This will allow for improved case flow management, coordination of efforts, enhanced service to the participant, and increased adherence to the respective Problem Solving Court model. Reassignment will be as follows:

1. The Judge, Clerk, or Caseworker for a Problem Solving Court will consult with the originating Judge and will then notify the Court Administrator's office of a transfer request. The Court Administrator's office will then coordinate with the originating Court and respective Administrator to assure a streamlined transfer of the case to the applicable Problem Solving Court docket.
