INDEPENDENT AUDITORS' REPORT

March 31, 2008

Board of Commissioners County of Saginaw Saginaw, Michigan

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County of Saginaw, Michigan, as of and for the year ended September 30, 2007, which collectively comprise the County's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the County of Saginaw's management. Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Road Commission Component Unit, which represents 65.0% and 69.3% respectively, of the assets and revenues of the aggregate discretely presented component units. Those financial statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for the Road Commission, is based on the report of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit and the report of other auditors provide a reasonable basis for our opinions.

In our opinion, based on our audit and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the *County* of Saginaw, Michigan, as of September 30, 2007, and the respective changes in financial position and cash flows, where applicable, thereof and the respective budgetary comparisons of the General, Health Department, Michigan Works! and Revenue Sharing Reserve governmental funds for the year then ended in conformity with accounting principles general accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated March 31, 2008, on our consideration of the *County of Saginaw*, *Michigan's* internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The Management's Discussion and Analysis listed in the table of contents on pages 3-17, is not a required part of the basic financial statements but is supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the *County of Saginaw*, *Michigan's* basic financial statements. The combining and individual fund financial statements and schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for the purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is also not a required part of the basic financial statements. The combining and individual fund financial statements and schedules and schedule of expenditures of federal awards have been subjected to the auditing procedures applied by us and the other auditors in the audit of the basic financial statements and, in our opinion, based on our audit and the report of other auditors, are fairly stated, in all material respects in relation to the basic financial statements taken as a whole.

Rehmann Johan

Management's Discussion and Analysis

As management of the *County of Saginaw*, *Michigan*, we offer readers of the County's financial statements this narrative overview and analysis of the financial activities of the County for the fiscal year ended September 30, 2007. We encourage readers to consider the information presented here in conjunction with the accompanying basic financial statements.

Financial Highlights

- The assets of the County exceeded its liabilities at the close of the most recent fiscal year by \$101,115,710 (*net assets*). Of this amount, \$44,774,586 (*unrestricted net assets*) may be used to meet the government's ongoing obligations to citizens and creditors.
- The County's total net assets increased by \$3,398,217 during 2007.
- As of the close of the current fiscal year, the County's governmental funds (this includes the general fund, special revenue, debt service, capital projects, and permanent funds) reported combined ending fund balances of \$47,011,948, an increase of \$2,459,713 in comparison with the prior year. Approximately 59.2 percent of this total amount, or \$27,820,624, is *available for spending* at the government's discretion (*unreserved fund balance*). This amount is inclusive of both the *unreserved designated* amount, which has been designated based upon either County policy or for a specific purpose, and the *unreserved undesignated* amount.
- At the end of the current fiscal year, the general fund had an unreserved undesignated fund balance of \$664,761 or 1.8 percent of total general fund expenditures. The unreserved designated fund balance for the general fund was \$16,647,443, or 46.2 percent of total general fund expenditures. Total fund balance for the general fund was \$17,657,204.
- The County's total bonded debt decreased by \$339,000 during the current fiscal year.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the County's basic financial statements. The County's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. The *government-wide financial statements* are designed to provide readers with a broad overview of the County's finances, in a manner similar to a private-sector business.

The *statement of net assets* presents information on all of the County's assets and liabilities, with the difference between the two reported as *net assets*. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the County is improving or deteriorating.

The *statement of activities* presents information showing how the government's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash* flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected special assessments and accrued interest expense).

Both of the government-wide financial statements distinguish functions of the County that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the County include legislative, judicial, general government, public safety, public works, health and welfare, community and economic development, and recreation and culture. The business-type activities of the County include the Delinquent Tax Revolving Fund, Delinquent Property Tax Foreclosure Fund, Building Authority Event Center, Building Authority Administration, Parking System, Harry W. Browne Airport, and Inmate Services operations.

The government-wide financial statements include not only the County itself (known as the *primary government*), but also a legally separate Road Commission, a legally separate Brownfield Redevelopment Authority, a legally separate Department of Public Works, a legally separate Drain Commission, a legally separate Economic Development Corporation, and a legally separate Land Bank Authority for which the County is financially accountable. Financial information for these *component units* is reported separately from the financial information presented for the primary government itself. Financial statements for the Road Commission were issued separately from the County and other component units. The County of Saginaw Building Authority, although legally separate, functions for all practical purposes as a department of the County, and therefore has been included as an integral part of the primary government.

The government-wide financial statements can be found on pages 19 - 21 of this report.

Fund financial statements. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the County can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The County maintains 46 individual governmental funds. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures, and changes in fund balances for the General Fund, Health Department Fund, Michigan Works! Fund, and Revenue Sharing Reserve Fund, each of which is considered to be major funds. Data from the other 42 governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of *combining statements* elsewhere in this report.

The County adopts an annual appropriated budget for its general and special revenue funds. Budgetary comparison statements or schedules have been provided herein to demonstrate compliance with those budgets.

The basic governmental fund financial statements can be found on pages 22 - 30 of this report.

Proprietary funds. The County maintains two different types of proprietary funds: enterprise funds and internal service funds. *Enterprise funds* are used to report the same functions presented as *business-type activities* in the government-wide financial statements. The County uses enterprise funds to account for its Delinquent Tax Revolving Fund, Delinquent Property Tax Foreclosure Fund, Building Authority Event Center, Building Authority Administration, Parking System, Harry W. Browne Airport, and Inmate Services operations. *Internal service funds* are an accounting device used to accumulate and allocate costs internally among the County's various functions. The County of Saginaw uses internal service funds to account for its MERS Retirement System, ICMA Retirement System, Information Systems and Services operations, Equipment Revolving (computer equipment maintenance and replacement) activities, Mailing Services, Motor Pool operations, Risk Management program, Investment Pool, Employee Benefits, and Retiree Health Savings Plan. Because these services predominately benefit governmental rather than business-type functions, they have been included within the *governmental activities* in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Delinquent Tax Revolving Fund, and Building Authority Event Center, each of which are considered to be major funds. Data from the other proprietary funds are combined and presented in two separate columns distinguishing between *business-type activities* and *governmental activities*. Individual fund data for each of these nonmajor enterprise funds and internal service funds are provided in the form of *combining statements* elsewhere in this report.

The basic proprietary fund financial statements can be found on pages 31 - 34 of this report.

Fiduciary funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are *not* reflected in the government-wide financial statements because the resources of those funds are *not* available to support the County's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The basic fiduciary fund financial statements can be found on pages 35 - 36 of this report.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 40 - 77 of this report.

Other information. In addition to the basic financial statements and accompanying notes, this report also presents certain *supplementary information*. This includes the combining and individual fund financial statements and schedules. Combining and individual fund statements and schedules can be found on pages 78 - 155 of this report.

Government-wide Financial Analysis

As noted earlier, net assets may serve over time as a useful indicator of a government's financial position. In the case of the County of Saginaw, as the following table demonstrates, assets exceeded liabilities by \$101,115,710 at the close of the most recent fiscal year.

County of Saginaw's Net Assets

	Government	tal Activities	Business-ty	pe Activities	Activities Tota		
Fiscal Year Ending September 30,	2007	2006	2007	2006	2007	2006	
Current and other assets Capital assets, net of	\$ 104,319,283	\$ 98,193,978	\$ 19,216,853	\$ 17,160,820	\$ 123,536,136	\$ 115,354,798	
accumulated depreciation	30,882,530	32,262,751	18,052,270	18,473,840	48,934,800	50,736,591	
Total assets	135,201,813	130,456,729	37,269,123	35,634,660	172,470,936	166,091,389	
Long-term liabilities outstanding	41,479,150	42,438,930	17,746,151	16,738,545	59,225,301	59,177,475	
Other liabilities	10,911,916	8,028,949	1,218,009	1,167,472	12,129,925	9,196,421	
Total liabilities	52,391,066	50,467,879	18,964,160	17,906,017	71,355,226	68,373,896	
Net assets:							
Invested in capital assets,							
net of related debt	26,212,530	26,677,751	11,282,270	10,163,840	37,494,800	36,841,591	
Restricted	18,846,324	15,096,955	-	-	18,846,324	15,096,955	
Unrestricted	37,751,893	38,214,144	7,022,693	7,564,803	44,774,586	45,778,947	
Total net assets	\$82,810,747	\$ 79,988,850	\$18,304,963	\$ 17,728,643	\$101,115,710	\$ 97,717,493	

One of the largest portions of the County's net assets, \$37,494,800 (37.1 percent) reflects its investment in capital assets (e.g., land, buildings and improvements, machinery and equipment, vehicles); less any related debt used to acquire those assets that is still outstanding. The County uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the County's net assets, \$18,846,324 (18.6 percent) represents resources that are subject to external restrictions on how they may be used. The remaining balance of *unrestricted net assets*, \$44,774,586 (44.3 percent) may be used to meet the government's ongoing obligations to citizens and creditors.

At the end of the current fiscal year, the County is able to report positive balances in all three categories of net assets, both for the government as a whole, as well as for its separate governmental and business-type activities.

Net assets - end of year	\$ 82,810,747	\$ 79,988,850	\$ 18,304,963	\$ 17,728,643	\$ 101,115,710	\$ 97,717,493		

The County's net assets increased by \$3,398,217 during the current fiscal year; a \$2,821,897 increase for governmental activities and a \$576,320 increase for business-type activities.

Governmental activities. Overall, total revenues approximated total expenses; thereby leaving transfers as accounting for the total growth in net assets during 2007. Key elements of this increase are as follows:

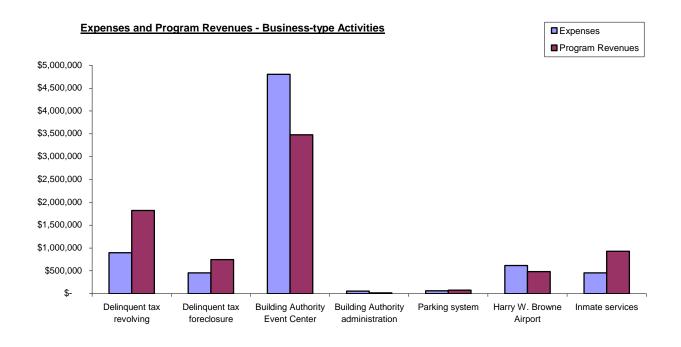

- Charges for services decreased by approximately \$2,264,000 (10.0 percent) during the year. Approximately \$1,389,000 of the decrease was a result of a reimbursement of excess reserves as determined by County policy within the County's self-funded insurance programs of health insurance, workers' compensation, and public liability insurance during 2006 that did not reoccur during 2007.
- Property taxes increased by approximately \$1,558,000 (3.9 percent) during the year. The
 increase is a result of increased taxable values and residential growth.
- Expenses increased by approximately \$5,446,000 (5.4 percent) during the year mainly in the area of health and welfare. The increase in part is a result of additional expenses incurred by the Health Department for a new HVAC system, as well as additional expenses incurred by Michigan Works!

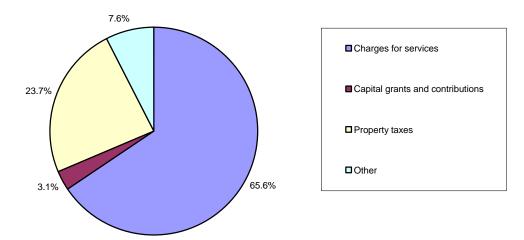

Business-type activities. Business-type activities increased the County's net assets by \$576,320, thereby accounting for 17.0 percent of the total growth in the government's net assets for the current year. Key elements of this increase are as follows:

- Revenues remained stagnant from 2006 to 2007.
- Expenses increased 7.5 percent, or \$514,314, as a result of increased activity within the delinquent tax revolving fund.

Revenues by Source - Business-type Activities

Financial Analysis of the Government's Funds

As noted earlier, Saginaw County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of the County's *governmental funds* is to provide information on nearterm inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing the County's financing requirements. In particular, *unreserved fund balance* may serve as a useful measurement of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the County's governmental funds reported combined ending fund balances of \$47,011,948, an increase of \$2,459,713 in comparison with the prior year. Approximately 59.2 percent of this total amount (\$27,820,624) constitutes *unreserved fund balance*, which is available for spending at the government's discretion. However, the *unreserved fund* balance amount is further separated into *unreserved – designated fund balance* (\$18,260,327) and *unreserved – undesignated fund balance* (\$9,560,297). The underlying distinction between the two is that *unreserved – designated fund balance* has been designated based upon either the County's Fund Balance Policy or for a specific purpose. The remainder of fund balance is *reserved* to indicate that it is not available for new spending because it has already been committed to: 1) cover long-term advances (\$345,000), 2) pay debt service (\$2.763.756), 3) for capital projects (\$3,380), or 4) for restricted contributions (\$16,079,188).

The general fund is the chief operating fund of the County. At the end of the current fiscal year, the unreserved – designated fund balance of the general fund was \$16,647,443, while total fund balance amounted to \$17,657,204. As a measure of the general fund's liquidity, it may be useful to compare both unreserved – designated fund balance and total fund balance to total fund expenditures. Unreserved – designated fund balance represents 46.2 percent of total general fund expenditures, while total fund balance represents 49.0 percent of that same amount.

The fund balance of the County's general fund decreased by \$2,001,489 during the current fiscal year. Key factors in this decrease are as follows:

- Property tax revenue increased by \$995,410 (4.3 percent).
- Reimbursements decreased by \$572,844 (15.1 percent).
- Expenditures increased by \$644,548 (1.8 percent) mainly in the areas of legislative, judicial, general government, and public safety.
- Transfers out increased by \$1,120,187 (14.5 percent) mainly in the appropriations to the Child Care fund (\$577,410) and Law Enforcement fund (\$411,031).

The Health Department fund had a decrease in fund balance for the current year of \$929,997, for an ending total of \$1,177,289. This decrease was primarily the result of additional expenditures incurred for the replacement of the Health Department building's HVAC system.

The Revenue Sharing Reserve fund had an increase in fund balance for the current year of \$3,518,411, for an ending total of \$9,477,961. This fund was created pursuant to Public Act 357 of 2004 to serve as a substitute for state revenue sharing payments. Fiscal year 2007 was the final year of three consecutive years where the County is required to deposit into this fund an amount equal to 1/3 of its December 2004 property tax levy or \$7,319,845. The County is then allowed to distribute from this fund an amount not to exceed its October 1, 2003 through September 30, 2004 revenue sharing payments adjusted for inflation. This amount for fiscal year 2007 was \$4,174,509, thereby accounting for the increase in fund balance.

The debt service funds have a total fund balance of \$2,763,756 which is entirely designated for the payment of debt service. The net increase in fund balance during the current year in the debt service funds was \$154,412.

The capital projects funds have a total deficit fund balance of \$126,018, of which \$3,380 will be used for the remaining expansion costs of the Saginaw Valley Rail Trail project as overseen by the Parks and Recreation Commission. The river dredging project as overseen by the Department of Public Works ended the fiscal year with a deficit fund balance of \$129,398. The County has filed a deficit reduction plan as required with the State. The net increase in fund balance during the year was \$66,060.

The permanent fund has a fund balance of \$37,644, which is entirely designated for maintenance of the Saginaw Valley Rail Trail and \$3,644 is available for spending at the end of the year.

Proprietary funds. The County's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

Unrestricted net assets of the Delinquent Tax Revolving Fund at the end of the year amounted to \$6,286,280, while those for the Building Authority Event Center amounted to \$162,588. The combined unrestricted net assets of the nonmajor enterprise funds and the internal service funds were \$553,676 and \$4,314,404, respectively, at the end of the year. The Delinquent Tax Revolving Fund had a decrease in net assets for the year of \$148,847, whereas the Building Authority Event Center had an increase of \$1,275,894. The combined decrease in net assets of the nonmajor enterprise funds was \$548,127 and the combined increase in net assets of the internal service funds was \$413,516 for the year. Other factors concerning the finances of these funds have already been addressed in the discussion of the County's business-type activities.

General Fund budgetary highlights. The differences between the original budget and final amended budget for expenditures resulted in a 0.5 percent increase (\$169,544 increase in appropriations); whereas the difference between the original budget and final amended budget for revenues resulted in a 0.1 percent increase (\$36,071 increase in revenues). All of these budgetary adjustments were offset by either an adjustment to other expenditures and transfers out or to revenues and transfers in and use of fund balance.

The budgetary differences are summarized as follows:

- A \$306,250 increase was allocated to transfers out to the Child Care Fund that was offset with an increase in the use of fund balance. This adjustment was made to address the change in application of Title IV-E regulations regarding the funding of placement of abused, neglected, and delinquent children as well as the additional costs associated with the housing of juveniles.
- A \$62,800 increase was allocated to public safety activities that was offset with an increase in the use of fund balance to allocate money to the jail division to cover janitorial supplies and building repair and maintenance costs associated with housing inmates at the County jail.
- A \$63,260 increase was allocated to health and welfare activities that was offset with an increase in charges for services and the use of fund balance to allocate money to the medical examiner's division to cover additional costs of wages and fringes, autopsies, laboratory fees, and transportation services used during the fiscal year.
- A \$53,484 increase was allocated to general government activities that was offset with an increase in federal grants, state grants, and in the use of fund balance to allocate money to the elections activity to cover additional printing and to the prosecutor welfare division to equal the approved grant amount.

Overall during the year, actual general fund revenues were higher than the amended budgetary estimates and expenditures were less than the amended budget, resulting in an actual decrease in fund balance that was less than the final amended budget amount.

The significant budgetary variances between the final amended budget and actual results for the General Fund can be summarized as follows:

- The negative variance in property taxes of \$170,970 occurred due to the shift in our county operating property tax millage from a winter tax levy to a summer tax levy. This amount represents taxes levied in July 2007 that have not been collected as of the end of the fiscal year less the amount of taxes levied in July 2006 that were collected in fiscal year 2007.
- The negative variance in state grants of \$55,640 is due lower than expected revenue received for state court equity funding and jury compensation reimbursements.
- The favorable variance in charges for services of \$347,474 is a result of aggressive collections made by District Court for outstanding traffic violations, as well as higher than anticipated revenue received from the exchange of property transactions through the Register of Deeds office.
- The favorable variance in fines and forfeitures of \$88,798 is also a result of aggressive collections made by District Court for outstanding traffic violations.

- The negative variance in reimbursements of \$106,583 is a result of expected reimbursements from other county funds being reclassified to transfers in.
- The majority of the favorable variances in expenditures occurred as a result of lapsed salaries and benefits because of delays in the filling of vacancies.

General Fund balance. The following schedule presents a comparative summary of changes in the fund balance of the General Fund for the fiscal years ended September 30, 2007, and September 30, 2006, along with the amount and percentage of increases and decreases in relation to the 2006 fund balance:

The following schedule enumerates the particular changes in the classifications of fund balance.

	2007	2006	Variance from 2006	Percent Increase/ (Decrease)
Revenues	\$ 36,752,123	\$ 36,515,788	\$ 236,335	0.65%
Expenditures	(36,033,202)	(35,388,654)	(644,548)	1.82%
Revenues over expenditures	718,921	1,127,134	(408,213)	
Other Financing Sources (Uses):				
Transfers in	6,134,949	6,197,332	(62,383)	-1.01%
Transfers out	(8,855,359)	(7,735,172)	(1,120,187)	14.48%
Net change in fund balances	(2,001,489)	(410,706)	(1,590,783)	
Fund balance, beginning of year	19,658,693	20,069,399	(410,706)	
Fund balance, end of year	\$ 17,657,204	\$ 19,658,693	\$ (2,001,489)	-10.18%

GENERAL FUND BALANCE ANALYSIS

	Reserve for	Reserve for		Total
	Advances to	Future		Fund
	Other Funds	Use	Unreserved	Balance
Fund balance, beginning of year	\$ 10,955,773	\$ 8,702,920	\$ -	\$ 19,658,693
2006/2007 Transactions:				
Excess revenue over expenditures	(10,610,773)	10,664,933	664,761	718,921
Total other financing sources (uses)		(2,720,410)		(2,720,410)
2006/2007 net increase (decrease)	(10,610,773)	7,944,523	664,761	(2,001,489)
Fund balance, end of year	\$ 345,000	\$16,647,443	\$ 664,761	\$ 17,657,204

The Reserve for Future Use classification shown above is comprised of three different components: Cash Flow, Budget Stabilization, and Ensuing Years Budget. The Board of Commissioners approved the Fund Balance Policy within the Saginaw County Policy Book which establishes a Cash Flow Reserve and a Budget Stabilization Reserve in the General Fund. The policy authorizes earmarking a minimum of fifty percent of the most current Board approved General Fund budget for property tax collections for the Cash Flow Reserve and a minimum of five percent of the most current Board approved General Fund budget for the Budget Stabilization Reserve.

The current balance for Cash Flow Reserve is \$12,522,340 or 50 percent, and for Budget Stabilization Reserve is \$2,341,856 or 5 percent. The Reserve for Ensuing Years Budget of \$1,783,247 represents the amount that has been budgeted to use in the upcoming fiscal year 2008 budget. The Reserve for Advances to Other Funds has decreased by \$10,610,773 during 2007. The 100% Tax Payment Fund Reserve has been eliminated by the Board of Commissioners thereby accounting for \$10,500,773 of the decrease. The remaining decrease of \$110,000 was a result of reduced cash flow needed by the Other Funds and Component Units.

Enterprise operations. The enterprise operations of the County include the use of seven enterprise funds: the Delinquent Tax Revolving Fund, the Delinquent Property Tax Foreclosure Fund, the Building Authority Event Center Fund, the Harry W. Browne Airport Fund, the Parking System Fund, the Building Authority Administration Fund, and the Inmate Services Fund.

The Delinquent Tax Revolving Fund accounts for the purchase of delinquent taxes from other local taxing units. Money for the operation of this fund is supplied from limited general obligation bonds or notes, delinquent tax collections, interest earnings from investments, and interest and collection fees from delinquent taxes.

The Delinquent Property Tax Foreclosure Fund accounts for the operations of the tax foreclosure process within Saginaw County. Money for the operation of this fund is supplied through the collection of fees and interest attached to forfeited delinquent real property taxes as well as any proceeds from the sale of foreclosed properties.

The Building Authority Event Center Fund accounts for the operations of the County-owned facility that includes an arena, theater, and conference center. Prior to acquisition by the County, the facility was slated for closure by the previous owner, the City of Saginaw. In May 2001, County voters approved a 10-year millage of 0.45 mills to improve and operate the Event Center. The renovations of the Event Center started in early 2002, financed with a \$14.3 million bond issue, and were completed in November 2003.

The Harry W. Browne Airport Fund accounts for the operation of the Harry W. Browne Airport, including hangar and farm land rentals, and the sale of aircraft fuel.

The Parking System Fund accounts for revenues, expenses and transactions relating to the operation of the municipal parking lots located around the Courthouse. A full-time parking attendant patrols the lots and issues parking tickets for violations. Approximately eighteen percent of the Parking System revenue is attributable to the fines received from the tickets.

The Building Authority Administration Fund accounts for the administration of the Saginaw County Building Authority and its numerous buildings. Its purpose is to accumulate sufficient funds to cover major repairs on the buildings as they are required. Revenue for operation of this fund is received from maintenance fees charged on the various Building Authority buildings.

The Inmate Services Fund is used to account for the operations of the inmates' concession service and for projects/activities contributing to the well-being of the inmates and their environment.

Fiduciary operations. The fiduciary operations of the County include the use of six agency funds: a Trust and Agency Fund, the State Education Tax Fund, the Library Penal Fine Fund, the Hospital Millage Fund, the Dependent Care Fund and the Medical Spending Reimbursement Fund.

The State Education Tax Fund accounts for the collection and distribution of the State Education Tax. The Library Penal Fine Fund accounts for the collection of fines imposed for State law violations and distributes them to the libraries at the discretion of the State Library Board. The Hospital Millage Fund accounts for the collection and distribution of tax collections for the operations of HealthSource of Saginaw.

The Dependent Care and the Medical Spending Reimbursement Funds account for the collection and distribution of pre-tax monies used for dependent care and medical spending by employees of the County.

The remaining fiduciary fund included is the Post Employment Health Benefits Trust Fund.

Capital Asset and Debt Administration

Capital assets. The County's investment in capital assets for its governmental and business-type activities as of September 30, 2007 amounted to \$48,934,800 (net of accumulated depreciation). This investment in capital assets includes land, air rights, construction in progress, land improvements, buildings, leasehold improvements, machinery and equipment, office furniture and fixtures, and vehicles. The total decrease in the County's investment in capital assets for the current fiscal year was 3.6 percent (a 4.3 percent decrease for governmental activities and a 2.3 percent decrease for business-type activities).

Major capital asset events during the current fiscal year included the following:

- Construction continued on the river dredging project at a cost of \$128,813.
- Construction was completed at the Morley building for the replacement of the roof top units at a cost of \$103,569 with an additional \$15,417 being placed in service from 2006.
- Construction continued at the health department building for a HVAC system replacement at a cost of \$520,819 with an additional \$85,752 being placed in service from 2006.
- Demolition took place of the "old" Animal Control facility at a cost of \$222,599.
- The County turned over the title of the remaining six mental health group homes and two OBRA homes to the Saginaw County Community Mental Health Authority that were recorded at a cost of \$1,875,995.
- Construction continued at Harry W. Browne Airport on the apron reconstruction and expansion phase two, as well as construction and rehabilitation of runway 523 at a cost of \$27,255 and \$301,391, respectively.

Additional information on the County's capital assets can be found in note III.C. on pages 56 - 59 of this report.

Long-term debt. At the end of the current fiscal year, the County had total bonded debt outstanding of \$88,702,279. Of this amount, \$85,158,500 comprises debt backed by the full faith and credit of the government and \$3,543,779 is special assessment debt for which the government is liable in the event of default by the property owners subject to the assessment. The remainder of the County debt represents bonds secured solely by specified revenue sources (i.e., revenue bonds).

During the year, the County of Saginaw issued the following tax-exempt bonds and notes:

<u> </u>	 		
	Amount	Issue	Rate
2007 Series GOL Delinquent Tax Notes	\$ 11,000,000	6/1/2007	varies
Village of Oakley Sewage Disposal System Series 2007A	1,653,000	6/1/2007	4.125%
Merrill/Jonesfield Water Supply System Series 2006B	1,652,000	8/11/2006	4.50%
Goetz Intercounty Drain	815,000	6/1/2007	4.00%
Trickey Drain and Branch Drain	545,000	2/1/2007	3.70% to 4.00%
Village of Oakley Sewage Disposal System Series 2007B	98,000	6/1/2007	4.125%

The County's total debt decreased by \$174,676 (0.2 percent) during the fiscal year.

The County maintains an "A+" bond rating with Standard & Poor's and an "A2" rating with Moody's for its general obligation debt. The County also maintains an "SP-1+" bond rating with Standard & Poor's and an "MIG1" bond rating with Moody's for its delinquent tax notes.

State statutes (Article 7, Section II, Michigan Constitution of 1963) limit the amount of general obligation debt a governmental entity may issue to 10 percent of its total state equalized valuation. The current debt limitation for the County is \$545,410,332, which is significantly higher than the County's outstanding general obligation debt.

Additional information on the County's long-term debt can be found in note III.F. on pages 63 - 67 of this report.

Economic Factors and Next Year's Budget and Rates

The following factors were considered in preparing the County's budget for the 2008 fiscal year:

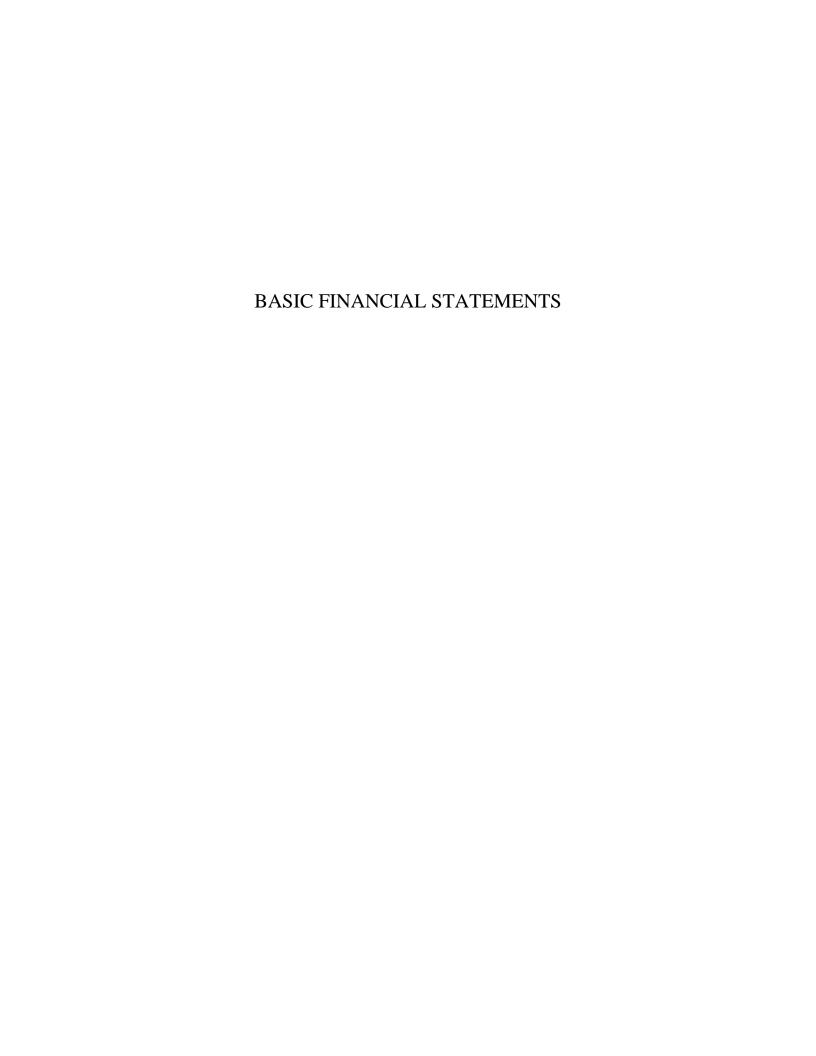

- Property Taxes Estimates received from the County Equalization Department anticipated that property tax revenue would increase by approximately 4.67% or approximately \$1,117,000 for the General Operating Fund for fiscal 2008.
- Revenue Sharing Reserve Fund (RSRF) Transfers In from the RSRF to the General Operating Fund for fiscal 2008 are budgeted at \$4,266,348 or approximately a 2.2% increase. The County is allowed to make distributions from the RSRF special revenue fund that was created by PA 357 of 2004. This act changed the county operating millage levy from winter to summer and thereby created a reserve to temporarily replace state revenue sharing. This reserve is projected to last until fiscal 2009/2010 at which time PA 357 calls for the reinstatement of revenue sharing payments from the state of over \$4 million in Saginaw County's case.
- Wages and Fringe Benefits The County's authorized staff count dropped from 717 to 712 with the General Fund remaining steady at 336. The wage rates for these positions were generally frozen without increase for fiscal 2008; however, this was offset, in most cases, by a base wage increase of 2.75%. This resulted in the total General Fund wage budget increasing by approximately 2.3%. Certain fringe benefits are fixed in terms of actual dollar amounts per employee, while others vary as a percentage of the employee's compensation. Fixed fringe benefits include: illustrative premiums for health, dental, life, and vision, and retiree health reserve contributions. Illustrative health premiums were budgeted to increase by 8% while contributions to the retiree health reserve went up from \$6,456 to \$6,972 per covered employee. All other fixed fringe benefits remained constant due to favorable negotiations and competitive

bidding. Variable benefits include: social security tax, workers' compensation insurance, retirement contributions, retiree health savings contributions, and disability insurance. None of the actual or illustrative rates for these items rose, however, costs associated with these items rose in proportion to any compensation increases. The total General Fund fringe benefit budget increased by approximately 3%.

- Use of Reserves Structural Deficit The fiscal year 2008 General Fund Budget requires the use of \$1,783,247 in reserves plus an additional amount from the Delinquent Tax Revolving Fund of \$1,200,000 in order to balance the budget and maintain the status quo without any reduction of employees or programs. If not for the availability and use of reserves, approximately 39 staff positions (about 1 in 8 General Fund employees) would have had to be eliminated. The County continues to face a structural budget deficit situation that, at this point, will be corrected in 2009 through raising fees, early retirements, and possible layoffs. This problem is likely to resurface in 2010 if State Revenue Sharing is not reinstated.
- Inflationary trends in the region were expected to compare favorably to national indices. Non personnel costs were generally budgeted to increase by inflationary trends.

Requests for Information

This financial report is designed to provide a general overview of the County's finances for all those with an interest in the County of Saginaw's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the County of Saginaw Controller's Office, 111 S. Michigan Ave., Saginaw, Michigan 48602.

COUNTY OF SAGINAW, MICHIGAN RECONCILIATION OF FUND BALANCES ON THE BALANCE SHEET FOR GOVERNMENTAL FUNDS TO NET ASSETS OF GOVERNMENTAL ACTIVITIES ON THE STATEMENT OF NET ASSETS SEPTEMBER 30, 2007

Fund balances - total governmental funds	\$ 47,011,948
Amounts reported for governmental activities in the statement of net assets are different because:	
Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds.	
Add - capital assets Deduct - accumulated depreciation	48,611,319 (18,418,560)
Other long-term assets are not available to pay for current-period expenditures and, therefore, are either deferred or otherwise not recorded in the funds.	
Add - deferred revenue on taxes receivable Add - deferred revenue on notes receivable Add - net pension asset Add - long-term receivable for repayment of debt service	3,301,245 2,684,695 1,687,681 32,630,000
Internal service funds are used by management to charge the costs of certain activities to individual funds. A portion of the assets and liabilities of the internal service funds are included in governmental activities in the statement of net assets. Long-term liabilities, including bonds payable, are not due and payable in the current period and, therefore, are not reported in the funds.	4,984,026
Deduct - bonds payable Deduct - accrued interest on bonds payable Deduct - accrued compensated absences	(37,300,000) (732,840) (1,648,767)
Net assets of governmental activities	\$ 82,810,747

COUNTY OF SAGINAW, MICHIGAN RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES

FOR THE YEAR ENDED SEPTEMBER 30, 2007

Net change in fund balances - total governmental funds	\$ 2,459,713
Amounts reported for governmental activities in the statement of activities are different because:	
Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.	
Add - capital outlay Deduct - net loss on sale of capital assets Deduct - depreciation expense	1,474,389 (1,531,612) (1,430,805)
Revenues in the funds that represent repayment of taxes or loans receivable that do not affect the statement of activities	91,914
A decrease in the net pension asset is recorded as an expense in the statement of activities but does not require the use of current resources and, therefore, is not reported as an expenditure of the funds	(163,497)
Repayment of bond principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net assets.	1,345,000
Certain expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the funds.	
Add - decrease in accrued interest payable Add - decrease in accrued compensated absences	18,673 142,006
Internal service funds are used by management to charge the costs of certain activities to individual funds. Some of the net revenue (expense) attributable to those funds is reported with governmental activities.	
Add - net operating income from governmental activities in internal service funds Add - investment income from governmental internal service funds Add - net gain on sale of capital assets in governmental internal service funds Deduct - net transfers	 116,915 303,829 45,372 (50,000)
Change in net assets of governmental activities	\$ 2,821,897

NOTES TO FINANCIAL STATEMENTS

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The boundaries of the County of Saginaw (the "County") were set by proclamation of Governor Cass on September 10, 1822. These boundaries were subsequently changed by an act of the Legislative Council, approved March 2, 1831. During 1834, the question of conferring on the Township of Saginaw the status of a County was discussed and a resolution of the Council passed to the effect: - "That the County of Saginaw shall be organized when this act takes effect" - This act of organization was approved January 28, 1835, and put in force the second Monday of February 1835. The County of Saginaw now contains 3 cities, 27 townships and 5 incorporated villages. The population of the County according to the Federal Census of 2000 is 210,039.

The accounting policies of the County of Saginaw conform to generally accepted accounting principles as applicable to governmental units. The following is a summary of the significant policies:

A. REPORTING ENTITY

As required by generally accepted accounting principles, the financial statements of the reporting entity include those of the County and its component units. The component units discussed below are included in the County's reporting entity because they are entities for which the County is considered to financially accountable.

Blended Component Unit - The Building Authority has been included as part of the County financial statements since the County appoints the governing authority and the Building Authority provides its services entirely to the County of Saginaw. A complete financial statement can be obtained from Saginaw County, Controller's Office, 111 S. Michigan Ave., Saginaw, Michigan 48602.

<u>Discretely Presented Component Units</u> - The component unit column in the Government-wide financial statements includes the financial data of the County's other component units. These units are reported in a separate column to emphasize that they are legally separate from the County.

Saginaw County Road Commission (the "Road Commission") - The Road Commission is governed by a three-member board of County Road Commissioners appointed by the Saginaw County Board of Commissioners. The Road Commission deposits receipts with the County, has a balance in the County's common bank account and has investments through the County. The County does not have appropriation authority or budgetary control over the activities of the Road Commission; however, the nature and significance of the relationship between the primary government and the Road Commission is such that exclusion would cause the reporting entity's financial statements to be misleading. The Road Commission is responsible for the construction and maintenance of the County's system of roads and bridges

NOTES TO FINANCIAL STATEMENTS

and is principally funded by state-collected vehicle fuel and registration taxes under Public Act 51. The Road Commission's activities are reported discretely as a governmental fund type. A complete financial statement can be obtained from the Saginaw County Road Commission, 3020 Sheridan Avenue, Saginaw, Michigan 48601.

<u>Brownfield Redevelopment Authority</u> - Property tax revenues received from the captured portion of these properties are restricted to pay site clean up expenditures and future development depending on the development plan adopted for each project. The members of the governing board of the Authority are appointed by the County Board of Commissioners and they review and approve development plans for businesses relocating within designated areas of the County where property was once contaminated. The nature and significance of the relationship between the County and the Authority is such that exclusion would cause the reporting entity financial statements to be misleading or incomplete.

<u>Department of Public Works</u> - Pursuant to Michigan Compiled Law 123.732, the County entered into a program of water supply and sanitary sewer facility construction. The Department of Public Works is under the general control of the County and under the immediate control of the Public Works Commissioner. Bonds issued are authorized by an ordinance or a resolution approved by the Public Works Commissioner and by the County. The nature and significance of the relationship between the County and the Department of Public Works is such that exclusion would cause the reporting entity financial statements to be misleading or incomplete.

<u>Drain Commission</u> - Each of the drainage districts established pursuant to the Drain Code of 1956 are separate legal entities, with the power to contract, to sue and be sued, to hold, manage and dispose of real and personal property, etc. The County Public Works Commissioner has sole responsibility to administer the drainage district established pursuant to Chapters 3 and 4 of the Drain Code. The drainage board or Public Works Commissioner, on behalf of the drainage district, may issue debt and levy special assessments authorized by the Drain Code without the prior approval of the County Board of Commissioners. The full faith and credit of the County may be given for the debt of the drainage district. The County employs all full-time employees and the elected officials of the Drain Commission. The Drain Commission deposits its receipts with the County Treasurer. The nature and significance of the relationship between the County and the Drain Commission is such that exclusion would cause the reporting entity financial statements to be misleading or incomplete.

Economic Development Corporation - The Economic Development Corporation is governed by a nine-member board who are approved by the Saginaw County Board of Commissioners. The County has appropriation authority and budgetary control over the activities of the Economic Development Corporation. The Economic Development Corporation provides the means and methods of encouragement and assistance to strengthen and revitalize the economy of Saginaw County by improving the atmosphere for progress

NOTES TO FINANCIAL STATEMENTS

and growth through new employment opportunities and an increased tax base. The Economic Development Corporation's activities are reported discretely as a governmental fund type.

Land Bank Authority – The Saginaw County Land Bank Authority is a public body corporate organized pursuant to the Michigan Land Bank Fast Track P.A. 258 and an Intergovernmental Agreement entered into between the Michigan Land Bank Fast Track Authority and the Treasurer of the County of Saginaw, Michigan. The Land Bank Authority was created to acquire, hold, manage and develop tax-foreclosed properties, as well as other vacant and abandoned properties. The Authority was legally established on December 7, 2005 and began operations on that date. The Authority is comprised of seven members, as follows: Treasurer of Saginaw County and six persons appointed by the Saginaw County Board of Commissioners. One of the six persons is appointed to represent the interest of the City of Saginaw and one of the six persons to represent the interest of the other units of local government in Saginaw County.

B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

The government-wide financial statements (i.e. the statement of net assets and the statement of activities) report information on all of the nonfiduciary activities of the primary government and its component units. For the most part, the effect of the interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financial accountable.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

NOTES TO FINANCIAL STATEMENTS

C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING AND FINANCIAL STATEMENT PRESENTATION

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements, except for agency funds, which do not have a measurement focus. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period, or within one year for reimbursement-based grants. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, franchise taxes, licenses, intergovernmental revenues and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received by the government.

The government reports the following major governmental funds:

The *general fund* is the government's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The *health department fund* accounts for the grant revenues and the related operations of the Saginaw County Health Department.

The *Michigan works! fund* accounts for the grant revenues and the related job placement operations of the Michigan works! fund.

NOTES TO FINANCIAL STATEMENTS

The revenue sharing reserve fund accounts for the collection and distribution of property taxes in accordance with Public Act 357 of 2004 which provides a funding mechanism to serve as a substitute to county revenue sharing payments. This substitute funding mechanism involves a gradual shift of county property tax millage from a winter tax levy to a summer tax levy over a course of three consecutive years.

The government reports the following major proprietary funds:

The *delinquent tax revolving fund* accounts for the purchase of delinquent taxes from other local taxing units.

The *building authority event center fund* accounts for the operations of the Saginaw County Event Center.

Additionally, the County reports the following fund types:

Internal service funds account for the data processing, mail services, fringe benefits and fleet management services provided to other departments or agencies of the government on a cost reimbursement basis.

The *post employment health benefits trust fund* is used to account for the government's post employment health benefit activity.

Agency funds are used to account for assets held for other governments in an agency capacity, including tax collections.

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in both the government-wide and proprietary fund financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board. Governments also have the option of following subsequent private-sector guidance for their business-type activities and enterprise funds, subject to this same limitation. The government has elected not to follow subsequent private-sector guidance.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

NOTES TO FINANCIAL STATEMENTS

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the delinquent tax revolving and building authority event center enterprise funds are charges to customers for sales and services. The enterprise funds also recognize as operating revenues interest income and fees associated with banquet room rentals, and the sale of entertainment admission. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the County's policy to use restricted resources first, then unrestricted resources as they are needed.

D. ASSETS, LIABILITIES AND NET ASSETS OR EQUITY

1. CASH AND CASH EQUIVALENTS

For purposes of the statement of cash flows, the County considers all highly liquid investments with original maturities of three months or less to be cash equivalents.

2. INVESTMENTS

Investments are reported at fair value. Short-term investments are reported at cost, which approximates fair value. Securities traded on a national or international exchange are valued at the last reported sales price at current exchange rates. Investments that do not have an established market are reported at estimated fair value.

3. RECEIVABLES

All receivables are recorded at their gross value and, where appropriate, are reduced by the estimated portion that is expected to be uncollectible.

4. **DUE TO/FROM OTHER FUNDS**

During the course of its operations, the County has numerous transactions between funds to finance operations, to provide services, construct assets and service debt. To the extent that certain transactions between funds had not been paid or received as of fiscal year end, balances of interfund accounts receivable or payable have been recorded.

NOTES TO FINANCIAL STATEMENTS

5. ADVANCES

Advances to and advances from governmental funds represent non-current portions of interfund receivables and payables. The governmental fund making the advance establishes a fund balance reserve equal to the amount of the advance.

6. INVENTORIES

Inventory is valued at average cost for the Road Commission, a discretely presented component unit of Saginaw County. The costs of the Road Commission's inventory are recorded as assets when purchased and charged to expenditures when used, which is the consumption method. Inventory in the Land Bank Authority represents land inventory held for resale. Inventory in the Building Authority Event Center enterprise fund consists of various food and beverage supplies and are valued at cost using the first-in/first-out (FIFO) method. Costs related to inventory purchases in the Building Authority Event Center fund are recorded as assets when purchased and are charged to expenses when used.

7. CAPITAL ASSETS

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, curbs and gutters, streets, sidewalks, drainage systems, lighting systems and similar assets that are immovable and of value only to the County of Saginaw), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects when constructed. Capital assets of the County are depreciated using the straight line method over the following estimated useful lives:

Building and improvements	5-45 years
Equipment	3-10 years
Vehicles and accessories	2-8 years
Office furniture and fixtures	5-20 years
Planning and development	5-30 years
Infrastructure	50 years

NOTES TO FINANCIAL STATEMENTS

Depreciation is recorded on the capital assets of the Road Commission Component Unit over the estimated useful lives (ranging from five to fifty years) of the assets, using the sum-of-years digits method for road equipment as prescribed by the Uniform Accounting Procedures for Michigan County Road Commissions, which does not vary significantly from the straight-line basis, and straight-line method for all other capital assets.

8. LONG-TERM OBLIGATONS

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable government activities, business-type activities, or proprietary fund type statement of net assets. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

9. FUND EQUITY

Reserves represent those portions of fund equity not appropriable for expenditure or legally segregated for a specific future use. Designated fund balances represent tentative plans for future use of financial resources.

10. INTERFUND TRANSACTIONS

During the course of normal operations, the County has numerous transactions between funds, including expenditures and transfers of resources to provide services and to service debt. The accompanying financial statements generally reflect such transactions as transfers. Operating subsidies are also recorded as transfers.

Internal Service Funds are used and record charges for services to all County departments and funds as operating revenue. All affected County funds record these payments to the Internal Service Funds as operating expenditures or expenses.

NOTES TO FINANCIAL STATEMENTS

11. COMPENSATED ABSENCES

Union Employees

In March 1989, the County modified its sick leave policy for certain bargaining units. The sick day bank was frozen and accrual of sick days for these employees was discontinued. Sick leave was replaced with disability payments at 60% of the employees' annual salary, for a duration of one year.

In April 2006, the County modified its vacation and sick leave policy for certain union employees. Previously accumulated vacation, personal leave and frozen sick leave were converted to Paid-Time-Off days (PTO). Union employees are granted PTO days, based on length of service and may carry over 700 hours of PTO to any subsequent year. Upon separation from the County, employees are compensated for one-half of their accumulated PTO hours at their current hourly rate, up to a maximum of 600 hours (maximum payout is for 300 hours / 37.5 days).

Non-Union Employees

Non-union employees are granted PTO days, based on length of service and may carry over 700 hours of PTO to any subsequent year. Upon separation from the County, employees are compensated for one-half of their accumulated PTO hours at their current hourly rate, up to a maximum of 600 hours (maximum payout is for 300 hours / 37.5 days).

Compensated Absence Liability Recognition

Accumulated PTO is accrued when incurred in the proprietary funds. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

The unpaid PTO pay that is applicable to governmental fund types is reported in the Statement of Net Assets.

II. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

A. BUDGETS AND BUDGETARY ACCOUNTING

The County follows these procedures in establishing the budgetary data reflected in the financial statements.

• Annual budgets are legally adopted and formal budgetary integration is employed as a management control device during the year for the General Fund and Special Revenue

NOTES TO FINANCIAL STATEMENTS

Funds. Annual Informational Budget Summaries are prepared for Enterprise Funds and Internal Service Funds.

- The County Controller is authorized to transfer budgeted amounts from one category to another within an activity and between activities within the same fund in an amount up to \$50,000 for non-equipment expenditures and up to \$25,000 for equipment expenditures. Revisions that alter the total expenditures of any fund or total activity within the General Fund must be approved by the Board of Commissioners. The activity level in the General Fund and the Special Revenue Funds is the legal level of control.
- Budgets for the General and Special Revenue Funds are prepared on a modified accrual basis, while the Internal Service and Enterprise Fund informational budgets are prepared using the accrual basis of accounting. Both methods are consistent with generally accepted accounting principles (GAAP).
- Budget appropriations lapse at year end.
- The original budget was amended during the year in compliance with local and state laws. The budget to actual expenditures in the financial statements represent the final budgeted expenditures as amended by the County. Supplemental appropriations were necessary during the year.
- The County's annual budgeting process includes the adoption of a budget resolution to establish the manner in which a surplus fund balance in the General Fund is distributed among the County funds. The budget resolution adopted for the year ended September 30, 2007, established that the 2007 General Fund budgeted surplus be transferred as follows: two-thirds (2/3) of any such surplus to the Public Improvement Special Revenue Fund and the remaining one-third (1/3) to the General Fund Budget Stabilization Fund Balance account.

Results of operations for the year ended September 30, 2007 did not produce a General Fund unallocated surplus.

B. EXCESS OF EXPENDITURES OVER APPROPRIATIONS FOR BUDGETARY FUNDS

The General Fund and other County Funds had expenditures exceeding budgeted appropriations at the activity level, which is the County's legal level of budgetary control for the year ended September 30, 2007.

NOTES TO FINANCIAL STATEMENTS

	Budget	Actual	<u>Variance</u>
GENERAL FUND			
JUDICIAL			
Probate Court	\$ 813,787	\$ 816,700	\$ (2,913)
Family Division	2,774,556	2,810,410	(35,854)
Assigned Counsel	99,956	100,082	(126)
GENERAL GOVERNMENT			
Corporate Counsel	124,000	128,085	(4,085)
Maintenance	3,146,543	3,189,723	(43,180)
HEALTH AND WELFARE			
Veterans Burial	120,000	136,500	(16,500)
HEALTH DEPARTMENT SPE REVENUE FUND	CIAL		
Health and Welfare	13,769,027	15,014,804	(1,245,777)

The above items represent violations of the County's budgeting policies. Revenues were sufficient to cover all expenditures.

Deficit fund equity

The River Dredging Capital Projects fund had a deficit fund balance of \$129,398 as of September 30, 2007. The expenditures incurred in this fund are being funded with contributions pledged by the Saginaw River Alliance. The pledged contributions are being paid the fund over a three-year period, therefore the amount pledged to alleviate the deficit is deferred in the fund because the revenue is unavailable to fund current liabilities. The deficit in this fund will be eliminated as the pledged contributions become available and are no longer deferred.

III. DETAILED NOTES ON ALL FUNDS

A. CASH AND INVESTMENT POOL

In May of 1996 the County Board of Commissioners adopted a comprehensive investment policy describing the types of investments in which the County Treasurer may invest. Management believes that the guidelines of this policy are in accordance with State of Michigan statutory guidelines as disclosed below.

NOTES TO FINANCIAL STATEMENTS

Statutes authorize the County to invest in the following:

- Bonds, securities, and other direct obligations of the United States or any agency or instrumentality of the United States.
- Certificates of deposit, savings accounts, deposit accounts, or depository receipts of a financial institution.
- Commercial paper rated at the time of purchase at the highest classifications (except for GMAC) established by not less than two standard rating services and that matures not more than 270 days after the day of purchase.
- Repurchase agreements consisting of instruments in item one above.
- Bankers acceptance of United States banks.
- Obligations of this state or any of its political subdivisions that at the time of purchase are rated as investment grade by not less than one standard rating service.
- Obligations described in items one through six above, if purchased through an interlocal agreement under the urban cooperation act of 1967. 1967 (ExSess) PA 7, MCL 124.501 to 124.512.
- Investment pools organized under the Surplus Funds Investment Pool Act, 1982 PA 367 MCL 129.111 to 129.118.
- Investment pools organized under the local government Investment Pool Act, 1985 PA 121, MCL 129.141 to 129.150.
- Mutual Funds registered under Investment Company Act of 1940, Title I of Chapter 686, 54 Stat. 789, 15 U.S.C. 80a-3 and 80a-64, with authority to purchase only investment vehicles that are legal for direct investment by a public corporation. The Mutual Fund must be limited to securities whose intention is to maintain a net asset value of \$1 per share. Only the interest rate will differ from day to day.

NOTES TO FINANCIAL STATEMENTS

A reconciliation of cash, pooled investments and investments as shown in the basic financial statements to the County's deposits and investments is as follows:

	Carrying Amount
Government-wide Financial Statement Captions:	
Primary Government:	
Cash and investment pool	\$60,253,084
Component Units:	
Cash and investment pool	14,566,077
Fiduciary Fund Financial Statement Captions:

NOTES TO FINANCIAL STATEMENTS

Investment and deposit risk

Interest Rate Risk. State law limits the allowable investments and the maturities of some of the allowable investments. The County further limits the allowable investments and maturities of some allowable investments in their investment policy. The investment policy states that the County will attempt to match its investments with anticipated cash flow requirements. Unless matched to a specific cash flow, the County will not directly invest in securities maturing more than three years from the date of purchase. The County may collateralize its repurchase agreements using longer-dated investments not to exceed three years to maturity. Reserve funds may be invested in securities exceeding three years if the maturity of such investments are made to coincide as nearly as possible with the expected use of the funds. The maturity dates for each investment are identified above for investments held at year end.

Credit Risk. State law limits investments to specific government securities, certificates of deposits and bank accounts with qualified financial institutions, commercial paper with specific maximum maturities and ratings when purchased, bankers acceptances of specific financial institutions, qualified mutual funds and qualified external investment pools as identified above. The County's investment policy does not have specific limits in excess of state law on investment credit risk. The ratings for each investment are identified above for investments held at year end.

Custodial Credit Risk – Deposits. Custodial credit risk is the risk that in the event of a bank failure, the County's deposits may not be returned. State law does not require and the County does not have a policy for deposit custodial credit risk. As of year end \$47,729,458 of the County's bank balance of \$49,269,458 was exposed to custodial credit risk because it was uninsured and uncollateralized.

Custodial Credit Risk – Investments. For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the County will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. State law does not require a policy for investment custodial credit risk. The County's investment policy does not address custodial credit risk for investments. However, while uninsured and unregistered, the County's funds are not exposed to custodial credit risk since the securities are held in the counterparty's trust department in the County's name.

NOTES TO FINANCIAL STATEMENTS

Concentration of Credit Risk. State law limits allowable investments but does not limit concentration of credit risk as identified above. The County's investment policy does not limit concentration of credit risk. The County's investments in mutual funds are comprised of three (3) separate investment accounts. One of the County's mutual fund investment accounts comprises approximately 20% of the County's total investment balance at year-end. All investments held at year end are reported above.

B. RECEIVABLES

Receivables in the primary government and component units are as follows:

	Governmental Activities	Business-type <u>Activities</u>	Component Units
Taxes	\$ 5,936,649	\$10,910,264	\$ -
Accounts	35,269,324	855,073	524,231
Notes			
Due within one year	178,337	-	-
Due after one year	3,388,400	-	-
Interest	405,855	65,495	85,140

Less: allowance for			
uncollectible account	s <u>(783,071)</u>	_	
Total	\$ 49,426,262	<u>\$11,902,834</u>	\$ 39,588,444

Of the amounts recorded as receivables, approximately \$35,569,251, \$2,752,824, and \$31,529,630 of the governmental activities, business-type activities and component unit receivables, respectively, are not expected to be collected within one year.

NOTES TO FINANCIAL STATEMENTS

Governmental funds report deferred revenue in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. Governmental funds also defer revenue recognition in connection with resources that have been received, but not earned. At the end of the current fiscal year, the various components of deferred revenue and unearned revenue reported in the governmental funds were as follows:

	<u>Unavailable</u>	<u>Unearned</u>
Property taxes receivable (General Fund)	\$ 3,029,010	\$ -
Property taxes receivable (Non-major governmental fund types)	272,235	-
Notes receivable (Non-major Governmental fund types)	2,569,010	_

D. PAYABLES

Accounts payable and accrued liabilities in the primary government are as follows:

	Governmental	Business-type
	<u>Activities</u>	<u>Activities</u>
Accounts	\$ 5,301,185	\$ 265,295
Wages, fringe benefits and		
other accrued liabilities	1,657,335	745,176
Interest	888,366	160,232
Intergovernmental	1,124,658	40,472
Total	<u>\$ 8,971,544</u>	<u>\$ 1,211,175</u>

E. INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS

Advances to/from other funds:

General	\$ 45,000	\$ -
Nonmajor governmental funds	-	172,524
Delinquent tax revolving	172,524	-
Nonmajor enterprise funds	-	20,000
Internal service funds		 25,000
Total	<u>\$ 217,524</u>	\$ 217,524

The advance between the Delinquent Tax Revolving Fund and the non-major governmental funds exists to ensure that the River Dredging Capital Projects Fund has adequate cash to fund the river dredging project. The advances from the General Fund to the nonmajor enterprise and internal service funds exist to maintain adequate cash reserves in the funds.

NOTES TO FINANCIAL STATEMENTS

\$620,191 of the balance due to the General Fund from the non-major governmental funds resulted from short-term advances provided by the General Fund for cash flow requirements. The entire balance of this interfund receivable is scheduled to be collected in the subsequent year.

The remaining balances also resulted from short-term advances for cash flow requirements or from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made.

Transfers are used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them, (2) move receipts restricted to debt service from the funds collecting the receipts to the debt service fund as debt service payments become due, and (3) use unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations. In addition, the Revenue Sharing Reserve Fund has transferred the allowable spending amount to the General Fund in compliance with Public Act 357 of 2004.

NOTES TO FINANCIAL STATEMENTS

Internal service funds predominantly serve the governmental funds. Accordingly, long-term liabilities for those funds are included as part of the above totals for governmental activities. At year-end, \$71,895 of internal service funds compensated absences are included in the above amounts. Also, for the governmental activities, compensated absences are generally liquidated by the general fund.

NOTES TO FINANCIAL STATEMENTS

Primary Government

The County issues general obligation notes to provide monies for the purchase of delinquent taxes receivable from local units of government. The original amount of the general obligation notes issued to purchase delinquent taxes in the year ended September 30, 2007 was \$11,000,000 with a maturity date of March 2010; however, as this debt is expected to be paid in the year ended September 30, 2008, it has been shown as due within one year in the debt repayment schedule below.

General obligation and revenue bonds and notes are direct obligations and pledge the full faith and credit of the government. These bonds are generally issued as 5 to 20-year serial bonds with varying amounts of principal maturing each year. General obligation and revenue bonds and notes currently outstanding are as follows:

<u>Purpose</u>	<u>Interest Rates</u>	<u>Amount</u>
Governmental activities Business-type activities	2.75 - 7.0% $1.23 - 4.0%$	\$ 37,300,000 <u>17,742,000</u> \$ 55,042,000

Annual debt service requirements to maturity for general obligation and revenue bonds and notes are as follows:

NOTES TO FINANCIAL STATEMENTS

Component Units

Brownfield Redevelopment Authority. The Brownfield Redevelopment Authority has no general obligation bonds outstanding. The outstanding balances are revolving loans from the State of Michigan from the Department of Environmental Quality Revitalization. The monies are to be used for the renovations and construction expenditures related to the Hemlock/McDonald's and Richland Township investment project, the KBC (Sahasa) Realty project, and the Miles Petroleum/Merrill Elevator project. The loans will be repaid in 180 monthly installments beginning in September 2004 and ending in September 2018.

<u>Purpose</u>	<u>Interest Rates</u>	<u>Amount</u>
Governmental activities	2.25%	\$ 494,095

Annual principal and interest requirements to service all debt outstanding as of September 30, 2007, are as follows:

Year Ending	Government	al Activities
September 30	<u>Principal</u>	<u>Interest</u>
_	_	
2008	\$ 30,210	\$ 2,409
2009	27,357	5,262
2010	53,075	4,647
2011	49,607	8,115
2012	50,670	7,052
2013-2017	218,873	19,622
2018	64,303	1,817
Total	<u>\$494,095</u>	<u>\$48,924</u>

Department of Public Works

General obligation bonds are issued by the County to finance construction projects managed and administered by the Department of Public Works. During the year general obligation bonds and notes totaling \$3,403,000 were issued.

These bonds are direct obligations, and pledge the full faith and credit, of the County and the associated municipalities and authorities. The bonds are issued as 8 to 40-year serial bonds with varying amounts of principal maturing each year through November 2046 and bear interest at varying rates from 1.45% to 9.25%. General obligation bonds currently outstanding are as follows:

<u>Purpose</u>	<u>Interest Rates</u>	<u>Amount</u>
Governmental activities	1.45 - 9.25%	\$ 20,846,000

NOTES TO FINANCIAL STATEMENTS

Annual debt service requirements to maturity for general obligation bonds are as follows:

Year Ending September 30	Governmental Activities Principal Interest

Drain Commission

General obligation drain improvement bonds and notes are issued by the County to finance certain drainage district construction projects. General obligation bonds have been issued for governmental activities. During the year general obligation bonds and notes totaling \$1,360,000 were issued.

These bonds and notes are direct obligations, and pledge the full faith and credit of the County and the respective drainage districts. The bonds are generally issued as 10 to 20-year serial bonds with varying amounts of principal maturing each year. General obligation bonds and notes currently outstanding are as follows:

<u>Purpose</u>	<u>Interest Rates</u>	<u>Amount</u>
Governmental activities	1.35 - 7.95%	\$ 12,320,174

NOTES TO FINANCIAL STATEMENTS

Annual debt service requirements to maturity for general obligation bonds and notes are as follows:

Year Ending	Governmental Activities			
September 30	<u>Principal</u>	<u>Interest</u>		
2008	\$ 1,266,124	\$ 275,134		
2009	1,954,041	292,783

2018	90,000	4,500		
Total	\$ 12,320,174	\$ 1,371,708		

Advance Refunding

On January 28, 2003, the government advanced refunded the 1991 Sewage Disposal System – Birch Run Extension No. 2 general obligation bonds (original issue amount of \$1,400,000) with Series 2003 general obligation bonds. The government issued \$935,000 of general obligation bonds to provide an escrow agent with the resources for all future debt service payments of the refunded debt. As a result, the refunded bonds are considered to be defeased and the liability has been removed from the government-wide statement of net assets. The balance of the defeased debt outstanding at September 30, 2007 was \$410,000.

On December 1, 1997, the Department of Public Works component unit issued general obligation limited tax bonds of \$3,690,000. Of the total bond issue, \$2,490,000 was issued to advance refund a portion of the general obligation limited tax bonds issued in 1990 in the amount of \$2,325,000. The remaining \$1,200,000 was issued to provide resources to pay the costs of constructing sewage disposal system improvements to service the Township of Carrollton, the Township of Kochville, Saginaw Charter Township and the City of Zilwaukee. The refunded bonds mature as scheduled on May 1, 2000 through 2010 and are callable on May 1, 2000. The balance of the defeased debt outstanding at September 30, 2007 was \$900,000.

On April 28, 2004, the Department of Public Works component unit issued general obligation limited tax bonds of \$965,000. Proceeds from this bond issue, along with a cash contribution from Taymouth Township of \$500,990 was used to advance refund four separately issued general obligation limited tax bonds issued between 1993 and 1996. The refunded bonds mature as scheduled on June 1, 1993 through 2015. The balance of the defeased debt outstanding at September 30, 2007 was \$980,000.

NOTES TO FINANCIAL STATEMENTS

IV. OTHER INFORMATION

A. DEFINED BENEFIT PENSION PLANS

Pension Plan

Plan Description

The County's defined benefit pension plan, the Saginaw County Employees Retirement Plan, provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. The County participates in the Municipal Employees Retirement System of Michigan (MERS), an agent multiple-employer plan administered by the MERS Retirement Board. Act No. 427 of the Public Acts of 1984, as amended, establishes and amends the benefit provisions of the participants in MERS. The Municipal Employees Retirement System of Michigan issues a publicly available financial report that includes financial statements and required supplementary information for MERS. That report may be obtained by writing to the Municipal Employees Retirement System of Michigan, 447 N. Canal Road, Lansing, Michigan 48917 or by calling (800) 767-6377.

Other than those employees required to participate in the County's Defined Contribution Plan, as described in Note IV. B., all other full-time and permanent part-time employees are eligible to participate in MERS plans.

Funding Policy

Beginning with the fiscal year ended September 30, 2007, the County is required to contribute a flat amount each month, rather than a percentage of payroll. The monthly required amount in 2007 was \$249,019 based upon current payroll levels. Under the plan, employees in six of the County's employment divisions are required to make contributions to the plan, ranging from 1% to 4.34% of their annual covered payroll. The contribution requirements of the County are established and may be amended by the Retirement Board of MERS. The contribution requirements of plan members are established and may be amended by the County, depending on the MERS contribution program adopted by the County.

NOTES TO FINANCIAL STATEMENTS

Annual Pension Cost and Net Pension Obligation

The County's annual pension cost and net pension obligation to MERS for the current year were as follows:

Annual required contribution	\$ 2,971,661
Less: Interest on net pension asset	(148,094)
Plus: Adjustment to annual required contribution	265,314
Annual pension cost	3,088,881
Contributions made	2,925,384
Decrease in net pension asset	163,497
Net pension (asset), beginning of year	(1,851,178)
Net pension (asset), end of year	<u>\$(1,687,681</u>)

The required contribution was determined using the entry age normal cost method. The actuarial assumptions included (a) a long-term net investment yield rate of return on the investment of present and future assets of 8.0%, (b) projected salary increases of 4.5% per year compounded annually, attributable to inflation, and (c) additional projected salary increases of 0% to 8.40% per year, depending on age, attributable to seniority/merit. The actuarial value of MERS assets was determined on the basis of a valuation method that assumes the fund earns the expected rate of return, and includes an adjustment that smoothes the fair value of investments over a 5-year period. The County's unfunded actuarial accrued liability is being amortized as a level percentage of projected payroll on an open basis. The amortization period at December 31, 2006, the date of the latest actuarial valuation, was 20 years.

Three-Year Trend Information

Component Unit – Road Commission

Plan Description

The Road Commission's defined benefit pension plan provides retirement, disability, and death benefits to plan members and beneficiaries. The Road Commission participates in the Municipal Employees Retirement System of Michigan (MERS), an agent multiple-employer plan administered by the MERS Retirement Board. Act No. 427 of the Public Acts of 1984, as amended, establishes and amends the benefit provisions of the participants in MERS. The Municipal Employees Retirement System of Michigan issues a publicly available financial report that includes financial statements and required supplementary information for MERS. That report may be obtained by writing the Municipal Employees Retirement System of Michigan, 447 N. Canal Road, Lansing, Michigan 48917 or by calling (800) 767-6377.

Funding Policy

The Road Commission is required to contribute at an actuarially determined rate; the current rate is 4.7% for union employees and 2% for management of annual covered payroll. The contribution requirements of the Road Commission are established and may be amended by the Retirement Board of MERS. The contribution requirements of plan members, if any, are established and may be amended by the Road Commission depending on the MERS contribution program adopted by the Road Commission.

Annual Pension Cost

For the year ended September 30, 2007, the Road Commission's annual pension cost and required contribution was \$212,225. The required contribution was determined as part of the December 31, 2005 actuarial valuation using the entry age actuarial cost method. The Road Commission chose to make voluntary contributions in the amount of \$246,000 for the fiscal year ended September 30, 2007. The actuarial assumptions included (a) an assumed rate of investment return which is used to discount liabilities and project what plan assets will earn from investment of present and future assets of 8.0%, (b) a mortality table projecting the number of employees who will die before retirement and the duration of benefit payments after retirement, (c) assumed retirement rates projected when employees will retire and

NOTES TO FINANCIAL STATEMENTS

commence receiving benefits, (d) a set of withdrawal and disability rates to estimate the number of employees who will leave the work force before retirement, (e) assumed rates of salary increases of 4.5% to project employees compensation in future years and (f) no specific price inflation assumption was needed for this valuation, the 4.5% wage inflation assumption would be consistent with a price inflation of 3% to 4%. The actuarial value of MERS assets was determined on the basis of a valuation method that assumes the fund earns the expected rate of return and includes an adjustment to reflect market value. The December 31, 2006 actuarial valuation reflects the following changes in actuarial methods: prospective adoption of 10 year smoothing, instead of 5 year, for calculating valuation assets, prospective gradual reduction of the amortization period for open divisions from 30 years to 25 years.

B. DEFINED CONTRIBUTION PENSION PLAN

Plan Description

The Saginaw County Employees Defined Contribution Pension Plan (the "Plan") is a single employer defined contribution pension plan, established by the County and administered by an outside third-party administrator. All County employees hired after January 1, 1994, with the exception of certain bargaining units, are required to participate in the Plan. As the union contracts of the non-participating bargaining units are renegotiated, new employees of these units are added to the Plan. All other County employees that are not vested in the County's Defined Benefit Plan have the option of becoming a participant in the Defined Contribution Plan.

NOTES TO FINANCIAL STATEMENTS

Employees vest in the County's contributions in accordance with the following scale:

Years of Service	Percent
Completed	Vested
1	0%
2	0%
3	25%
4	50%
5	75%
6	100%

At September 30, 2007, there were 454 plan members. Newly hired members may contribute 0% or 6% of their annual salary; if the members contribute 0%, the County is required to contribute 3%; if the members contribute 3%, the County is required to contribute 6%. Vested plan members are not required to contribute to the Plan, however, employees may contribute up to 3% of their annual salary. The County is required to contribute 6% of the employees' annual salary, as well as match all employee contributions for vested members. Plan provision and contribution requirements are established and may be amended by the Saginaw County Board of Commissioners.

Employer contributions to the Plan for the year ended September 30, 2007 amounted to \$1,592,863 and employee contributions were \$570,545.

A stand-alone pension plan report has not been issued for the defined contribution plan.

C. POSTEMPLOYMENT HEALTH BENEFITS

The County provides a postemployment group hospitalization plan provided proper application is made prior to retirement for union and non-union employees. This Plan was established through employees' union contracts and through a board resolution for non-union employees. A vested employee, who leaves County employment before attaining the age and service required to receive a pension, shall not be eligible for health insurance coverage.

Employees who retire on or after January 1, 1993, may elect to receive a monthly stipend ranging from \$75 to \$150 per month in lieu of health coverage provided they are not covered as a dependent under a County paid health plan. New hires after January 1, 1993 will receive only single coverage for their health insurance upon retirement.

Currently 368 retirees meet the eligibility requirements. The County pays between 25%-100% of the health insurance premiums for these retirees. A co-pay at the percentage indicated below, as established by board resolution, is required by non-union retirees who retired after January 1, 1991:

NOTES TO FINANCIAL STATEMENTS

Years of Service	Employer Pays	Employee <u>Pays</u>
6 7 8 9	25%	75%
7	30%	70%
8	35%	65%
9	40%	60%
10	45%	55%
11	50%	50%
12	55%	45%
13	60%	40%
14	65%	35%
15	70%	30%
16	75%	25%
17	80%	20%
18	85%	15%
19	90%	10%
20 or more	95%	5%

Union employees are also subject to the same or similar co-pay percentages based on retirement eligibility and years of service as specified in their individual union contract. Expenditures for the premiums are paid and recognized as they become due. During the year ended September 30, 2007, expenditures of \$4,206,168 were recognized for retiree health insurance costs.

The County had an actuarial valuation performed as of December 31, 2006, which showed the County's unfunded accrued liability for postemployment health benefits to be \$79,209,992.

The fair value of the cash and investments held to fund retiree health care costs as of September 30, 2007 was \$13,447,347. The cash and investments held to fund retiree health care costs are invested with several investment managers and are accounted for within the Postemployment Health Benefits Trust Fund.

The Governmental Accounting Standards Board has recently released Statement Number 45, Accounting and Reporting By Employers for Postemployment Benefits Other Than Pensions. The new pronouncement provides guidance for local units of government in recognizing the cost of retiree health care, as well as any "other" postemployment benefits (other than pensions). The new rules will cause the government-wide financial statements to recognize the cost of providing retiree health care coverage over the working life of the employee, rather than at the time the health care premiums are paid. The new pronouncement is effective for the year ending September 30, 2008.

D. RISK MANAGEMENT

The County is self-funded for Worker's Compensation, General Liability, Health, Dental, and Vision insurance.

NOTES TO FINANCIAL STATEMENTS

Worker's Compensation

The self-insurance program for worker's compensation is accounted for in the Employee Benefits Fund (an internal service fund). An independent administrator is hired to process the daily claims and to perform auditing and management duties. The County is insuring \$275,000 in liability for each occurrence and Citizens Management, Inc., the County's administrator for worker's compensation, insures the remainder, through various reinsurance companies, up to \$5,000,000. The revenue for this activity's operation is derived through reimbursements from various funds having employees. Losses, damages and administrative expenses are all paid from this fund.

The claims liability of \$213,151 reported at September 30, 2007 is based on the requirements of Statement No. 10 of the Governmental Accounting Standards Board, which requires that a liability for claims be reported if it is probable that a liability has been incurred at the date of the financial statements and the amount of loss can be reasonably estimated. The claim liability is estimated by the claims administrator and management. Management estimates the incurred but not reported (IBNR) liability based on prior experience and both the estimated claims liability and the IBNR estimates are recorded as a current expenditure. No annuity contracts have been purchased to satisfy claim liabilities. Settled claims have not exceeded insurance coverage in any of the past three years.

The changes in the claims liability for the years ended September 30, 2006 and 2007 are as follows:

	Beginning of Period <u>Liability</u>	Current Year Claims and Changes in <u>Estimates</u>	Claim <u>Payments</u>	End of <u>Period Liability</u>
2006	\$ 83,030	\$ 378,579	\$175,397	\$286,212
2007	286,212	143,628	216,689	213,151

General Liability

The self-insurance program for general liability is accounted for in the Risk Management Fund (an internal service fund). Presently, the County insures the first \$150,000 for each claim. After the first \$150,000 and up to \$10,000,000, insurance is provided by ASU Inc. There were no reductions of insurance coverage from the prior year. The revenues for this fund's operation are reimbursements from various funds. The funds are charged for general liability insurance based on number of employees, previous claims, number of vehicles and other pertinent criteria.

Losses, damages and administrative expenses are all paid from this fund. The claims liability for known claims and incurred but not reported claims is estimated by management and the insurance administrators. No annuity contracts have been purchased to satisfy claim liabilities. Settled claims have not exceeded insurance coverage in any of the past three years.

NOTES TO FINANCIAL STATEMENTS

The changes in the claims liability for the years ended September 30, 2006 and 2007 are as follows:

	Beginning of Period <u>Liability</u>	Current Year Claims and Changes in Estimates	Claim Payments	End of <u>Period Liability</u>
2006	\$1,024,596	\$ 249,738	\$235,711	\$1,038,623
2007	1,038,623	669,885	194,205	1,514,303

Health Insurance

The self-insurance program for health insurance is accounted for in the Employee Benefits Fund (internal service fund) and the Post employment Health Benefits Fund (an other employee benefit trust fund). An independent administrator (Blue Cross) is hired to process the daily claims. The County is responsible for individual claims up to \$150,000 and Blue Cross is responsible for paying the claims above this amount. There were no reductions of insurance coverage from the prior year. The County is also responsible for paying administrative charges and for actual prescription claims. The revenues for this Fund's operation are reimbursements from various funds and employee payroll withholdings. The liability at the end of the year is based on claims already incurred and reported and on estimates of incurred but not reported claims as provided by Blue Cross. No annuity contracts have been purchased to satisfy claim liabilities. Settled claims have not exceeded insurance coverage in any of the past three years.

The changes in the claims liability for the years ended September 30, 2006 and 2007 are as follows:

	Beginning of Period <u>Liability</u>	Current Year Claims and Changes in <u>Estimates</u>	Claim Payments	End of <u>Period Liability</u>
2006	\$ 299,467	\$9,347,589	\$9,219,499	\$ 427,557
2007	427,557	10,865,681	10,363,732	929,506

Dental Insurance

The self-insurance program for dental insurance is accounted for in the Employee Benefits Fund (an internal service fund). An independent administrator (Blue Cross) is hired to process the daily claims and to perform management duties. Benefits under the program are capped at \$1,500 per covered person annually. There were no reductions of insurance coverage from the prior year. The revenues for this Fund's operation are reimbursements from various funds and payroll withholdings. The liability at the end of the year is based on claims already incurred and reported and an estimate of incurred but not reported claims as provided by Blue Cross. Settled claims have not exceeded insurance coverage in any of the past three years.

NOTES TO FINANCIAL STATEMENTS

The changes in the claims liability for the years ended September 30, 2006 and 2007 are as follows:

	Beginning of Period <u>Liability</u>	Current Year Claims and Changes in Estimates	Claim Payments	End of <u>Period Liability</u>
2006	\$ 35,929	\$ 608,754	\$617,916	\$26,767
2007	26,767	609,964	601,003	35,728

Vision Insurance

The self-insurance program for vision insurance is accounted for in the Employee Benefits Fund (an internal service fund). An independent administrator (Blue Cross) is hired to process the daily claims and to perform management duties. There were no reductions of insurance coverage from the prior year. The revenues for this Fund's operation are reimbursements from various funds and payroll withholdings. The liability at the end of the year is based on claims already incurred and reported and an estimate of incurred but not reported claims as provided by Blue Cross. Settled claims have not exceeded insurance coverage in any of the past three years.

The changes in the claims liability for the years ended September 30, 2006 and 2007 are as follows:

	Beginning of Period <u>Liability</u>	Current Year Claims and Changes in Estimates	Claim <u>Payments</u>	End of <u>Period Liability</u>
2006	\$ 2,543	\$ 76,605	\$ 76,089	\$ 3,059
2006	3,059	55,476	56,516	2,019

E. PROPERTY TAXES

The County property tax is levied each July 1st and December 1st on the taxable valuation of property located in the County as of the preceding December 31. On July or December 1, the property tax attachment is an enforceable lien on property and is payable by the last day of the next September or February, respectively.

NOTES TO FINANCIAL STATEMENTS

The taxable value of real and personal property at December 1, 2006 totaled \$5,040,003,270. The tax levy for 2006/2007 operations was based on the following rates:

General Operating	4.88580 mills
Mosquito Control	.49930 mills
Senior Citizens	.32950 mills
Law Enforcement	.33940 mills
Hospital Debt	.39270 mills
County Parks	.16150 mills
Castle Museum	.19970 mills
Juvenile Home Renovation	.04970 mills
Event Center	.44930 mills

By agreement with various taxing authorities, the County purchases at face value the real property taxes receivable returned delinquent each March 1. These receivables are pledged for payment of general obligation limited tax notes, proceeds of which were used to liquidate the amounts due the General Fund and various other funds and governmental agencies for purchase of the receivables. Subsequent collections on delinquent taxes receivable, plus interest and collection fees thereon and investment earnings, are used to service the tax notes. This activity is accounted for in the Enterprise Fund (Delinquent Tax Revolving Fund).

F. CONTINGENCIES AND PENDING LITIGATION

The County is a defendant in various lawsuits. It is the opinion of County management and its counsel that the outcome of these lawsuits now pending will not materially affect the operations or the financial position of the County.

Under the terms of certain Federal and State grants, periodic audits are required and certain costs may be questioned as not representing appropriate expenditures under the terms of the grants. Such audits could lead to reimbursement to the grantor agencies. County management believes disallowances, if any, would be minimal.

G. PRIOR PERIOD ADJUSTMENTS

During the year ended September 30, 2007, the Health Center Building Internal Service Fund was combined with the Health Department Special Revenue Fund. All Health Center Building Fund assets and liabilities were transferred to the Health Department, with the exception of the capital assets, which are classified as governmental activities' capital assets. A prior period adjustment in the amount of \$198,007 was necessary to properly account for Health Center Building Fund activities as a separate activity of the Health Department Fund. The effect on the Health Department Fund fund balance was as follows:

Fund balance, beginning of year, as previously stated	\$ 1,909,279
Prior period adjustment	<u>198,007</u>
Fund balance, beginning of year, as restated	<u>\$ 2,107,286</u>

NONMAJOR GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS

- **Law Enforcement Fund** This fund is used to account for the operations of the Saginaw County Sheriff's Road Patrol. Money for the operation of this fund is supplied from contributions from other County funds and reimbursements. It is subject to the budgetary requirements of Act 2 of the Public Acts of 1968, as amended.
- County Road Patrol Millage Fund This fund is used to account for the operations of the Saginaw County Sheriff's Road Patrol. Money for the operation of this fund is supplied from a special voted tax. It is subject to the budgetary requirements of Act 2 of the Public Acts of 1968, as amended.
- **Parks and Recreation Commission Fund** This fund is used to account for the operation and maintenance of several parks throughout the County. Money for the operation of this fund is supplied from a special voted tax and user fees. It is subject to the budgetary requirements of Act 2 of the Public Acts of 1968, as amended.
- **G.I.S.** (Geographic Information System) Fund This fund is used to account for the development and operations of a County-wide geographic information system. Money for the operation of this fund is supplied from contributions from other County funds. It is subject to the budgetary requirements of Act 2 of the Public Acts of 1968, as amended.
- **Friend of the Court Fund** This fund is used to account for the operations of the Friend of the Court's Office. Money for the operation of this fund is supplied from federal and state grants, user fees, and marriage counseling fees. It is subject to the budgetary requirements of Act 2 of the Public Acts of 1968, as amended.
- **Solid Waste Fund** This fund is used to account for funds earmarked for solid waste planning, regulation and ordinance administration. Money for these activities comes from application fees and surcharges paid by landfills. It is subject to the budgetary requirements of Act 2 of the Public Acts of 1968, as amended.
- **Lodging Excise Tax Fund** This fund is used to account for the collection and distribution of the hotel and motel tax used to promote tourism and convention activities under the provisions of Act 263 of the Public Acts of 1974, as amended. It is subject to the budgetary requirements of Act 2 of the Public Acts of 1968, as amended.
- **Castle Museum and Historical Activities Fund** This fund is used to account for the operations of the Castle Building and Historical Museum. Money for the operation of this fund is supplied from a special voted tax. It is subject to the budgetary requirements of Act 2 of the Public Acts of 1968, as amended.

- **Commission on Aging Fund** This fund is used to account for the operations of the Saginaw County Commission on Aging. Money for the operation of the Commission on Aging is supplied from a special voted tax, federal and state grants. It is subject to the budgetary requirements of Act 2 of the Public Acts of 1968, as amended.
- **Mosquito Control Fund** This fund is used to account for the operations of the Saginaw County Mosquito Abatement Commission. Money for the operation of the fund is supplied from a special voted tax. It is subject to the budgetary requirements of Act 2 of the Public Acts of 1968, as amended.
- **Planning Commission Fund** This fund is used to account for the operations of the Saginaw County Planning Commission. Money for the operation of this fund is supplied from federal and state grants, reimbursements from other local units of government for work performed by the planning staff, and contributions from other County funds. It is subject to the budgetary requirements of Act 2 of the Public Acts of 1968, as amended.
- **Principal Residence Exemption Denial Fund** This fund is used to account for the collection of taxes and interest due from principal residential exemption (homestead) denials. It is subject to the budgetary requirements of Act 2 of the Public Acts of 1968, as amended.
- **Public Improvement Fund** This fund is used to account for the collection and distribution of monies specifically earmarked for statutory public improvements. Money for the operation of this fund is supplied from "Non-Tax" Revenue: charges for services, licenses and permits, sales of capital assets, state shared revenues, and interest earned. Once money is placed in this fund, it becomes restricted and cannot be expended or transferred for purposes other than the public improvements specified by statute or local ordinance. It is subject to the budgetary requirements of Act 2 of the Public Acts of 1968, as amended.
- **Courthouse Preservation Technology Fund** This fund is used to account for the collection of \$10.00 per traffic ticket which is used to fund computer technology. It is subject to the budgetary requirements of Act 2 of the Public Acts of 1968, as amended.
- **Animal Control Fund** This fund is used to account for the operations of the Saginaw County Animal Control Facility. Money for the operation of this fund is supplied from user fees and contributions from other County funds. It is subject to the budgetary requirements of Act 2 of the Public Acts of 1968, as amended.

- **Land Reutilization Fund** This fund is used to account for the proceeds from the operations of the Delinquent Property Tax Foreclosure Fund and those proceeds are to be used to pay for expenses of the Land Bank Authority. It is subject to the budgetary requirements of Act 2 of the Public Acts of 1968, as amended.
- **Register of Deeds Automation Fund** This fund is used to account for the collection of \$5.00 of the total fee collected for each recording which is used to fund the upgrading of technology in the Register of Deeds' Office. It is subject to the budgetary requirements of Act 2 of the Public Acts of 1968, as amended.
- **E-911 Telephone Surcharge Fund** This fund is used to account for the collection and distribution of a telephone surcharge to the Saginaw County 911 Communications Center Authority, for operations of the County 911 system. Money for the operation of this fund is supplied from a special voted assessment. It is subject to the budgetary requirements of Act 2 of the Public Acts of 1968, as amended.
- **E-911 Equipment Digital Fund** This fund is used to account for the collection and distribution of a telephone surcharge to the Saginaw County 911 Communications Center Authority, for equipment purchases of the County 911 system. Money for the operation of this fund is supplied from a special voted assessment. It is subject to the budgetary requirements of Act 2 of the Public Acts of 1968, as amended.
- **Mobile Data Maintenance and Repair Fund** This fund is used to account for the maintenance and replacement of the mobile data computers put in law enforcement vehicles throughout the County and local jurisdictions. Money for the operation of this fund is supplied from the yearly maintenance fees charged to the local law enforcement agencies. It is subject to the budgetary requirements of Act 2 of the Public Acts of 1968, as amended.
- **Area Record Management System Fund** This fund is used to account for the creation and maintenance of a records management system for local law enforcement agencies within Saginaw County. Money for the operation of this fund is supplied from connection fees, annual maintenance fees, and interest earnings. It is subject to the budgetary requirements of Act 2 of the Public Acts of 1968, as amended.
- **Law Library Fund** This fund is used to account for the operations of the Saginaw County Law Library. Money for the operation of this fund is supplied from an annual statutory penal fine distribution and General Fund contributions. It is subject to the budgetary requirements of Act 2 of the Public Acts of 1968, as amended.

- **County Library Board Fund** This fund is used to account for the collection and distribution of penal fines. Money for the operation of this fund is supplied from penal fines and is subsequently distributed to the various libraries within the county as directed by the State Library Board. It is subject to the budgetary requirements of Act 2 of the Public Acts of 1968, as amended.
- Michigan Works! Service Centers Fund This fund is used to account for the operations of the Midland, Bay, and North Pointe one-stop employment agencies. Money for the operation of this fund is supplied from contributions from the County's Michigan Works Administration Special Revenue Fund. It is subject to the budgetary requirements of Act 2 of the Public Acts of 1968, as amended.
- **Remonumentation Fund** This fund is used to account for surveying and remonumentation activities in the County. Money for the operation of this fund is supplied from a state grant. It is subject to the budgetary requirements of Act 2 of the Public Acts of 1968, as amended.
- **Special Projects Fund** This fund is used to account for the operations of the various grant-in-aid programs throughout the county. Money for the operation of this fund is supplied from federal and state grants, contributions from other County funds, reimbursements for services performed, and user fees. It is subject to the budgetary requirements of Act 2 of the Public Acts of 1968, as amended.
- **Sheriff Special Projects Fund** This fund is used to account for the operations of the various grant-in-aid programs of the Saginaw County Sheriff's Department. Money for the operation of this fund is supplied from federal and state grants, contributions from other County funds, reimbursements for services performed, and user fees. It is subject to the budgetary requirements of Act 2 of the Public Acts of 1968, as amended.
- **Prosecutor Special Projects Fund** This fund is used to account for the operations of the various grant-in-aid programs of the Saginaw County Prosecutor. Money for the operation of this fund is supplied from federal and state grants, contributions from other County funds and reimbursements for services performed. It is subject to the budgetary requirements of Act 2 of the Public Acts of 1968, as amended.
- **Community Corrections Fund** This fund is used to account for the operations of the various grant-in-aid programs of the Saginaw Community Corrections program. Money for the operation of this fund is supplied from federal and state grants, contributions from other County funds, and reimbursements for services performed. It is subject to the budgetary requirements of Act 2 of the Public Acts of 1968, as amended.

- **Local Correction Officer Training Fund** This fund is used to account for the collection and distribution of booking fees through the Saginaw County Jail. Money for the operation of this fund is supplied from booking fees and is used as a source of revenue for the local correctional officers training programs and a portion is subsequently remitted to the State in accordance with Public Act 124 of 2003. It is subject to the budgetary requirements of Act 2 of the Public Acts of 1968, as amended.
- **MSU Extension Fund** This fund is used to account for the operations of the various grant-in-aid programs and administration of the Saginaw County MSU Cooperative Extension. Money for the operation of this fund is supplied from federal and state grants and contributions from other County funds. It is subject to the budgetary requirements of Act 2 of the Public Acts of 1968, as amended.
- Department of Human Services Fund This fund is used to record and account for the operations of the Saginaw County Family Independence Agency. The Saginaw County Family Independence Agency has a separate accounting system which is prescribed by the State Department of Treasury and the State Family Independence Agency. It receives revenues from federal and state grants for welfare recipients and reimbursements from recipients. In addition, it receives General Fund appropriations for the operation of the Family Independence Agency Board. It is subject to the budgetary requirements of Act 2 of the Public Acts of 1968, as amended.
- **Child Care Fund** This fund is used to account for the foster care of children under the authority and administration of the Saginaw County Family Independence Agency and the Saginaw County Probate Court-Juvenile Division. Money for the operation of this fund is supplied from federal and state grants, reimbursements for services performed, and General Fund contributions. It is subject to the budgetary requirements of Act 2 of the Public Acts of 1968, as amended.
- **Soldiers' Relief Fund** This fund is used to account for services provided to indigent veterans. Money for the operation of this fund is supplied from contributions from the General Fund. It is subject to the budgetary requirements of Act 2 of the Public Acts of 1968, as amended.
- **Veterans' Trust Fund** This fund is used to account for the operations of the Saginaw County Authorized Agent for the Michigan Veterans Trust Fund. Money for the operation of this fund is supplied from state grants. It is subject to the budgetary requirements of Act 2 of the Public Acts of 1968, as amended.

SPECIAL REVENUE FUNDS (Concluded)

Small Cities Reuse Fund - This fund is used to account for the operations of a service providing low interest loans to assist professional, commercial and industrial entities in rehabilitation and expansion of existing businesses and construction of new businesses within the county. Money for the operation of this fund is supplied from federal (pass-thru state) grants, interest earnings from loans, interest earnings from investments, and principal repayments. It is subject to the budgetary requirements of Act 2 of the Public Acts of 1968, as amended.

DEBT SERVICE FUNDS

- **Hospital Construction Debt Service Fund** This fund is used to account for the payment of interest and principal on long-term debt. The debt was created when the County issued bonds for a construction project at HealthSource of Saginaw. The debt in this fund is retired by revenue generated by property taxes dedicated for debt retirement.
- **Juvenile Center Renovation Debt Service Fund** This fund is used to account for the payment of interest and principal on long-term debt. This debt was created when the County issued bonds for renovation of the County Juvenile Facility. The debt will be retired by revenue generated by property taxes dedicated for debt retirement.
- **Building Authority Debt Service Fund** This fund is used to account for the payment of interest and principal on long-term debt. Money in this fund is received from lease payments from governmental departments to be used for debt retirement.

CAPITAL PROJECTS FUNDS

- **Parks Building and Site Fund** This fund is used to account for the acquisition and construction of the Saginaw Valley Rail Trail, Haithco Park and other major improvements of the several parks throughout the County. Money for the operation of this fund is supplied from federal, state, and local grants and interest earnings.
- **River Dredging Project Fund** This fund is used to account for the acquisition and development of an over 500 acre containment site to accept river dredging spoils from the Upper Saginaw River. Money for the operation of this fund is supplied from federal, state, and local grants, donations from private sources, and interest earnings.

PERMANENT FUND

Rail Trail Endowment Fund - This fund is used to account for the maintenance costs associated with the construction of the Saginaw Valley Rail Trail. Money for the operation of this fund is supplied from donations from private sources and interest earnings.

NONMAJOR ENTERPRISE FUNDS

- **Parking System Fund** This fund is used to account for the operations of the public parking lots within the courthouse area. Money for the operation of this fund is supplied from parking fees. It is subject to the informational budget summary requirements of Act 2 of the Public Acts of 1968, as amended.
- **Delinquent Property Tax Foreclosure Fund -** This fund is used to account for the operations of the tax foreclosure process within Saginaw County. Money for the operation of this fund is supplied through the collection of fees and interest attached to forfeited delinquent real property taxes. In addition, proceeds from the sale of foreclosed properties are also included in this fund. It is subject to the informational budget summary requirements of Act 2 of the Public Acts of 1968, as amended.
- **Building Authority Administration Fund** This fund is used to account for the administration of County Building Authority affairs. Money for the operation of this fund is supplied from charges assessed to complete Building Authority projects. It is subject to the informational budget summary requirements of Act 2 of the Public Acts of 1968, as amended.
- **Harry W. Browne Airport Fund** This fund is used to account for the operations of the Harry W. Browne International Airport. Money for the operation of this fund is supplied from hangar rentals, landing use fees, sales of fuel and oil, federal and state grants, and general fund contributions. It is subject to the informational budget summary requirements of Act 2 of the Public Acts of 1968, as amended.
- Inmate Services Fund This fund is used to account for the operations of the Jail Inmate Exchange concession and for projects/activities contributing to the well-being of the inmates and their environment. Money for the operation of this fund is supplied from proceeds from the sale of various items to inmates and commissions on telephone usage. It is subject to the informational budget summary requirements of Act 2 of the Public Acts of 1968, as amended.

FIDUCIARY FUNDS

- **Trust and Agency Fund** This fund is used to account for the collection of monies to be held in trust by the County to be distributed at a later time. Money recorded in this fund comes from current tax collections, fines and costs from other local units of government, payroll deductions for income taxes, and various other deposits payable.
- **State Education Tax Fund** This fund is used to account for the collection and distribution of State Education Tax.
- **Library Penal Fine Fund** This fund is used to account for the collection of fines imposed for state law violations and distributed later to the various libraries within the County as directed by the State Library Board.
- **Hospital Millage Fund** This fund is used to account for the collection and distribution of tax collections for HealthSource of Saginaw.
- **Dependent Care Fund** This fund is used to account for the collection and distribution of pre-tax monies used for dependent care expenses incurred by employees of the County.
- **Medical Spending Reimbursement Fund** This fund is used to account for the collection and distribution of pre-tax monies used for medical expenses incurred by employees of the County.

DEPARTMENT OF PUBLIC WORKS

COMPONENT UNIT OF SAGINAW COUNTY

- **Department of Public Works Debt Service Fund** This fund is used to account for the payment of interest and principal on long-term debt resulting from DPW projects constructed by the County for other local units of government. Money received in this fund is provided by local units of government benefiting from the project in annual installments sufficient to pay the annual interest and principal on the long-term debt. It is subject to the budgetary requirements of Act 2 of the Public Acts of 1968, as amended.
- **Department of Public Works Construction Fund** This fund is used to account for the construction of water and sewer systems by the County for other units of government. Money for the operation of this fund is supplied from federal and state grants, contributions from other local units of government, general obligation bonds and notes, and interest earnings.
- **Department of Public Works Administration Fund** This fund is used to account for the preliminary work performed on DPW projects that benefit other local units of government. Money for the operation of this fund is supplied from reimbursements from other local units of government, and general fund contributions.

DRAIN COMMISSION

COMPONENT UNIT OF SAGINAW COUNTY

- Chapter 8 Drains Debt Service Fund This fund is used to account for the payment of interest and principal on long-term debt resulting from "intra" and "inter" county drains, generally petitioned by the land owners adjoining the project. Money received in this fund is provided by special assessments to the land owners adjoining the project and from interest earnings from investments. It is subject to the budgetary requirements of Act 2 of the Public Acts of 1968, as amended.
- Chapter 20 Drains Debt Service Fund This fund is used to account for the payment of interest and principal on long-term debt resulting from "intra" county drain projects. Money received in this fund is provided by special assessments to local units of government and interest earnings from investments. It is subject to the budgetary requirements of Act 2 of the Public Acts of 1968, as amended.
- **Special Assessment Drain Construction Fund** This fund is used to account for construction and maintenance of drains. Money for the operation of this fund is supplied from special assessments against property owners benefited, at-large-assessments against other local units of government, general obligation bonds or notes, and interest earnings from investments.
- **Chapter 8 Drains Construction Fund** This fund is used to account for construction of drains, generally petitioned by the property owners. Money for the operation of this fund is supplied from special assessments against the property owners benefited.
- **Chapter 20 Drains Construction Fund** This fund is used to account for the construction of drains petitioned by other local units of government. Money for the operation of this fund is supplied from contributions from other local units of government and interest earnings from investments.
- **Revolving Drain Fund** This fund is used to account for preliminary costs of new drains and maintenance on established drains. Money for the operation of this fund is supplied from an advance from the General Fund and reimbursements from the Special Assessment Drain Fund.
- **Revolving Drain Maintenance Fund** This fund is used to account for maintenance on drains. Money for the operation of this fund is supplied from interest earnings on consolidated drainage district account balances of less than \$1,000.

NOTES:

- (1) The accompanying Schedule of Expenditures of Federal Awards includes the federal grant activity of the County of Saginaw and is presented on the modified accrual basis of accounting. The information presented in this schedule is presented in accordance with the requirements of OMB Circular A-133 Audits of States, Local Governments and Non Profit Organizations.
- (2) 100% of this award was provided to subrecipients.
- (3) Approximately 95% of this award was provided to subrecipients.
- (4) Approximately 90% of this award was provided to subrecipients.
- (5) The County's Health Department also received \$1,548,506 for Medicaid funded substance abuse programs, which include Adult Well Benefits and MI Child. These were received under CFDA #93.778 and are included as charges for services revenue due to the nature of the program.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

March 31, 2008

Board of Commissioners County of Saginaw Saginaw, Michigan

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the *County of Saginaw*, *Michigan* as of and for the year ended September 30, 2007, which collectively comprise the *County of Saginaw*, *Michigan's* basic financial statements, and have issued our report thereon dated March 31, 2008. We did not audit the financial statements of the Road Commission Component Unit, which represents 65.0% and 69.3%, respectively, of the assets and revenues of the aggregate discretely presented component units. Those financial statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for the Road Commission is based on the report of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered County of Saginaw, Michigan's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the *County of Saginaw*, *Michigan's* internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the County of Saginaw, *Michigan's* internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the County of Saginaw, Michigan's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the County of Saginaw, Michigan's financial statements that is more than inconsequential will not be prevented or detected by the County of Saginaw, Michigan's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the *County of Saginaw, Michigan's* internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as identified above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the *County of Saginaw, Michigan's* financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statements amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted other matters involving the internal control over financial reporting that we have reported to management of *County of Saginaw*, *Michigan* in a separate letter dated March 31, 2008.

This report is intended solely for the information and use of the audit committee, others within the organization, Board of Commissioners, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR PROGRAM AND INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

March 31, 2008

Board of Commissioners County of Saginaw Saginaw, Michigan

Compliance

We have audited the compliance of the *County of Saginaw*, *Michigan* with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* that are applicable to each of its major federal programs for the year ended September 30, 2007. The *County of Saginaw*, *Michigan's* major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of the *County of Saginaw*, *Michigan's* management. Our responsibility is to express an opinion on the *County of Saginaw*, *Michigan's* compliance based on our audit.

The *County of Saginaw, Michigan's* financial statements include the operations of the Road Commission component unit, which received \$3,397,653 in federal awards which is not included in the Schedule of Federal Awards for the year ended September 30, 2007. Our audit, described below, did not include the operations of the Road Commission Component Unit because the component unit engaged other auditors to perform an audit in accordance with OMB Circular A-133.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the *County of Saginaw, Michigan's* compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the *County of Saginaw, Michigan's* compliance with those requirements.

In our opinion, the *County of Saginaw*, *Michigan* complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended September 30, 2007.

Internal Control Over Compliance

The management of the *County of Saginaw*, *Michigan* is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the *County of Saginaw*, *Michigan's* internal control over compliance with the requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A *control deficiency* in an entity's internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect noncompliance with a type of compliance requirement of a federal program on a timely basis. A *significant deficiency* is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to administer a federal program such that there is more than a remote likelihood that noncompliance with a type of compliance requirement of a federal program that is more than inconsequential will not be prevented or detected by the County's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected by the County's internal control.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of the audit committee, others within the organization, Board of Commissioners, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.
