The Saginaw County Public Works Commissioner will hold a Day of Review of Drainage District Boundaries and a Day of Review of Apportionment on the above date, time and location for the drains listed below. The Day of Review is for the purpose of reviewing and revising the boundaries of the Drainage District, and also to review the tentative apportionment of benefit for the Drain for each parcel and municipality within the Drainage District. A map of the proposed Drainage District boundary revisions can be found at: <http://www.saginawcounty.com/PublicWorks/Current-Projects.aspx>

A Day of Review is an opportunity to come into our office and review the Drainage District Boundaries and tentative apportionments with the Public Works Commissioner or a member of his staff. The Public Works Commissioner, engineers, and other staff members will be available to assist individuals throughout the day, and make revisions where necessary. Drain Assessments will be collected in the same manner as property taxes. There is no need to schedule an appointment for a specific time on the Day of Review.
