PRESS RELEASE

Don't Hesitate to Contact 9-1-1 for Medical Emergencies Your Life Matters

Saginaw County Emergency Management and Saginaw - Tuscola Medical Control Authority would like to strongly encourage anyone experiencing a medical emergency to contact Saginaw County 9-1-1.

Please, do not delay seeking care for emergent health conditions. Anyone who has a medical or traumatic event is urged to seek healthcare just as they normally would. The local hospitals are not overwhelmed and have full capacity to care for all patients that arrive.

For patients on the west side of the Tittabawassee River, be aware that measures have been put in place to ensure that emergency treatment is available.

For all patients, please do not defer care due to COVID concerns. Both Saginaw hospitals are taking full precautions and seeking medical care in either emergency department is a safe experience that could save your life.

Monitor media outlets and Saginaw County Emergency Management Facebook page for updates.
