investigative and prosecutorial personnel, computer hardware and software required for forensic investigation.

The total grant of $147,874.00 requires a match of $14,788 or 10%. Since this is a collaborative effort between the Sheriff and Prosecutor, the match would be divided equally and is included in their respective budgets.

It is the recommendation of your committee that the County accept the grant, if awarded, for the internet crime initiative; further that the proper County officials be authorized and directed to amend the Budget and execute the necessary documents on behalf of the County subject to review by the Controller as to substance and Counsel as to legal form.

Respectfully submitted,

Your committee has considered communication no. 8-14-28 from Sheriff Charles Brown asking to accept grant funds from the Michigan Office of Drug Control Policy for continuation of the following projects for fiscal year 2001/2002:

1) Gang Task Force - The $120,488 grant will support a Sheriff Deputy and Carrollton Township Detective. The State will provide $48,195 or 40%, Saginaw County's match is $42,453 and Carrollton Township's match is $29,840.

2) School Liaison - The $62,565 grant will support a school liaison officer position. The State will provide $37,539 or 60%. The balance of $25,026 will be shared equally between Saginaw County and Chesaning Union Schools in the amount of $12,513.

The County’s match for the two grants is included in the Sheriff Department's 2001/02 budget.
We recommend approval for the Sheriff Department to accept the
grant funds from the Michigan Office of Drug Control Policy to
support the Gang Task Force and School Liaison Projects. We
further recommend the proper County officials be authorized and
directed to sign the necessary documents on behalf of the County,
subject to review by the Controller as to substance and Counsel as

FROM: COURTS & PUBLIC SAFETY COMMITTEE -- 3.4 AUGUST 14, 2001
Your committee has considered communication no. 8-14-18 from Mark
Wachner, Director, Animal Care Center submitting proposals aimed
at improving the efficiency and effectiveness of Center operations
and service to the public. It also reduces General Fund spending.
The Animal Control Advisory Council supports the proposal.
A) Spay/Neuter Program - In 1992, a Trust Fund was established
to assist individuals unable to afford the cost to
spay/neuter. The program, funded through the license fees of
unaltered dogs, was regulated and administered by the Animal
Control Advisory Council. The Director did an extensive
review of the program since its inception. The results of
this study has shown that the desired results have not been
achieved, and the public would be better served in other
ways.
We concur and recommend the program be discontinued; further, that
the monies forfeited in adoption in the Trust Fund, non-tax
dollars, projected at $10,000 be donated to the Humane Society on
a one-time basis for use as seed money to develop a program under
their auspices, in accordance with State Statute.
B) Fees - A proposal to revise and/or establish fees.
1. Boarding: increase from $5.00 to $7.00
2. Pick-up (impound):
   - $15 for 1st pick-up (no change)
   - $30 for 2nd pick-up within one year of 1st (no change)
   - change the $30 plus citation for 3rd pick-up within one year of
     2nd to $100.00 for 3rd pick-up within one year of 2nd or
     waive pick-up fee with non-refundable receipt from
     owners veterinarian of pre-paid spay or neuter, $50 for
     those already spayed or neutered
3. Euthanasia: establish a $10 fee, those with current license would be free

4. Owned Dog Pick-up: establish a $10 service call fee

We concur and recommend approval of the fees to more accurately reflect the costs to provide the service.

We further recommend that the proper county officials be authorized and directed to implement the proposals; and, make the necessary budgetary adjustments.

The dated date of the bonds, the principal amount of the bonds, the principal amount of any maturity of the bonds, and the dates of payment of the principal of and interest on the bonds, may be changed by the Commissioner prior to publication of notice of sale of the bonds and at the time of sale of the bonds and shall be as finally provided in the Order of the Commissioner awarding the bonds to the successful bidder (the “Order of Award”).

The bonds shall bear interest at a rate or rates determined on sale thereof, not exceeding seven percent (7%) per annum, first payable on December 1, 2001, and semiannually thereafter, or such other interest payment dates as provided in the Order of Award. The bonds shall be sold at an aggregate price not less than 98.50% of their par value. The bonds shall be subject to optional redemption prior to maturity as provided in the Notice of Sale Order of the Commissioner and in the Order of Award.

Section 7. The bonds shall be payable by check drawn on the Transfer Agent (hereinafter defined), mailed to the registered owner at the registered address, as shown on the registration books of the County maintained by the Transfer Agent. Interest shall be payable to the registered owner of record as of the fifteenth day of the month prior to the payment date for each interest payment. The date of determination of registered owner for purposes of payment of interest as provided in this paragraph may be changed by the County to conform to market practice in the future. The principal of the bonds shall be payable upon presentation and surrender of the appropriate bond at the office of the Transfer Agent.

Notwithstanding the foregoing, the bonds shall be issued and delivered in the first instance in book-entry-only form with one fully registered bond for each maturity in the aggregate principal amount of such maturity registered in the name of Cede & Co., as nominee of The Depository Trust Company (“DTC”). So long as the bonds are in the book-entry only form, the Transfer Agent shall comply with the terms of the Letter of Representations to be entered into among the County, the Transfer Agent and DTC, which
provisions shall govern registration, notices and payment, among other things, and which provisions are incorporated herein with the same effect as if fully set forth herein. The County Treasurer and the Commissioner each is hereby authorized and directed to enter into the Letter of Representations with DTC in such form as determined by the Treasurer or the Commissioner, as the case may be, in consultation with bond counsel, to be necessary and appropriate. The Transfer Agent is hereby authorized and directed to also enter into the Letter for Representations with DTC as agent for the County. In the event the County determines that the continuation of the system of book entry only transfer through DTC (or a successor securities depository) is not in the best interests of the DTC participants, beneficial owners of the bonds, or the County, the County will notify the Transfer Agent, whereupon Transfer Agent will notify DTC of the availability through DTC of the bond certificates. In such event, the County shall issue and the Transfer Agent shall transfer and exchange bonds as requested by the DTC of like principal amount, series and maturity, in authorized denominations to the identifiable beneficial owners in replacement of the beneficial interest of such beneficial owners in the bonds, as provided herein.

Section 8. The Chairman of the Board of Commissioners and the County Clerk are hereby authorized and directed to execute said bonds by means of their facsimile signatures when issued and sold for and on behalf of the County and to cause to be imprinted thereon a facsimile of the seal of the County. No bond of this series shall be valid until authenticated by an authorized officer of the Transfer Agent. The Transfer Agent shall be selected by the Commissioner. The bonds shall be delivered to the Transfer Agent for authentication and shall then be delivered to the purchaser in accordance with instructions from the Treasurer of the County upon payment of the purchase price for the bonds in accordance with the bid therefor when accepted. Executed blank bonds for registration and issuance to transferees shall simultaneously, and from time to time thereafter as necessary, be delivered to the Transfer Agent for safekeeping. Any bond may be transferred upon the books required to be kept pursuant to this Section by the person in whose name it is registered, in person or by his duly authorized attorney, upon surrender of the bond for cancellation, accompanied by delivery of a duly executed written instrument of transfer in a form approved by the Transfer Agent. Whenever any bond or bonds shall be surrendered for transfer, the Transfer Agent shall authenticate and deliver a new bond or bonds, for like aggregate principal amount. The Transfer Agent shall require the payment by the bondholder requesting the transfer of any tax or other governmental charge required to be paid with respect to the transfer.
Notwithstanding the foregoing, as long as the bonds are held in book-entry-only form by DTC, then the transfer of bonds shall be made in accordance with the procedures of DTC.

Section 9. Said bonds and the interest thereon shall be payable primarily from the Contractual Payments received by the County, for the payment of which the Local Unit has in the Contract pledged its full faith and credit pursuant to the provisions of the Act. Pursuant to the provisions of Section 6, Article IX of the Michigan Constitution of 1963, the Local Unit have covenanted and agreed to levy taxes annually to the extent necessary to provide the funds to meet its Contractual Payments when due in anticipation of which the bonds are issued, which taxes shall be subject to applicable charter, statutory and constitutional limitations. All of such Contractual Payments are hereby pledged solely and only for the payment of principal of and interest on the bonds.

Section 10. Pursuant to the authorization provided in the Act, the full faith and credit of the County is hereby pledged for the prompt payment of the principal of and interest on the bonds as the same shall become due. If for any reason there are not sufficient funds on hand from the Contractual Payments to pay the principal of and interest on the bonds when due, upon written notification by the Commissioner to the County Treasurer of the amount of such deficiency, the County Treasurer shall promptly deposit into the debt retirement fund for said bonds the amount of such deficiency out of general funds of the County. If it becomes necessary for the County to so advance any such moneys, it shall be entitled to reimbursement from any surplus from time to time existing in the fund which said principal and interest are primarily payable, or from any other legally available source. The County recognizes and covenants that its full faith and credit pledge hereunder is a first budget obligation, and, to the extent necessary to provide funds to meet such pledge herein provided, it is obligated to levy ad valorem taxes against the taxable property in the County, which taxes, however, shall be subject to statutory and constitutional limitations.

In the event cash or direct obligations of the United States or obligations the principal of and interest on which are guaranteed by the United States, or a combination thereof, the principal of and interest on which, without reinvestment, come due at times and in amounts sufficient to pay at maturity or irrevocable call for earlier optional redemption, the principal of and interest on the bonds shall be deposited in trust, this resolution shall be defeased and the owners of the bonds shall have no further rights under this resolution except to receive payment of the principal of and interest on the bonds from the cash or securities deposited in trust and the interest and gains thereon and to transfer or exchange bonds as provided herein.

Section 11. It shall be the duty of the Commissioner, after the adoption of this resolution and the sale of the bonds herein
authorized, to open a special depository account with a bank or trust company to be designated by the Commissioner to be designated DEBT RETIREMENT FUND - SAGINAW COUNTY WATER SUPPLY AND SEWAGE DISPOSAL SYSTEM BONDS (CITY OF FRANKENMUTH), sometimes referred to as the “debt retirement fund,” into which account the Commissioner shall deposit accrued interest and any premium received upon delivery of the bonds and all Contractual Payments as received, and into which account any advances made by the County pursuant to Section 10 of this resolution shall be deposited. The moneys from time to time on hand in said debt retirement fund shall be used solely and only for the payment of the principal of and interest on the bonds, or, to the extent of any surplus, to reimburse the County for any advances made pursuant to Section 10 hereof. The County shall have the right to invest moneys in the debt retirement account as provided in the Contract, which investments may be in obligations other than those of the depository bank or trust company only.

Section 12. The operation, maintenance and administration of the System and the acquisition and construction of the Project shall be under the overall jurisdiction and control of the Commissioner as agency of the County and the provisions in the Contract relative to such operation, maintenance and administration are hereby recognized, approved and confirmed.

Section 13. Said bonds shall be in substantially the following form:

The County of Saginaw, State of Michigan (the “Issuer”), for value received, hereby promises to pay to the Registered Owner specified above, or registered assigns, the Principal Amount specified above, in lawful money of the United States of America on the Date of Maturity specified above, with interest thereon from the Date of Original Issue specified above or such later date to which interest has been paid, until paid, at the Interest Rate per annum specified above, first payable on December 1, 2001 and semiannually thereafter. Principal of this bond is payable at the office of ______________________________, Michigan, or such other transfer agent as the
Issuer may hereafter designate by notice mailed to the Registered Owner hereof not less than sixty (60) days prior to any interest payment date (the "Transfer Agent"). Interest on this bond is payable to the Registered Owner of record as of the fifteenth (15th) day of the month preceding the payment date as shown on the registration books of the Issuer maintained by the Transfer Agent, by check or draft mailed to the Registered Owner at the registered address.

The Issuer has irrevocably pledged to the payment of this issue of bonds the total contractual payments, which said total payments are established in the amount required to pay the principal of and interest on the bonds of this issue when due. As additional security for the payment of the bonds of this issue, the Issuer, pursuant to the provisions of Act 185, Public Acts of Michigan, 1957, as amended, and a three-fifths (3/5) vote of the members-elect of its Board of Commissioners, has pledged its full faith and credit for the prompt payment of the principal of and interest thereon. The full faith and credit pledges of the Local Unit and of the Issuer are limited tax general obligations of each severally, and each is required to pay its respective debt service commitments on the bonds as a first budget obligation from its general funds, including the collection of any ad valorem taxes which each is authorized to levy. However, the ability of each to levy such taxes is subject to applicable charter, statutory and constitutional limitations.

This bond is one of a total authorized issue of bonds of even original issue date, aggregating the principal sum of $__________, issued pursuant to a resolution duly adopted by the Board of Commissioners of the Issuer on August __, 2001, and under and in full compliance with the Constitution and statutes of the State of Michigan, including specifically Act 185, Public Acts of Michigan, 1957, as amended, for the purposes of paying the cost of constructing water supply and sewage disposal system improvements to service the Local Unit. For a complete statement of the funds from which and the conditions under which this bond is payable, and the general covenants and provisions pursuant to which this
bond is issued, reference is made to the above described resolution.

Bonds of this issue maturing in the years 2003 through 2011 shall not be subject to redemption prior to maturity. Bonds of this issue, or portions thereof in multiples of $5,000, maturing in the years 2012 through 2016 are subject to redemption at the option of the County, in any order of maturity and within any maturity by lot, on any interest payment date on or after June 1, 2011 at par and accrued interest to the date fixed for redemption.

This bond is transferable only upon the books of the Issuer kept for that purpose at the office of the Transfer Agent by the Registered Owner hereof in person, or by his attorney duly authorized in writing, upon the surrender of this bond together with a written instrument of transfer satisfactory to the Transfer Agent duly executed by the Registered Owner or his attorney duly authorized in writing, and thereupon a new registered bond or bonds in the same aggregate principal amount and of the same maturity shall be issued to the transferee in exchange therefor as provided in the resolution authorizing the bonds, and upon the payment of the charges, if any, therein prescribed.

It is hereby certified and recited that all acts, conditions and things required by law precedent to and in the issuance of this bond, and the series of which this is one, have been done and performed in regular and due time and form as required by law.

This bond is not valid or obligatory for any purpose until the Transfer Agent’s Certificate of Authentication on this bond has been executed by the Transfer Agent.

IN WITNESS WHEREOF, the County of Saginaw, State of Michigan, by its Board of Commissioners, has caused this bond to be signed in the name of said County by the facsimile signature of the Chairman of the Board of Commissioners and to be countersigned by the facsimile signature of the County Clerk and a facsimile of the corporate seal of said County to be imprinted hereon, all as of the Date of Original Issue.

Section 14. Nothing contained in this resolution or the Contract shall be construed to prevent the County from issuing additional bonds under the provisions of the Act for any of the purposes authorized by the Act, but any such bonds shall in no way have any lien on or be payable out of the Contractual Payments pledged to the payment of the bonds of this authorized issue, except such additional bonds as may be necessary may be issued to complete the Project pursuant to the authorization provided in Section 13 of the Contract.

Section 15. The proceeds of the bonds, along with certain cash to be made available by the Local Unit and the Authority, if any, shall be used to pay the costs of issuance of the bonds and for deposit as follows. Upon receipt of such proceeds the accrued interest and premium, if any, shall be deposited in the debt retirement fund. From such proceeds there shall next be set aside a sum sufficient to pay the costs of issuance of the bonds and the balance of the proceeds of sale of the bonds shall be deposited in a special depository account in a bank to be designated by the Commissioner, said account to be designated “Saginaw County Water Supply and Sewage Disposal System (City of Frankenmuth) Construction Fund” (hereinafter referred to as the “construction fund”). The moneys from time to time in such fund shall be used solely and only to pay costs of acquiring and constructing the Project.

Section 16. The provisions of this resolution, together with the Contract, shall constitute a contract between the County and the holder or holders of the bonds from time to time, and after the issuance of such bonds, no change, variation or alteration of the provisions of this resolution and the Contract may be made which would lessen the security for the bonds. The provisions of this resolution and the Contract shall be enforceable by appropriate proceedings taken by such holder either at law or in equity.

Section 17. The County covenants and agrees with the successive holders of the bonds that so long as any of the bonds remain outstanding and unpaid as to either principal or interest:
(a) The County and the Commissioner, as agency of the County, will punctually perform all of their obligations and duties under this resolution and the Contract, including all collection, segregation and application of the Contractual Payments in the manner required by the provisions of this resolution.
(b) The County and the Commissioner, as the agency of the County, will apply and use the proceeds of the sale of the bonds for the purposes and in the manner required by the Contract and this resolution. The Commissioner will maintain and keep proper books of record and account relative to the application of funds for the construction of the Project and the Contractual Payments received pursuant to the Contract or monies advanced by the County.
(c) The County will take or abstain from taking all actions required by the federal Internal Revenue Code and regulations thereunder as may be necessary to retain for the interest on the bonds the exemption from direct federal income taxation, including specifically all actions and abstention from actions as required by the Non-Arbitrage and Tax Compliance Certificate and related documents furnished in connection with the bonds.

Section 18. The Commissioner is hereby designated, for and on behalf of the County, to (a) prepare form of notice of sale, fix a date of sale, conduct the sale, and accept the best bid received at such sale; (b) publish such notice of sale in an authorized bond paper at least seven (7) full days prior to the date fixed for sale; and (c) do all other acts and take all other necessary procedures required to effectuate the sale, issuance and delivery of the bonds, including, if appropriate, reducing the amount of bonds sold and/or delivered if the Commissioner determines that the full amount thereof is not necessary to complete the Project.

Section 19. The bonds are hereby designated as “qualified tax exempt obligations” for purposes of deduction of interest expense by financial institutions under the provisions of the Internal Revenue Code of 1986, as amended.

Section 20. All resolutions and parts of resolutions insofar as they conflict with the provisions of this resolution be and the same hereby are repealed.

Susan Kaltenbach, County Clerk
DELIB:2248943.1\077943-00010
SAGINAW COUNTY WATER SUPPLY AND SEWAGE DISPOSAL SYSTEM (CITY OF FRANKENMUTH) DPW CONTRACT
THIS CONTRACT, made and entered into as of this 1st day of August, 2001, by and between the COUNTY OF SAGINAW, a Michigan county corporation (the “COUNTY”), by and through its Public Works Commissioner, party of the first part, and the CITY OF FRANKENMUTH, a Michigan public corporation located in the COUNTY (the “LOCAL UNIT”), party of the second part,

WITNESSETH:

WHEREAS, it is necessary for the public health and welfare of the present and future residents of the LOCAL UNIT that water supply and sanitary sewage disposal system improvements (the “Project”) be constructed to meet the present and future requirements of the LOCAL UNIT; and

WHEREAS, the COUNTY, under the provisions of Act 185, Public Acts of Michigan, 1957, as amended (the “Act”), has established a Department of Public Works for the administration of the powers conferred upon the COUNTY by the Act, which Department is under the immediate control of the Public Works Commissioner of the COUNTY (the “Commissioner”) and under the general control of the Board of Commissioners of the COUNTY; and

WHEREAS, the Act authorizes a county to acquire water supply systems and sanitary sewage disposal systems as defined in said Act, and to improve, enlarge, extend, operate and combine such systems; and

WHEREAS, by the terms of the Act the COUNTY and the LOCAL UNIT are authorized to enter into a contract for the acquisition and financing of the Project and the payment of the cost thereof by the LOCAL UNIT, with interest, over a period of not exceeding forty (40) years, and the COUNTY is then authorized, pursuant to appropriate action by its Board of Commissioners, to issue bonds of the COUNTY to provide the funds necessary therefor, secured primarily by the full faith and credit contractual obligations of the LOCAL UNIT and secondarily by the full faith and credit pledge of the COUNTY; and

WHEREAS, the Act provides the most practicable and economic method and means for acquiring and financing the Project so vitally necessary for the public health and welfare of the residents of the COUNTY residing in the LOCAL UNIT to be served, and financing under the Act is expected to result in the lowest cost for the money necessary to be borrowed for such purpose; and

WHEREAS, plans and an estimate of cost for the Project have been prepared by Spicer Group, Inc., consulting engineers of Saginaw, Michigan (the “Engineers”), which said estimate of cost totals not to exceed $1,725,000; and

WHEREAS, in order to issue bonds of the COUNTY to provide funds in the amount of not to exceed $1,725,000 to pay said cost, it is necessary for the COUNTY and the LOCAL UNIT to enter into a contract, as provided in the Act; and

NOW, THEREFORE, in consideration of the premises and the covenants of each other, the parties hereto agree as follows:
1. The COUNTY and the LOCAL UNIT approve the acquisition and construction of the Project under the Act as a part of a water supply and sewage disposal system to be established by the COUNTY to serve the LOCAL UNIT to be designated as Saginaw County Water Supply and Sewage Disposal System (City of Frankenmuth) (the “System”). The System shall be comprised of existing water and sanitary sewer improvements provided by the COUNTY to serve the LOCAL UNIT, as well as the Project. The Project shall consist generally of the construction of water and sanitary sewer lines, together with all necessary and related rights in land, appurtenances and attachments, and the Project and the area to be served thereby are more specifically set out in the plans for the Project prepared by the Engineers and referred to in the preamble hereto.

2. The LOCAL UNIT hereby consents to the use by the COUNTY of the public streets, alleys, lands and rights-of-way in the LOCAL UNIT for the purpose of constructing, operating and maintaining the Project and any improvements, enlargements and extensions thereto.

3. The Project is designed to serve the LOCAL UNIT and the users of the System and is immediately necessary to protect and preserve the public health, and the LOCAL UNIT does, by these presents, consent to the furnishing of water supply and sanitary sewage disposal service, as provided in Section 7 hereof, to the individual users of the LOCAL UNIT. Both parties specifically agree, however, that the COUNTY shall not have the right to take over operation of the Project and serve individual customers directly, the COUNTY being limited to other remedies prescribed in this contract in the event of any default hereunder by the LOCAL UNIT.

4. The Commissioner and the LOCAL UNIT hereby approve and confirm the plans for the Project prepared by the Engineers and the estimated cost thereof in the sum of not to exceed $1,725,000. Said estimated cost includes all surveys, plans, specifications, acquisition of property for rights-of-way, physical construction necessary to acquire and construct the Project, the acquisition of all materials, machinery and necessary equipment, and engineering, engineering supervision, administrative, legal and financing expenses in connection with the acquisition and construction of the Project and the financing thereof.

5. The COUNTY will acquire and construct the Project, and for that purpose has caused bids to be taken for the acquisition and construction thereof. The COUNTY shall in no event enter into any final contract or contracts for the acquisition and construction of the Project if such contract price or prices will be such as to cause the actual cost of the Project to the LOCAL UNIT to exceed the installment obligations approved in Section 9 of this contract, unless the LOCAL UNIT, by resolution of its legislative body, (a) approves said increased cost and (b) agrees to pay said increased amount, either in cash or by specifically authorizing
the maximum principal amount of bonds to be used, as provided in Sections 8 and 9 of this contract, to be increased to an amount which will provide sufficient funds to meet said increased cost and a similar increase in the installment obligations of the LOCAL UNIT pledged under the terms of this contract to the payment of such bonds.

6. The Project shall be acquired by the COUNTY in accordance with the plans and specifications therefor approved by this contract; provided, however, that variations from said plans and specifications may be made without the approval of the LOCAL UNIT if such variation shall not materially affect such plans and specifications. All matters relating to engineering plans and specifications, together with the making and letting of final contracts for acquisition of the Project, the approval of work and materials thereunder, and construction supervision, shall be in the exclusive control of the Commissioner. Any acquisition of rights-of-way shall be done by the LOCAL UNIT, title to be in the LOCAL UNIT’s name, and the cost of such acquisition shall be paid from the proceeds of sale of the bonds.

7. While the bonds remain outstanding, the COUNTY shall be the owner of the Project, and all existing arrangements between the COUNTY and the LOCAL UNIT for the operation, maintenance and administration of the System shall remain in force and shall govern the relationship of the parties with respect to the Project and the System.

8. To provide for the construction and financing of the Project in accordance with the provisions the Act, the Commissioner shall take the following steps:

   (a) The Commissioner will submit to the Board of Commissioners of the COUNTY a resolution providing for the issuance of bonds in the aggregate principal amount of not to exceed One Million Seven Hundred Twenty-Five Thousand Dollars ($1,725,000), except as authorized pursuant to Section 5 of this contract, to finance costs of the Project. Said bonds shall be payable as serial bonds, as authorized by law, and shall be secured primarily by the contractual obligations of the LOCAL UNIT to pay the annual installments due, plus interest, as hereinafter provided in this contract, and secondarily, if approved by a three-fifths (3/5) majority of the members of the Board of Commissioners, by the full faith and credit of the COUNTY. After due adoption of the resolution, the Commissioner will take all steps necessary to effectuate the sale and delivery of the bonds.

   (b) The Commissioner shall take all steps necessary to enter into and execute final construction contracts for the acquisition and construction of the Project as specified and approved in this contract, in accordance with the plans and specifications therefor as approved by this contract. Said contract shall specify a completion date agreeable to the LOCAL UNIT.

   (c) The Commissioner will require and procure from the contractor or contractors undertaking the actual construction and
acquisition of the Project necessary and proper bonds to guarantee the performance of the contract or contracts and such labor and material bonds as may be required by law, in such amount and such forms as may be approved by the Board.

(d) The Commissioner upon receipt of the proceeds of sale of the bonds will comply with all provisions and requirements provided for in the resolution authorizing the issuance of the bonds and this contract relative to the disposition and use of the proceeds of sale of the bonds.

(e) The COUNTY may temporarily invest any bond proceeds or other funds held by it for the benefit of the LOCAL UNIT as permitted by law, and investment income shall accrue to and follow the fund producing such income. Neither the COUNTY nor the LOCAL UNIT shall invest, reinvest, or accumulate any moneys deemed to be proceeds of the bonds pursuant to applicable federal law and regulations, in such a manner as to cause the bonds to be "arbitrage Bonds" within the meaning of said law and regulations, or otherwise take or abstain from taking away any action which would make interest on the bonds subject to general federal income taxation.

9. The costs of the Project to be financed by the issuance of the aforesaid bonds shall be charged to and paid by the LOCAL UNIT to the Board in the manner and at the times herein set forth. The principal amount thereof ($1,725,000) shall be paid to the COUNTY in annual principal installments, plus interest and other expenses as hereinafter provided, one business day before June 1st of each year, as follows:

It is understood and agreed that the bonds of the COUNTY hereinbefore referred to will be issued in anticipation of the above contractual obligation, with principal maturities on June 1st of each year, commencing with the year 2003, corresponding to the principal amount of the above installments, and the LOCAL UNIT shall also pay to the COUNTY in addition to said principal installments, one business day before December 1st and June 1st of each year, commencing one business day before December 1, 2001, as
accrued interest on the principal amount remaining unpaid, an amount sufficient to pay all interest due on the next succeeding interest payment date (December 1st and June 1st, respectively) on said COUNTY bonds from time to time outstanding. From time to time as the COUNTY is billed by the paying agent for the bonds to be issued for its services as paying/transfer agent/registrar for the bonds, and as other costs and expenses accrue to the COUNTY from handling of the payments made by the LOCAL UNIT, or from other actions taken in connection with the Project, the Commissioner shall promptly notify the LOCAL UNIT of the amount of such paying agent fees and other costs and expenses, and the LOCAL UNIT shall promptly remit to the Commissioner sufficient funds to meet such fees and other costs and expenses. 

Should cash payments be required from the LOCAL UNIT in addition to the amounts specified in Section 4 and in the preceding paragraph to meet costs of constructing the Project, the LOCAL UNIT shall, upon written request by the Commissioner, furnish to the Commissioner written evidence of its agreement and ability to make such additional cash payments, and the Commissioner may elect not to proceed with the acquisition or financing of the Project until such written evidence satisfactory to the Commissioner, has been received by him. The LOCAL UNIT shall pay to the Commissioner such additional cash payments within thirty (30) days after written request for such payment has been delivered by the Commissioner to the LOCAL UNIT. 

The Commissioner shall, within thirty (30) days after the delivery of the COUNTY bonds hereinbefore referred to, furnish the LOCAL UNIT with a complete schedule of principal and interest requirements thereon, and the Commissioner shall also, at least thirty (30) days prior to each principal and/or interest installment due date, advise the LOCAL UNIT, in writing, of the exact amount of principal and/or interest due on the COUNTY bonds on the next succeeding bond principal and/or interest due date, and payable by the LOCAL UNIT on the first day of the month immediately preceding, as hereinbefore provided. Failure of the Commissioner to notify the LOCAL UNIT of any such payment shall not relieve the LOCAL UNIT of the obligation to make such payment. If any principal installment or interest is not paid when due, the amount not so paid shall be subject to a penalty, in addition to interest, of one percent (1%) thereof for each month or fraction thereof that the same remains unpaid after the due date. 

10. The LOCAL UNIT, pursuant to authorization of Section 12 of the Act, hereby irrevocably pledges its full faith and credit for the prompt and timely payment of its obligations pledged for bond payments as expressed in this contract. Pursuant to such pledge, if other funds are not available, the LOCAL UNIT shall be required to pay such amounts from any of its general funds as a first budget obligation and shall each year levy an ad valorem tax on all the taxable property in the LOCAL UNIT in an amount which, taking into consideration estimated delinquencies in tax
collections, will be sufficient to pay such obligations under this contract becoming due before the time of the following year’s tax collections, such annual levy, however, to be subject to applicable charter, statutory and constitutional tax limitations. The foregoing commitments of the LOCAL UNIT are expressly recognized as being for the purpose of providing funds to meet the contractual obligations of the LOCAL UNIT in anticipation of which the COUNTY bonds hereinbefore referred to are issued. Nothing herein contained shall be construed to prevent the LOCAL UNIT from using any, or any combination of, the means and methods provided in paragraph 2, Section 12 of the Act for the purpose of providing funds to meet its obligations under this contract, and if at the time of making the annual tax levy there shall be other funds on hand earmarked and set aside for the payment of the contractual obligation due prior to the next tax collection period, then such annual tax levy may be reduced by such amount.

11. The LOCAL UNIT may pay in advance any of the payments required to be made by this contract, in which event the Commissioner shall credit the LOCAL UNIT with such advance payment on future-due payments to the extent of such advance payment.

12. In the event the LOCAL UNIT shall fail for any reason to pay to the COUNTY at the times specified the amounts required to be paid by the provisions of this contract, the Commissioner shall immediately give notice of such default and the amount thereof, in writing, to the LOCAL UNIT Treasurer, the Treasurer of the Commissioner, the Treasurer of the State of Michigan, and such other officials charged with disbursement to the LOCAL UNIT of funds returned by the State and now or hereafter under the Act available for pledge as provided in this paragraph and in Section 17 of the Act, and if such default is not corrected within ten (10) days after such notification, the State Treasurer, or other appropriate official charged with disbursement to the LOCAL UNIT of the aforesaid funds, is, by these presents, specifically authorized by the LOCAL UNIT to the extent permitted by law, to withhold from the aforesaid funds the maximum amount necessary to cure said deficit and to pay said sums so withheld to the COUNTY, to apply on the obligations of the LOCAL UNIT as herein set forth. Any such moneys so withheld and paid shall be considered to have been paid to the LOCAL UNIT within the meaning of the Michigan Constitution and statutes, the purpose of this provision being to voluntarily pledge and authorize the use of said funds owing to the LOCAL UNIT to meet any past-due obligations of the LOCAL UNIT due under the provisions of this contract. In addition to the foregoing, the COUNTY shall have all other rights and remedies provided by law to enforce the obligations of the LOCAL UNIT to make its payments in the manner and at the times required by this contract, including the right of the COUNTY to direct the LOCAL UNIT to make a tax levy or rate increase to reimburse the COUNTY for any funds advanced. The LOCAL UNIT will not take any action
to reduce the right of the COUNTY to receive the aforesaid state-
returned moneys in the event of default.

13. It is specifically recognized by the LOCAL UNIT that the
debt service payments required to be made by it pursuant to the
terms of Section 9 of this contract are to be pledged for and used
to pay the principal of and interest on the bonds to be issued by
the COUNTY, as provided by this contract and authorized by law,
and the LOCAL UNIT covenants and agrees that it will make all
required payments to the Commissioner promptly and at the times
specified herein without regard to whether the Project is actually
completed or placed in operation.

14. If after construction bids are let the proceeds of the
sale of the bonds to be issued by the COUNTY are for any reason
insufficient to complete the Project, the COUNTY shall be
automatically authorized to issue additional bonds in an aggregate
principal amount sufficient to complete the Project, and the
annual payments required to be made by the LOCAL UNIT shall also
be increased in an amount so that the total payments required to
be made as increased will be sufficient to meet the annual
principal and interest requirements on the bonds herein
authorized, plus the additional bonds to be issued. Any such
additional bonds shall in all respects comply with the
requirements of the Act, and any increases in the annual payments
shall be made in the manner and at the times specified in this
contract. In lieu of said additional bonds, the LOCAL UNIT may
pay over to the Commissioner in cash sufficient money to complete
the Project. In the event by reason of favorable construction
bids or for any other reason the costs of the Project are reduced
the COUNTY may reduce the principal amount of the bonds and advise
the LOCAL UNIT of its reduced payment obligations hereunder.

15. After completion of the Project and payment of all costs
thereof, any surplus remaining from the proceeds of sale of the
bonds shall be used by the Commissioner for either of the
following purposes, at the option of and upon request made by
resolution of the LOCAL UNIT, to wit: (a) for additional
improvements in the System, or (b) credited by the Commissioner
toward the next payments due the COUNTY by the LOCAL UNIT
hereunder.

16. The obligations and undertakings of each of the parties
to this contract shall be conditioned on the successful issuance
and sale of bonds pursuant to the Act, and if for any reason
whatsoever said bonds are not issued and sold within three (3)
years from the date of this contract, this contract, except for
payment of preliminary expenses and ownership of engineering data,
shall be considered void and of no force and effect. In the event
that said bonds are not issued and sold, all preliminary legal and
engineering costs shall be paid by the LOCAL UNIT, and the LOCAL
UNIT shall have ownership, possession and use of all plans and
specifications, surveys and other engineering data and materials
prepared.
17. The COUNTY and the LOCAL UNIT each recognize that the holders from time to time of the bonds issued by the COUNTY under the provisions of the Act to finance costs of the Project will have contractual rights in this contract, and it is therefore covenanted and agreed by each of them that so long as any of said bonds shall remain outstanding and unpaid, the provisions of this contract shall not be subject to any alteration or revision which would in any manner materially affect either the security of the bonds or the prompt payment of principal or interest thereon. The LOCAL UNIT and the COUNTY further covenant and agree that they will each comply with their respective duties and obligations under the terms of this contract promptly at the times and in manner herein set forth, and will not suffer to be done any act which would in any way impair the said bonds, the security therefor, or the prompt payment of principal and interest thereon. It is hereby declared that the terms of this contract, insofar as they pertain to the security of any such bonds, shall be deemed to be for the benefit of the holders of said bonds.

18. This contract shall remain in full force and effect for a period of forty (40) years from the date hereof, or until such time as all bonds issued by the COUNTY to finance the Project are paid in full. At such time within said forty-year term as all of said bonds are paid, this contract shall be terminated and ownership of the Project shall revert to the LOCAL UNIT, unless at that time there are other COUNTY bonds outstanding relative to the System or there are other contractual arrangements between the LOCAL UNIT and COUNTY. In any event, the obligations of the LOCAL UNIT to make payments required by Section 9 of this contract shall be terminated at such time as all of said bonds are paid in full, together with any deficiency or penalty thereon.

19. The parties hereto hereby expressly agree that the COUNTY shall not be liable for and the LOCAL UNIT shall pay, indemnify and save the COUNTY harmless of, from and against all liability of any nature whatever regardless of the nature in which such liability may arise, for any and all claims, actions, demands, expenses, damages, and losses of every conceivable kind, whatsoever (including, but not limited to, liability for injuries to or death of persons and damages to or loss of property) asserted by or on behalf of any person, firm, corporation or governmental authority arising out of, resulting from, or in any way connected with ownership, acquisition, construction, operation, maintenance and repair of the Project, this contract, or the issuance, sale and delivery of the bonds herein described. It is the intent of the parties that the COUNTY be held harmless by the LOCAL UNIT from liability for such claim, actions, demands, expenses, damages and losses, however caused or however arising including, but not limited to, to the extent prohibited by law, such claims, actions, demands, expenses, damages and losses even though caused, occasioned or contributed to by negligence, sole or concurrent, of the COUNTY or by negligence for which the COUNTY
may be held liable. In any action or proceeding brought about by reason of any such claim or demand, the LOCAL UNIT will also pay, indemnify and save the COUNTY harmless from and against, all costs, reasonable attorneys’ fees, and disbursements of any kind or nature incidental to or incurred in said defense, and will likewise pay all sums required to be paid by reason of said claims, demands or any of them, in the event it is determined that there is any liability on the part of the COUNTY. Upon the entry of any final judgment by a court of competent jurisdiction or a final award by an arbitration panel against the COUNTY on any claim, action, demand, expense, damage or loss contemplated by this Section and notwithstanding that the COUNTY has not paid the same, the LOCAL UNIT shall be obligated to pay to the COUNTY upon written demand therefor, the amount thereof not more than sixty (60) days after such demand is made. In the event that any action or proceeding is brought against the COUNTY by reason of any such claims or demands, whether said claims or demands are groundless or not, the LOCAL UNIT shall upon written notice and demand from the COUNTY, resist and defend such action or proceeding in behalf of the COUNTY but will not settle any such action in the proceeding without written consent of the COUNTY. Notwithstanding the foregoing, nothing contained in this Section shall be construed to indemnify or release the COUNTY against or from any liability which it would otherwise have arising from the wrongful or negligent actions or failure to act on the part of the COUNTY’S employees, agents or representatives with respect to matters not related to the ownership, acquisition, construction, operation, maintenance or repair of the Project, this contract or the issuance, sale or delivery of the bonds herein described. The COUNTY will require or procure from the contractor or contractors undertaking the actual construction of the Project insurance protecting both the LOCAL UNIT and the COUNTY (including the Commissioner) from liability in connection with such construction. The cost of such insurance shall be considered to be a part of the cost of the Project.

20. This contract shall inure to the benefit of and be binding upon the respective parties hereto, their successors and assigns.

21. This contract shall become effective upon approval by the legislative body of the LOCAL UNIT, by the Public Works Commissioner of the COUNTY and by the Board of Commissioners of the COUNTY, and when duly executed by the Mayor and Clerk of the LOCAL UNIT and by the Public Works Commissioner for and on behalf of the COUNTY. This contract may be executed in several counterparts.

Chairman Fish called for a moment of silence after the invocation to remember the victims of the terrorist attacks on September 11 when four hijacked planes destroyed the World Trade Centers in New York City, a portion of the Pentagon in Washington, D.C. and crashed into the Pennsylvania countryside; and, to support the American people in our efforts to recover, restore and move forward.

Commissioner Hare opened the meeting with a prayer: "Almighty and eternal God, You know our problems and our weaknesses better than we ourselves. In Your love and by Your power help us in our confusion and, in spite of our weakness, make us firm in faith. Hear the cries of Your people and shelter with Your Spirit those families and friends directly devastated by the terror and disasters of these recent days. Bless the work of those who search for victims and survivors; and bestow Your strength and compassion upon those who provide rescue and medical care. Sustain them with courage and protect them in safety, so that they and we may be agents of hope and ambassadors of peace. Bless the leaders of our land, that we may be a people at peace among ourselves and a blessing to the nations of the earth. Grant wisdom to the leaders of all nations that governments and people may seek concord and reconciliation where now there are divisions and strife. Look with mercy upon this nation and bestow upon the people Your merciful care, that we may live securely in peace and be guided by Your providence. Help us to be lovers of truth and peace; enable us to be agents of healing and hope. Preserve the nation in justice and honor, that we may lead a peaceable life of integrity. Grant health and favor to all who bear office in our
land, and especially now to the President of the United States, the members of Congress, and all those who administer and judge the laws. Help them to serve the people according to Your holy will. Amen."

FROM: COURTS & PUBLIC SAFETY COMMITTEE -- 1.2  SEPTEMBER 18, 2001  
During the 2002 Budget process, your Committee received a request from the Circuit Court, Probate Court and the Family Division of
the Circuit Court to increase security on the second and fourth floors of the Courthouse by hiring three additional deputies and/or bailiffs.

We asked the Controller to prepare a list of alternatives for providing security, emphasizing the need to work within the existing and recommended 2002 budgets. These were presented to the Committee in communication no. 9-18-11, and discussed at our meeting with the Judges.

Recognizing the importance of providing a safe environment for the public and employees in the Courthouse, we recommend:

Probate Court / Family Division of the Circuit Court

BE IT FURTHER RESOLVED #4, That the sum of $147,955,222 as set forth in the Budget adopted by this Board is hereby appropriated for the use of the several departments, for the purpose of defraying and paying boards of the County of Saginaw for all costs and expenses of every kind and nature, incident to every County function for the fiscal year beginning October 1, 2001 and ending September 30, 2002; and

BE IT FURTHER RESOLVED #5, That said sum is appropriated to and shall be available for expenditures from several funds in accordance with the law, and no obligation or liability shall be incurred, nor any vouchers drawn in payment thereof by any County department, which shall not be confined to the objects or categories of expenditures but, which shall exceed the amount appropriated therefore, as set forth in the categories of said budget; and

The next meeting is scheduled for November 7, 2001 at 11:45 a.m. in the Event Center Garden Room.

Agenda issues will include an Ontario Hockey League Update, and discussion on naming rights for the facility and possible removal of the Pedway.

Jensen, Secretary; Marvin Hare, Treasurer; Leon Turnwald, and Lee Carpenter. Currently, they are working on a $14 million Bond issue that will include renovations and equipment purchase with delivery of the bonds scheduled for February 5, 2002.

Spence Brothers and J.R. Heineman submitted design-build proposals to the Building Authority. The two contractors were graded on technical proposals and cost proposals. The ten-member review panel (consisting of County Architect, Chris Kulhanek; Greg Lubben, Dow Corning; JoAnn Crary, Saginaw Future; Bryan Hayden,
SMG; Todd Hare, County Commissioner; and the Building Authority) graded the technical proposals. Cost proposals were reviewed by Kelly Lenhart and presented to the Building Authority. The resulting scores for technical and cost are below.

Your Legislative Subcommittee at the request of Commissioner Mike O’Hare reviewed House Bill 4823 sponsored by State Representative Gene DeRossett to remove the mandatory helmet requirement for motorcycle riders and passengers.

We believe the statewide mandatory motorcycle helmet law significantly reduces the severity of injury, the likelihood of death and the overall cost of medical care. For these reasons, we support the current law and oppose efforts to alter it.

Under the proper order of business the appropriate resolution will be submitted.

Your committee has considered communication 11-13-21 from Marc A. McGill, Saginaw County Controller recommending the Board adopt the appropriate resolution approving the Contract of Lease, Ground Lease, Notice of Intent, and take other associated actions that are necessary to secure the Bond issue for purposes of renovating the Saginaw County Event Center.

We met with Mr. McGill who informed us that the Saginaw County Building Authority has been working towards the goal of equipping, renovating, and improving the site of the newly acquired Saginaw County Event Center for some time. As such, it is now prepared to proceed with the issuance of $14,300,000 in bond proceeds to accomplish said goal.

The Contract of Lease, Ground Lease, Notice of Intent were prepared by the Building Authority's Bond Counsel, Dickinson Wright, PLLC. All financial information has been provided to and reviewed by the Building Authority's Financial Consultant, First of Michigan. The Bond register, transfer, and paying agent on this proposed issue will be Standard Federal Bank. (Because of the large size, the Contract of Lease, Ground Lease, and Notice of Intent are not attached, but are available in the Board Office for review)

We agree with the request. Under the proper order of business, the appropriate resolution will be submitted to accomplish same.

Respectfully submitted,

Your committee has considered communication 11-13-3 from Michael Thompson, Administration Director forwarding a recommendation from the Saginaw County Airport Committee to accept a proposed plan that privatizes H.W. Browne Airport (Airport) operations. We met with Mr. Thompson who informed us the Airport's 2001/02 budget includes salary and fringe benefit expenses covering one full time position and one half time position. These expenses will increase with each ensuing budget year. Privatization would reduce expenses while, at the same time ensure that all necessary operational functions continue. The proposed plan is as follows:

1. Both of the existing employees would retire effective 1/1/2002. At that time the County would no longer have any Airport employees on its payroll.

2. One of the former employees, Alan R. Kaufman, would enter into a contractual agreement with Saginaw County to provide all of the necessary operational services at the Airport. Mr. Kaufman has indicated that he would hire the other former employee, Mr. Al Mack, to continue providing services at the airport.

Under this arrangement, the Airport would continue to benefit from the services of skilled and experienced individuals while reducing its costs. A summary of the annualized first year airport cost savings under this privatization plan is as follows:

<table>

<tr>
<th>Description</th>

</tr>
<tr>
<td>First Year Annualized Airport Budget Savings</td>
<td>$31,608</td>
</tr>
<tr>

</tbody>
</table>

The proposed contract would be for January 1, 2002 through December 31, 2004 at the following annual rates: $50,400, $52,800, and $55,200, for calendar years 2002, 2003, and 2004, respectively.

It is the recommendation of your committee that the Board approve the privatization plan under the terms of a three-(3) year contract with language subject to review and approval of the Chairman of the Board, County Controller and County Civil Counsel. Respectfully submitted,

Your committee has considered communication no. 11-13-19 from Marc A. McGill, Controller/CAO recommending approval of a self-contained budget adjustment within the E9-1-1 Telephone Surcharge Fund.
During a review and reconciliation of the 9-1-1 Communications Authority Budget and the County Budget as approved by the Board of Commissioners, there was transposition of figures in the development of the County side of that budget. The 9-1-1 Board approved Budget submitted, calculated a $3,615,000 revenue figure for 9-1-1 telephone charges, while the Board approved Budget contained $3,516,000.
It is our recommendation to approve a self-contained correcting budget adjustment within the E-9-1-1 Telephone Surcharge Fund by increasing the service fee revenue by $99,000 and increasing the contractual charges for services by $99,000 to reflect actual projected revenues and expenditures. We further recommend the proper County officials be authorized and directed to make the necessary budgetary adjustments.

Your committee has considered communication no. 11-13-20 from Marc A. McGill, Controller/CAO requesting a budget adjustment within the Saginaw County Telephone Surcharge Activity in the amount of $55,000.
The 9-1-1 Communications Authority has approved the first expenditure of the Saginaw County 9-1-1 Cellular Surcharge Funds in the amount of $215,000. These funds are to provide for a new upgrade of Printrack CAD Version 6.3, which will be Phase II Wireless compliant. This upgrade will allow for continuing efforts to achieve the wireless 9-1-1 goals for Central Dispatch. Presently Saginaw County has within a separate fund a total of $299,613 of wireless funds received from the State of Michigan. The expenditure of $215,000 will leave an available balance of $84,613 for further wireless upgrades.

It is our recommendation to approve the budget adjustment within the Saginaw County Telephone Surcharge Activity in the amount of $55,000, which will bring the total amended 2002 Budget to the $215,000.

Your Budget Audit Subcommittee considered communication no. 10-16-18 from Marvin D. Hare, Saginaw County Treasurer, submitting the Saginaw County Delinquent Tax Revolving Fund Policy Report which shows the details governing the distribution of revenues to the General Fund from the Delinquent Tax Revolving Fund for 2001 (attached). This determination, in accordance with the policy approved by the Board in February 1996, is in the amount of $1,180,000.

The Treasurer notes that the unpledged note reserve was reduced by nearly $47,000 this year. The main reason for this deficit was the $150,000 increase in the contribution to the General Fund from the unpledged note reserve. The 2002 estimated distribution to the General Fund from the Delinquent Tax Revolving Fund has been budgeted at $1,180,000.

Your committee herewith submits the preliminary 2001 Tax Rate Requests (communication 10-16-11) for Saginaw County, as of September 27, 2001, filed by the various cities, townships, villages and school districts indicating the amount of millage to be spread for all purposes by the taxing entities within their jurisdiction. MICHAEL P. O'HARE, VICE CHAIRMAN
SUSAN KALTENBACH, CLERK
First day of the December Session of the Board of Commissioners of Saginaw County, Michigan, Tuesday, December 11, 2001. The Board met pursuant to adjournment at 5:00 p.m.
Honorable Robert L. Fish in the Chair.
Deputy Clerk Kaye Volz Schultz took roll, quorum present as follows:

Commissioner Basil opened the meeting with the prayer printed below. It was followed by the Pledge of Allegiance to the Flag. "During this holy season, let us remember our very lives are a gift from God. He has bestowed this gift upon us so that we may accomplish great things in His name. He expects us to help heal the divisions between and among all people because He dwells with all of us, family, friends, neighbors, and even our enemies. Let's make sure we do not disappoint Him. Amen."
Minutes of the preceding meeting were approved as proofread and corrected by the Clerk.

At 5:04 p.m., Chairman Fish opened the Public Hearing on the Petition for annexation of a one-half acre parcel of land from Blumfield Township to the Village of Reese.

Ronald Avery, owner of the property in question informed the Board he petitioned the Village of Reese and the Township of Blumfield to allow his property to be annexed to the Village for the purpose of receiving septic system service. The Village approved the petition. Blumfield Township denied the petition. Mr. Avery said he regularly has raw sewage back-up into his basement. He said he believes it would be a better to connect to an existing sewer system than to put a septic system in an area that is known to have drainage problems. He indicated the property is approximately 50 feet from the Village of Reese sewer line.

Ralph Frahm, Blumfield Township Clerk, said that the request was denied even though there was no tax revenue problem. He added the Township doesn't believe in spot annexation, and recommended the Village sell the service.
The Chair referred the comments to the County Services Committee. He asked if there were any additional comments. There were none. He announced the hearing would remain open.

The Chair requested the audience section be held at this time.

At 5:10 p.m., Chairman Fish announced the second call of the Public Hearing being held on the Petition for annexation of a parcel of property from Blumfield Township to the Village of Reese. There were no additional comments. He announced the hearing would remain open.

Commissioner Horn presented the following certificate of acknowledgment to Chesaning Coach James Szappan, for being selected Saginaw Valley, and State High School Coach-of-the-Year. He joked about the rivalry between Frankenmuth and Chesaning which caused some light laughter. The Coach "humbly accepted" the award.

CERTIFICATE OF RECOGNITION
JAMES SZAPPAN

The Saginaw County Board of Commissioners is proud to take this opportunity to acknowledge Chesaning High School Coach James Szappan for being chosen as Saginaw Valley High School Coach-of-the-Year. Coach Szappan earned the honor after taking the Chesaning Indians Football Team to the 2001 Division 4 State Football Championship. The 14-7 victory over the Orchard Lake St. Mary's Eaglets in the 2001 championship game secured Coach Szappan his second State High School Coach-of-the-Year title. We join Coach Szappan's family, friends and colleagues in wishing him the best in all his future endeavors. (Another State title would be nice...)

LAUDATORY RESOLUTIONS

Chairman Fish announced the following resolutions were prepared for presentation.
SPECIAL RESOLUTION ACKNOWLEDGING THE EAGLE SCOUT

Presented to:

ERIC MATTHEW MORRIS

Achieving the rank of Eagle Scout carries special significance. It is a performance-based award, having standards that have been well maintained over the years. Only 2.5 percent of all boy scouts fulfill the requirements needed to achieve this status.

WHEREAS, It is a distinct privilege to extend congratulations to Eric Matthew Morris as he is presented with the highest honor bestowed on a Boy Scout, the prestigious Eagle Award. This achievement signifies qualities that are much admired by his peers as well as the residents of Saginaw County; and,

WHEREAS, Through his affiliation with Troop 342, Eric has taken full advantage of the opportunities for personal growth that have made the Boy Scouts of America one of the most universally respected organizations in our Country. Like those before him, Eagle Scout Morris has displayed unselfishness and eagerness to accept responsibility; and,

WHEREAS, Eric has followed Boy Scout tradition through the positions he has held with his troop, his participation in civic activities, and the completion of his Eagle service project which was to host a blood drive at St. Helen's Catholic School; and,

WHEREAS, The famed Boy Scouts' motto, "Be Prepared," appropriately describes Eric in his new role as an Eagle Scout. He has clearly learned the valuable lessons that scouting strives to teach, such as working hard, accepting responsibility, showing concern for others and providing leadership; and,

WHEREAS, Commissioner Thomas A. Basil will represent the Board at Eric's Court of Honor, scheduled for January 6, 2002, at 1:00 p.m. at St. Helen's Roman Catholic Church. Eric is the son of Kenneth and Monica Morris of Saginaw Township.

NOW, THEREFORE, BE IT RESOLVED, That the Saginaw County Board of Commissioners take special pride in acknowledging Eric Matthew Morris for achieving the rank of Eagle Scout. We are all very proud of this young man, and are very pleased he is a part of this community. We wish him continued success in the future.

BE IT FURTHER RESOLVED, That this expression of recognition be spread upon the minutes of the December 11, 2001 meeting as a permanent record and duly inscribed upon parchment and presented to him.

REPORTS OF REGULAR COMMITTEES

FROM: COURTS & PUBLIC SAFETY COMMITTEE -- 1.1 DECEMBER 11, 2001

Your committee has considered communication no. 12-11-14 from Sheriff Charles L. Brown suggesting that in response to the September 11 assault on the United States that American Flags with the phase "United We Stand" become a permanent part of the design placed on County patrol cars. (attached) There is a minimal cost of $100 total.

It is our recommendation to concur with the Sheriff Department to place the American Flags on County patrol cars in accordance with the County Vehicle Policy.

Respectfully submitted,
COMMITTEE ON COURTS & PUBLIC SAFETY
Richard F. Mallette, Chair        Patrick A. Wurtzel, Vice-Chair
Jeanine A. Collison              Eddie F. Foxx
James M. Graham                  Robert L. Fish

By Commissioner Mallette: That the Report of the Committee be received and the recommendations contained therein be adopted. Approved.

FROM: COURTS & PUBLIC SAFETY COMMITTEE -- 1.2 DECEMBER 11, 2001

Your committee has considered communication no. 12-11-12 from Chief Circuit Court Judge Leopold Borrello requesting approval of a proposed reorganization of the Circuit Court office as a result
of the retirement of the Deputy Court Administrator. This is in accordance with Budget Resolution A, 2001 which reads:
"BE IT FURTHER RESOLVED #11, That there is a hiring freeze effective October 1, 2001. Upon vacancy in any department, said department shall leave the position vacant or reorganize the department resulting in one less position. Said vacated position shall not be refilled except by specific Board authorization."

We met with David Cable, Circuit Court Administrator who informed us that under the proposed reorganization the Assistant Mediation Clerk/Reimbursement Coordinator will be promoted to Deputy Court Administrator. A net savings of $56,933 will be realized along with improved services to the public.

Your committee recommends:
1) Delete the position of Assistant Mediation Clerk/Reimbursement Coordinator.
2) Refactor the position of Deputy Court Administrator to Circuit Court Supervisor, using the Hay System.
3) Refactor the position of Jury Criminal Information Specialist to Jury Coordinator using the internal factoring system.
4) Refactor the position of Reporting Compliance Coordinator using the internal factoring system.

Further, that the proper County officials be authorized and directed to amend the budget and personnel complement accordingly, effective December 12, 2001.

Respectfully submitted,
COMMITTEE ON COURTS & PUBLIC SAFETY
Richard F. Mallette, Chair Patrick A. Wurtzel, Vice-Chair
Jeanine A. Collison Eddie F. Foxx
James M. Graham Robert L. Fish

APPROPRIATIONS AUTHORIZATION: It is the recommendation of your committee to concur with the above.

James M. Graham, Chair
Connie D. Smith, Vice Chair

By Commissioner Mallette: That the Report of the Committee be received and the recommendations contained therein be adopted. Approved.

FROM: COMMITTEE ON COUNTY SERVICES -- 2.1 DECEMBER 11, 2001

Your committee has considered communication 12-11-2 from James Koski, Public Works Commissioner asking Saginaw County to pledge its full faith and credit to bonds to be issued for the Nerreter and Cole and Branches Drain project.

We met with Mr. Koski who informed us Public Works was ordered by a Board of Determination to do improvements to the afore-referenced Drain. The work consists of cleaning the open drains (Nerreter and Cole, Husen, Ready and Gabel) serving Spaulding and Bridgeport Townships, as well as installing dikes at the outlet. The amount to be bonded is $810,000.
We agree with the request. Under the proper order of business, the appropriate resolution will be submitted.

Respectfully submitted,

COMMITTEE ON COUNTY SERVICES

Todd M. Hare, Chair    Raymond F. Bartels, Vice-Chair
Kenneth B. Horn    Michael P. O'Hare
Carl E. Ruth    Robert L. Fish

By Commissioner Hare: That the Report of the Committee be received and the recommendations contained therein be adopted. Approved.

FROM: COMMITTEE ON COUNTY SERVICES -- 2.2   DECEMBER 11, 2001

Your committee met with Marc McGill, Controller, Richard Gruber, Equalization Director, and Kenneth Bayne, Kochville Township Supervisor about the existing Kochville Township Downtown Development Authority DDA, and its proposed plan for expansion. (See attached)

We reviewed the Township's plans to complete projects within its existing DDA. Current balances within the DDA along with grant monies will fund the completion of these plans. The Township proposes no additional capture of County taxes.

We also viewed a presentation of possible projects Kochville Township is considering for the future. These conceptional projects could incorporate the expansion of the existing DDA or the creation of a new DDA (yet to be determined). In either scenario, the committee was supportive of the townships planned and controlled positive growth of its community and this County.

It is the recommendation of your committee to support the conceptual plan for Kochville Township's existing DDA and the expenditures of available funds within the existing DDA for those projects, and further, Kochville's efforts to develop the proposed DDA District shown on the attachment.

Respectfully submitted,

COMMITTEE ON COUNTY SERVICES

Todd M. Hare, Chair    Raymond F. Bartels, Vice-Chair
Kenneth B. Horn    Michael P. O'Hare
Carl E. Ruth    Robert L. Fish

By Commissioner Hare: That the Report of the Committee be received and the recommendations contained therein be adopted. Approved.

FROM: COMMITTEE ON COUNTY SERVICES -- 2.3 December 11, 2001

Your committee has considered communication 11-13-18 from Susan Kaltenbach, County Clerk asking to establish a fee for replacement of Carrying Concealed Weapons (CCW) permits, and to establish a fee for laminating the picture provided by the applicant to new CCW permits.

We met with Ms. Kaltenbach who informed us with the implementation of P.A. 381 - Concealed Weapons Law, her office is now responsible for collecting CCW application fees. The new law does not address the cost of replacing CCW permits, i.e. when holders change their address or misplace their licenses, etc. Just as with a new permit, the replacement process is time consuming, and therefore the Michigan Association of County Clerks is recommending counties establish a standard charge of $10.00 for replacement of the permit. ($10.00 replacement fee includes laminating)

The second issue relates to new permits and involves the method of attaching the applicant's picture to the new permit. Since laminating is the best way to affix a picture to a permit, the Clerk's Office purchased a laminating machine as did many other counties. To help offset the cost of the machine and its supplies the Clerk is recommending a $2.00 laminating fee be established.

We recommend the County Clerk's request to establish fees for replacement of CCW permits and laminating new permits be approved, as outlined above and subject to Civil Counsel approval. We further recommend the proper County officials be authorized and directed to implement same.

FROM: COMMITTEE ON HUMAN SERVICES -- 3.1 December 11, 2001

Your committee has considered communication 12-11-3 from John Neiderhauser, Health Officer, Saginaw County Department of Public Health asking approval of a revised Environmental Health Fee schedule.

The Department of Public Health continually reviews programs for operational efficiency and effectiveness. Over the past several years, Saginaw County has enjoyed economic growth which has led to increased activities in residential and commercial development. As a result, these activities have led to an increase in the services provided by the Environmental Services Division. In addition, the recently completed Accreditation review, as well as
modifications and increased components in the 2001 Minimum Program Requirements, will increase service time in the core Environmental Health activities.

It is our recommendation to approve the amended Environmental Health fee schedule for the Saginaw County Department of Public Health, as attached; further that the proper County officials be authorized and directed to implement same.

Your committee has considered communication 12-11-9 from William Wright, Director, Saginaw County Metropolitan Planning Commission asking to apply for continuation funding for the Community Development Block Grant in the amount of $450,000.00. This grant would extend the County's Housing Rehabilitation Program for two more years.

The CDBG funds are used to assist low to moderate families throughout Saginaw County with rehabilitation/renovations of single family homes. It also provides administrative funds to help offset the Planning Department's costs of running the program.

It is our recommendation that the Saginaw County Metropolitan Planning Commission be authorized to accept the $450,000 grant for the 2002 CDBG Housing Rehabilitation Program; further, that the proper County officials be authorized and directed to amend the budget accordingly and execute the necessary documents on behalf of the County subject to review by the Controller as to substance and Counsel as to legal form.

Your committee has considered communication no. 11-13-28 from Marvin D. Hare, County Treasurer sending the Annual Report on Saginaw County Retirees Health Care Plan and asking to amend the Retiree Health Care Fund Policy.

Mr. Hare informed us that a change in the stock fund allows for more diversification in the County’s stock portfolio. The change in the bond investments would allow the County to buy individual bonds when interest rates are rising, bond mutual funds always lose value and this change would allow for more diversification in bond investments.

Recommended changes to the policy are in bold and deletions are in strike out.

6.5.1 Sixty-five percent (65%) in equity securities, specifically, which include a broad market index Funds and other stock mutual funds.

6.5.2 Thirty-five percent (35%) shall be invested in Bond Mutual Funds, bonds and bond mutual funds.

It is the recommendation of your committee to approve changes to Policy No. 233 - Retiree Health Care Fund; further, that the Board Coordinator distribute a copy to all Elected Officials, Department Heads and Agencies of the County in accordance with County Policy.

WHEREAS, the Public Works Commissioner has authorized and provided for the issuance by the Nerreter and Cole and Branches Drain Drainage District (the "Drainage District") of bonds (the "Bonds") in the aggregate principal amount of not to exceed $810,000, in anticipation of the collection of an equal amount of special assessments against property and public corporations (including the County of Saginaw) in the Drainage District, said special assessments having been duly confirmed by the Public Works Commissioner; and
